This is an electric light bulb it would not fit in your floor lamp. Its size—it is 14 feet high—makes it impossible for such purposes, and it is also a trifle heavy. It is made of 6,000 pounds of glass, and a steel skeleton of the same weight is included in the ensemble. The bulb is to surmount the \$10,000 memorial to Thomas A. Edison at Menlo Park, N. J.

Are you Run Down, Nervous, suffer Aching or Swollen Joints? Do you Get Up Nights, or feel Burning Pains in Back, Headache, Loss of Appetite and Energy? If so, the true cause often may be germs developed in the body during colds, or by lack of rest or too much exertion. Libel Action Will Be Heard Monday

(By The Associated Press)

LONDON, Nov. 19—The Duke of Windsor's libel action against William Heinemann, Ltd., publishers, and Geoffrey Dennis, author of "Coronation Commentary" which was withdrawn from sale in England, is scheduled to come up before Lord Chief Justice Hewart on Monday "for mention."

Whether a settlement outside court has been reached was not disclosed.

SPREAD A LITTLE HAPPINESS

Happiness is a very infectious thing. If you are happy, people around you will be happy too, principally because happiness is catching, and therefore it is easy to spread a little happiness—and you do not need money to do so either. A quick glance of understanding, a sympathetic smile, a little unexpected compliment, a courtesy, or an offer of assistance—these are the kind of things which spread happiness.

We all know that a good Scout does his one good deed a day, and I see no reason why we should not all make a rule to say something kind to someone every day, for I feel sure that once the habit was formed, it would soon catch on. Most of us have at least one of those unfortunate acquaintances who makes a practice of always saying things calculated to make others feel small, futile, and generally upset, so much so, very often,

MAKING THEIR DREAMS COME TRUE

INTO the lives of thousands of Canadian women has come a new happiness—a new sense of security—through their wise investment in Life Insurance.

These modern, self-supporting young women have adopted the Life Insurance plan of making their dreams come true. By setting aside small amounts now, they can look forward to the time when they can say "au revoir" to their daily routine and enjoy life to the full.

Their Life Insurance will free them from money worries today and tomorrow—providing a cash reserve in times of emergency—and, later on, a guaranteed monthly income as long as they live.

To women, as well as to men, Life Insurance ensures financial security through little savings. That is why women are now buying, on an average, one out of every five Life Insurance policies sold in Canada.
