

International Olympic Committee Plans '48 Meet

LONDON, Aug. 20 — (CP) — Overriding criticism and protest, the International Olympic Committee has begun to make plans for holding the next Olympic Games, probably in London, in 1948. The site may be chosen this week at a meeting of the committee's executive board.

Sir Eric Easton of Stockholm, acting president of the I. O. C., today labelled the opposition that has been raised both here and in the United States over the proposed resumption of the greatest of international sports events as "mosty nonsense."

"The Olympic Games have played a great part in the physical education of the peoples of the world and have helped them through better all the hardships of war," Mr. Easton said.

The critics have based their objections mainly on the "disturbances" which took place in various meetings in Stockholm, Paris, Los Angeles and Berlin, he said.

Mr. Easton declined to predict where the 1948 games are likely to be held, but London is bidding strongly for them. New York and Oslo also have been mentioned as possible host cities.

If staged in London, the most likely site is the huge Wembley stadium, five miles northwest of the heart of the city. It escaped the war virtually undamaged. The Olympic Games have been held in London only once, in 1906.

Avery Brundage, chairman of the American Olympic Committee and has helped them through better all the hardships of war," Mr. Easton said.

Boston Rookie Burkhart Wins His 14th Victory

(By The Associated Press) — In Boston, rookie Ken Burkhart, pitched his 14th victory and his first in two starts against Boston Braves by hurling a seven-inning shutout against the Cardinals in a 2-0 contest.

The rookie pitcher kept the Braves under control until they filled the bases with two out in the ninth. Burkhart then made pinch hitter Steve Hofferth his fourth sacrifice victim.

Burkhart's defense fell apart as the Dodgers committed seven errors and bowed to Pittsburgh 11-1, permitting Philadelphia to coast home with its 10th triumph.

Only Brock tally was Tom Brown's first major league homer in the seventh inning. Pirates had round trippers by Babe Dahlgren and Pete Coscarart in their 12th inning.

In Philadelphia Jimmy Fox, the pitcher, resumed his old role as Jimmy Fox, the slugger, and slammed a ninth-inning single to score Dick Mahey and defeat Cincinnati Reds 4-3 for Philadelphia Phillies.

Fox also connected for his fifth home run of the year in the eighth to give Charley Schanz his second victory and the Phils their fourth triumph in a row.

Weekly Tourney At Horseshoe Club

Another weekly prize tournament is scheduled for tomorrow night at the Horseshoe Club. Good crowds have been attending these events and some keen competition is witnessed.

Special prizes are offered to winners, with one award being donated by Mr. F. W. Chapman, Jr. to the best ringer and highest number of points in individual games.

Special competition includes an obstacle contest; a ringer contest with night shoes; a left hand pitching contest; and a blackout contest.

Aces Whip Tigers 13-11 In Opener

After being on the losing end most of the season, the Aces of C. League last night came back strongly to whip the Tigers 13-11 in the first game of the semi-finals. Scoring eight runs in the first, they never relinquished Aces' advantage of the first innings of their opponents to come through with their upset victory.

Umpires: At the plate, George Louie; on the bases, Bill Lawrence.

Next game of the best-of-three semi-finals is scheduled for Wednesday night at 8:30. Players are asked to please note time of starting.

In addition to the semi-finals now in progress there will also be a practice.

Newhouser Wins 20th Game This Year

(By The Associated Press) — Hal Newhouser, slender Detroit outpunch pitcher, yesterday became the first pitcher to win 20 games in a season since 1941. He won his 20th game in a 4-1 triumph in the nightcap to sweep an American League doubleheader.

The Tiser pitcher, who won 20 games and lost nine last season, posted his 1945 record to 20-7 and fanned seven men in his 16th strikeout of the season.

Meeting Of Horsemen

A meeting of horsemen will be held tonight at 8:30. Players are asked to please note time of starting.

In addition to the semi-finals now in progress there will also be a practice.

Remember When

Only Winn, one of the United States' leading automobile drivers died at Springfield, Ill., seven years ago when his car blew a tire and overturned in a 100-mile race at the Illinois State Fair. Winn, at 31, had competed in seven 500-mile races on the famed Indianapolis Speedway and came nearest to victory when he finished sixth in 1935.

Sport Briefs

PHILADELPHIA, Aug. 20 — (AP) — First baseman Vance Dickert, Philadelphia Phillies star freshman who led the club in batting all season suffered a broken collar bone in a collision with second baseman Woody Williams of Cincinnati Reds during the first inning of today's game.

ST. PETERSBURG, Fla., Aug. 20 — (AP) — The St. Petersburg Times said today that Joe DiMaggio, center-fielder of New York Yankees, will get his discharge from the army within a week or 10 days.

CLEVELAND, Aug. 20 — (AP) — The wizards of odds today installed Jimmy Bivins, Cleveland's home-own heavyweight, as a 2-1 favorite to defeat Archie Moore of California New York and several other spots in their 10-rounder at the Lakewood Stadium Wednesday night.

The tussle is being billed as "for the duration heavyweight championship" and the season Bivins is tagged as the popular choice is his unbeaten string over the last three years.

Play Continues In Tennis Tournament

Play continued in the Charlotte-Town Tennis Club annual tournament yesterday with two matches being played and one taken by default.

In the mixed doubles Mory Dew and Betty Large defeated R. Masse and B. Forsythe 6-0, 6-2. Frank Hansen and Isabelle Sinclair played to a 6-6 draw in the third set with Johnny Squarebriggs and J. Forsythe, the match being called then on account of darkness. This match will be replayed Wednesday.

In ladies' singles competition Joyce Cantwell won by default from Eleanor Bourke.

TODAY'S SCHEDULE

Ladies' Single
4:30—Betty Large vs. Joyce Cantwell (semi-final)
8:15—Mixed Doubles
W. Cullen and E. Campbell vs. D. West and G. West.
M. Dew and B. Large vs. I. Cudmore and H. Tidmarsh.
(If time permits, winners of the above mixed doubles will play-off.)
J. Dauncey and J. Macdonald vs. B. Moreside and B. Bourke.
(This is a first round match and must be played today.)

Early Professional Hockey Star Dies

TORONTO, Aug. 20 — (CP) — Jack Marks, one of the great stars of early years of professional hockey, died at his home here yesterday after an illness of more than a year.

Baseball Tonight

All Stars Vs Navy

The Queen Charlotte Navy baseball team, fresh from their victory over Summerside R. C. A. F. last Sunday, takes on the Charlottetown All Stars nine tonight at the Park diamond. The gamblers in the three previous meetings of these two teams, the All Stars won two and the Navy won the other all three by very close affairs. Tonight's encounter has no pregame favorite.

WONDER METAL

(Continued from Page 1)

of uranium 235. Plutonium makes better bombs and can be separated from uranium more easily than it is raised by 100-fold the world's supply of atomic power resources.

Without Human Touch

All the processes of transmutation are done without human touch, and men don't even get close to the particles that are dangerous. The processes are automatic.

At Hanford, each pile is separated by several miles. No one is sure at first whether a pile might explode, although now they appear safe. Separated from each pile by several miles is a man-made canyon; a chain of vats sunk into the ground and shielded by huge concrete walls. Water carries the hot uranium from the piles into the canyon vats to cool. (Water is also a good shield against the rays.)

Each slug of uranium contains a small percentage of plutonium. How much is secret, but the official description in a preliminary estimate gave the figure of about two pounds of plutonium to a ton of uranium. The vats separate this plutonium from the uranium, which is sent back to the ovens to make more plutonium.

Around the piles and canyons are "hot rooms," which are not hot at all. The name means that the heat of the rays may pierce the hot room walls despite shielding. Too many of these rays would make desks radioactive, cause human hair and clothing to emit rays, and even the air itself would begin emitting out rays. At this time this was proved in laboratory tests.

This radioactivity is caused by neutrons, the particles from the cores of atoms which start and keep the atomic fires burning. Neutrons destroy man's white blood cells, and the rays are used to safeguard the workers, by blocking white blood counts.

Montreal Royals Defeat Toronto 4-1

(By The Canadian Press) — Montreal Royals took the concluding game of the International League three-game series from the Toronto Leafs by beating them 4-1 last night.

The Leafs outhit the Royals 11 to 10, but Ray Hathaway was tough with men on and had fine control. He didn't pass a man and forced the Leafs to hit into four double plays, which kept him out of trouble.

Up To 140,000 Prisoners Held By Japanese

(By JAMES HUTCHESON MANILA, Aug. 19) — In prisoner of war and internment camps scattered from Manchuria to Singapore, the Japanese are holding as many as 140,000 Allied nationals as they await liberation after completion of Japanese surrender negotiations.

A summary of the prisoner of war and internment situation released here Saturday said that of 200,000 Allied nationals confined, probably 50,000 are in camps or on torpedoed ships. Most of these fatalities involved prisoners of war. Approximately 10,000 mostly civilians, have been repatriated or liberated.

Nearly 100,000 prisoners and internees are Britons, Australians and Canadians, more than 33,000 Americans and the remainder: Dutch.

A British Foreign Office communication quoted the Swiss Charge d'Affaires as saying 6,800 Allied nationals include 475 Canadians—were liberated by the Japanese in the Shanghai District Aug. 15. He said they are producing shells and Shanghai had advised the liberated persons to remain temporarily in camps because of transportation and "internal difficulties."

SCHOLARSHIPS

The C. W. L. is offering a limited number of scholarships to Catholic young ladies who have completed High School and who wish to continue their studies at St. Dunstan's College.

Applications, accompanied by a record of work done, must be in the hands of Miss Hilda Gillis, 2 Hillside Apts., Charlottetown, not later than August 24th.

Thyssen Awaiting Trial For Crimes

(By GEORGE TUCKER) — FRANKFURT ON MAIN, Aug. 19 — (AP) — Fritz Thyssen, the German industrialist who helped finance Adolf Hitler's climb to power, is living under British guard in a castle near Frankfurt pending disposition of his case by the United Nations War Crimes Commission.

With him are approximately 75 other survivors of the Nazi industrial and fiscal regime. All the men were picked up by Allied troops in the Italian Tyrol near the Swiss border early this summer, and later released. She is living near Munich, Thyssen, who claims to be a man without a nationality, was transferred to the jurisdiction of Supreme Allied Headquarters in June.

Thyssen, dressed in a shirt much too large and a ragged coat, displays little interest in Allied attempts to fill in the gaps in his career.

The records show peculiar developments in Thyssen's career beginning with a telegram he sent to Hermann Goering Aug. 31, 1939, protesting the war. At that time he crossed from Austria into Switzerland with his wife, daughter, son-in-law and grandson.

Subsequently his daughter, with her husband and child, made her way to Argentina on funds supplied by a personal holding trust which Thyssen had established in the

Bill Murley Wins Senior A Horseshoe Cup

Bill Murley last night won the P.J. MacDonald trophy in the Senior A competition at the Brighton Horseshoe Club. Murley had 18 points, while George Francis had 16 and A. Jeffrey 14.

Len Phillips, fourth member of the Senior A group won a cup donated by William Michael for the most ringers, with 23. Jeffrey was a close second with 23.

In the Senior B group Ambrose Doyle won a cup donated by William MacDonald. Others in the competition were runner-up Neil Whitlock, Jim Connolly and Lou Yorston.

The Senior C group competition was held up last night by the non-appearance of players. It is scheduled to go on Wednesday. Those taking part are Andy Martin, J. McCour, Wilfred Evans, Chris Gallant, Rev. MacLellan, Ronnie MacDougall and Ernie Robins.

In the Intermediate A group Rennie Larzer won a trophy from Johnny Burke, last year's winner of the cup. Larzer won in two straight games.
