The Twanging Pains of Rheumatism

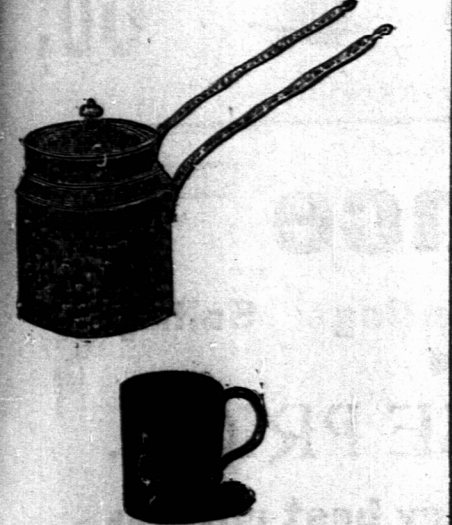

Are Caused by Uric Acid Being Left in the Blood by Diseased Kidneys

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active they remove the uric acid. That is their special work.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right.

Dr. Chase's Kidney-Liver Pills positively cure backache, lumbago, rheumatism and all disorders of the kidneys and liver.

Maritime Technical College.

A Bill was introduced in the Nova Scotia House of Assembly the other day by Premier Murray, to enable the Government of Nova Scotia to take joint action with the Governments of New Brunswick and P. E. Island, in respect to the establishment of a Maritime Technical College to teach agriculture, horticulture, mining and manual training.

The following is the text of the Resolution passed by the New Brunswick Legislature, in regard to this proposed school:

"Resolved, 1st.—That it is expedient that the Province of New Brunswick should unite with the Province of Nova Scotia and Prince Edward Island in providing educational facilities in the Maritime Provinces, for furnishing a technical training, to prepare the youth of our country for agricultural, mining, horticulture and such other industrial pursuits as may from time to time be deemed desirable, and that such technical institution, when established, shall include in the first instances departments of agriculture, horticulture, mining and manual or mechanical training.

THE MACRUM EPISODE.

E. G. Siggers Canadian Letter.

WASHINGTON, March 30, 1900.—The Committee on Military Affairs of the House of Representatives, is holding an investigation into the charges brought against the State Department by Ex-Consul Macrum of Pretoria, who alleged that his official mail had been opened by the British censor, that there was an "alliance" between Great Britain and the United States, and that cablegrams asking the United States to intervene before the beginning of the Boer war, had been contemptuously ignored by the President and Secretary of State.

The High Commissioner to South Africa has, it is said, disavowed the act, stating that it had occurred by accident. It was at first stated in the newspapers that Lord Salisbury had apologized for the opening of the mail, but this fact has been denied.

Mr. Macrum admits that he has never yet officially reported the opening of his mail to the State Department, but "prefers not to tell" his reasons for neglecting to do so. His "alliance" story he admits to be founded on mere rumor and gossip.

All stories of gold at Cape Nome, Alaska, according to a letter sent to the Secretary of the Interior by Mr. James A. Grout, a returned miner, are songs of the siren in-

tend to lure the unwary northward via Seattle, Wash. The writer asks the Secretary to believe and to advertise this assertion that no gold at all is to be found at the Cape and that 3,000 men now there have staked out all the available claims in a circuit of 50 miles extent.

NERVOUSNESS

The Disease of this Fast Age which Destroys Beauty, Health and Happiness.

Nothing so hastens old age as nervousness. Beauty fades, wrinkles and care lines disfigure the once beautiful face, the sunny temper becomes soured and irritable; nights of sleeplessness are followed by days of worry and fatigue.

As a restorative for nervous men, women and children, Dr. Chase's Nerve Food is unrivalled and unapproached. It is a new wonder of medical science which builds up and revitalizes the nerves and puts new life and energy into every movement of the body.
