CHARLOTTETOWN, CANADA FRIDAY, OCTOBER 6, 1922

By Mail, Canada, \$3.00 U. S. A. \$4.50
Annual Subscription, Delivered \$5.00

To-morrow is Last Day Of 100,000 Vote Offer-- Help Favorite Now

The 100,000 extra vote offer on \$15 clubs of subscriptions is almost over. Tomorrow is the last day. The Campaign office will remain open till 11 o'clock tomorrow night.

This great offer positively ends tomorrow night and will not be repeated. A word to the wise is sufficient.

Make every minute count today and tomorrow, candidates. Don't let anything cause you to lose out on this great vote offer. Don't overlook one single opportunity to secure subscriptions and votes to day.

Make up as many \$15 clubs as possible. There is no limit to the number of clubs you can make up. Every \$15 in subscriptions earns 100,000 extra votes.

Interest is increasing daily in the big competitions. The \$1595 Studebaker Light Six is the great award the candidates are most anxious to secure. Help your favorite now, Mr. Reader.

This is a busy day for the candidates. Don't fail, Mr. Reader, to help your favorite before 11 o'clock tomorrow night.

The vote standing of the candidates will appear in Monday morning's issue of the Guardian. Splendid work is being accomplished by many of the candidates and everyone is striving right now to make up as many clubs as possible this week.

The race for the prize honors at present, gives promise of being close and exciting. Help your candidate NOW. The great \$15 club offer with 100,000 Extra votes positively ends Saturday night and will not be repeated. At no other time during the campaign will an opportunity be presented to secure so many votes as right NOW.

Candidates living outside the City of Charlottetown will have the usual mailing privilege. All subscription orders and coupons must be mailed by 10 a. m. Monday in order to count under the great extra club vote offer.

Send the coupons—Give your subscriptions now—Boost for your favorite.

BOOST, BOOST, BOOST.

Montreal Man Missing Along With Sum of \$6,000

MONTREAL, Oct. 5.—Patrick Maguire, an employe of the F. P. Weaver Coal Company and a well known longshore man, is missing as is also the sum of \$6,000 which he is alleged to have withdrawn from the Sterling Bank last Saturday morning. The general belief is that Maguire has met with foul play. The \$6,000 represented the amount of the weekly payroll of the coal company. Nothing has been seen or heard of Maguire since he left the bank.

Local Industry is Highly Praised By Milling Expert

The following letter received recently from Mr. Geo. S. Robson, manager of the Charlottetown Milling Company, speaks for itself. Mr. E. R. McDonald, the writer, is now sales manager for the Pollard Manufacturing Company, Winnipeg, and was during the war Chief Administrator on the food board. His reputation as an expert authority on flour and flour milling is recognized through out Canada.

The letter follows:—
September 21, 1922
Mr. Geo. S. Robson,
Care of Charlottetown Milling Company, Ltd.,
Charlottetown, P. E. I.

My trip to the West extended over a very much longer period than I anticipated, therefore, my delay in answering your very welcome letter and passing judgment on the sample of "Gold Bond" hard wheat flour.

I have examined the sample of wheat from which this flour was made and it would grade standard No. 1 Northern and I must congratulate you upon the splendid milling results as shown by this sample of flour, this flour will rank with the very highest grade products from the largest mills and I am sure will give entire satisfaction under the most exacting conditions from the very best class of trade.

It would seem to me that with this Season's splendid crop just coming on the market, with a higher quality of wheat to mill, your year should make a superb hard wheat flour (our there, and the Charlottetown Mills products should win their way into enough homes to assure the continued operation and success of the institution. I shall be glad to have further samples when you are on the new crop and will compare them and report to you my judgment, based on the quality of the best mills here in the West.

Yours truly,
E. R. McDONALD.

No addition to the Gold Bond flour referred to so highly in Mr. McDonald's letter, the Charlottetown Milling Company also manufactures a "Golden City" brand and Azby Pastry flour, the quality of which was demonstrated so satisfactorily at the recent provincial exhibition by Miss Hattie Harper, assistant supervisor of the Women's Institutes. These different brands of flour are on sale at all local grocery stores.

Mudania Conference Reaches Conclusions

Dual Control of Constantinople Pending Peace Conference Which Takes Place on October 20th. Greece Likely to Oppose Turkish Occupation of Thrace. Turks Make Suspicious Move.

CONSTANTINOPLE, Oct. 5.—Mustapha Kemal today proposed to the Allies that a peace conference be held at Smyrna October 20, with Soviet Russia participating.

Venizelos has in mind the occupation of Thrace by Allied forces along similar lines to the occupation of the Rhine.

It is his idea that an Allied commission should supervise the evacuation of the disputed territory by the Greeks, but that a mere commission would not be sufficient to restrain the Turks from annihilating Greeks and Armenian Christians remaining there.

Venizelos frankly conceded that the Greeks must ultimately abandon Thrace and the former Premier declared he had informed the new Greek Government that he would accept his present mission before other governments only on condition that a ultimate withdrawal from Thrace was agreed to.

VENIZELIS WANTS ALLIED OCCUPATION OF THRACE.

LONDON, Oct. 5.—Former Premier Venizelos of Greece on Wednesday said that Greek evacuation of Thrace is inevitable, but that Allied troops at hand when the Greek forces are withdrawn, on the ground that the Turks may be expected to slaughter Greeks and Armenian civilians.

The former Premier made his plea for Allied occupation of Thrace to Lord Curzon Wednesday.

Developing Salt Mines in Alberta

(Special to The Guardian.)
EDMONTON, Alta., Oct. 5.—Alberta's Farmer Government has decided to develop a salt mine. Premier Greenfield has issued instructions for boring operations to be started immediately in the extensive salt beds at waterways near Fort McMurray. Tests conducted in previous years at McMurray proved the existence of salt deposits there, and the field is believed to extend to Waterways.

The provincial government's idea is to develop big salt workings within easy reach of the government owned railway there and G.W. whose terminus is at Waterways.

French Press Says Greek Revolution Was Entirely Sham

ATHENS, Oct. 5.—The Revolutionary committee still continues all powerful and there are daily evidences of stern martial law. Armed patrols slowly marching through the streets. Mr. Politis has telegraphed from Paris refusing the portfolio of the foreign minister but consenting to help the government abroad. Mr. Diomedes, another prominent Venizelist, however, has accepted the ministry of finance.

The British, Belgian, Italian and diplomatic representatives have signed the visitors' book at the Royal Palace and the Greeks interpret this as the forerunner of actual recognition of George II, and the new regime. The Entente countries and the United States did not recognize King Constantine.

The former premiers now under arrest are being removed to an island near Piræus, where they will be released on parole under military supervision.

The newspapers declare Italy was none too pleased by the recent events here as she is against Venizelos because of his expansion to Italian territorial possessions in the Aegean Sea.

Reports are reported on the island of Rhodes, which is now under Italian authorities against the Grecian population.

The Athenian newspapers condemn the reported utterances of the French press to the effect that the recent revolution was merely staged to impress the powers. They are especially aroused over the reported statement that proof of the sham character of the revolution can be found in the fact that neither Constantine or the former premiers have been punished.

The Greek press declares the former ministers were only spared summary punishment by the humanitarian intervention of the French and British and other diplomatic representatives here.

It is reiterated here also that Constantine was deposed because the people objected to his principles.

Smugglers Of Silk Reported Active

TORONTO, Oct. 5.—Hundreds of thousands of dollars worth of silks are being smuggled annually into Canada; this is the opinion of an official of the Canadian Manufacturers' Association.

Silk smuggling has reached so large a scale that many Toronto firms have been driven almost to the wall by the opposition from firms who obtain their silks illegally.

The bulk of the new traffic is the result of run-running to the United States. The highly skilled organizations of the whiskey smugglers has been utilized to bring back into Canada return cargo of silks and textiles.

Toronto and Montreal are the two Canadian headquarters of this super-smuggling organization, which is driving almost to ruin many of the legitimate importers in Canada. It is stated that in one United States city there is a regular depot for silks and textiles which are to be smuggled to Canada.

The Customs Department in Toronto has been trying to follow up quantities of silks brought into Toronto and have made many seizures of goods of which the customs has no returns.

The manufacturers have been driven by this competition to organize their own protection. The officers of the Canadian Manufacturers' Association are well aware of the extent of silk smuggling, and the gravity of the situation, but at present are not giving any information as to what steps they are taking to combat it.

Run Over By Motor Bus And Killed

DARTMOUTH, N. S., Oct. 5.—Stephen Myatt, 18, Portland St. died here this evening from his injuries fifteen minutes after he was run over by a motor bus. He had stepped from an auto truck in front of the bus and the motor, carrying more than a score of people, passed over his body.

Shot and Robbed By Bandits at Bienfait, Sask.

(Special to The Guardian.)
REGINA, Oct. 5.—Paul Matoff, an employe of a Regina liquor company was shot and killed and his body was robbed of \$6,000 by a band of desperadoes, supposedly from across the international boundary, in the railway station at Bienfait, Sask., early this morning.

The bandits escaped in a powerful car pursued by a small police car carrying three provincial police. Matoff was in the station for the purpose, it is stated, of endeavoring to release a shipment of flour supposed to be destined for the United States side of the boundary. In his pockets was \$6,000 said to be payment in advance for the liquor. A motor car drove up in front of the station, one shot was fired through the window and Matoff dropped dead. Two of the party entered the station and robbed the body.

A few minutes later a provincial police night patrol driving with six men approaching at a furious pace and ordered the driver to stop. The command was unheeded and the bandits passed the officers at sixty miles an hour. Shots were exchanged without effect. The bandits were able to leave the police far behind them at a distance of thirty miles or so east of Bienfait they had time to stop and cut the telephone and telegraph wires and delay the sending out of a general alarm.

Measure to Regulate Price of Coal

(Special to The Guardian.)
MONTREAL, Oct. 5.—The fuel controllers of the province will have the power to regulate the price of coal in this province, the same as have the fuel controllers on Ontario and other provinces.

This was the announcement made this morning by Premier Taschereau at the government offices, when he declared that immediately after the session of the Legislature opens, the government will introduce a measure giving to the fuel controllers the necessary powers.

Disposition of Estate Of Late R. B. Angus

(Special to The Guardian.)
MONTREAL, Oct. 5.—The will of the late R. B. Angus leaves all his possessions in trust to his children with the exception of \$10,000 which is to be divided among the servants as the executors, his two sons, Donald Forbes Angus and William Forest Angus and his son-in-law, Robert Macdonald Patterson, see fit.

His house and property at 240 Drummond Street is bequeathed to his son Donald Forbes, while his home at Senneville is left to his other son. His piano he bequeathed to his daughter, Maud Mary Angus, wife of Dr. Walter Whipple, and Margaret Forest Angus, his daughters. His wife, Mrs. Angus, and Margaret Forest Angus, if acceptable to them, the remainder of his estate properties real and personal is to be divided among his children.

Monument Commission Leave for Europe

(Special to The Guardian.)
OTTAWA, Oct. 5.—Hon. Rodolphe Lemieux, speaker of the House of Commons, and Col. H. C. Osborne of the National Battlefields Memorial Commission are leaving on Friday for England and France as delegates for the Canadian Memorial Commission. They will meet the Imperial War Graves Commission and French authorities in regard to monuments to be erected to Canadians on the battlefields.

They are to get away from the stricken district.

NORTH BAY, Oct. 5.—The fears that upwards of fifty lives have been lost in the fire which is sweeping Northern Ontario, is expressed in the latest reports from the affected area this morning.

Soon after midnight George W. Lee, chairman of the Temiskaming and Northern Ontario Railway issued the following statement concerning the fire now raging in the north country:

Over five thousand people have been rendered homeless. The loss of life is considerable and is mounting. Further than that we are unprepared to say. The towns of Halleyburg 3,500; North Cobalt, 1,500; Charlton, 500; and Heaslip 350, are totally destroyed and the town of Englehart has been partially destroyed. That part of New Liskeard west of the T. & N. O. tracks has been totally destroyed.

The situation at Cobalt is clear. There is a small fire burning one mile away with a mild southwest wind blowing. Everything seems safe for the night.

Three trains with twenty-four cars containing 1,400 refugees have left Cobalt for North Bay. Other trains are being prepared as rapidly as possible. The property loss will obviously run into millions of dollars. The fire is still burning briskly, fanned by a subsiding wind.

There is no prospect of rain and the fire will be burn itself out. The T. & N. O. tracks fronting the stations at Halleyburg, North Cobalt, and Heaslip were destroyed, the ties burned and the rails warped. It is impossible to maintain traffic.

This is the hardest blow the north country has ever received.

Major General Sir Henry Thornton New Head C.N.R.

General Manager of the Great Eastern Railway of England Appointed at a Salary of \$50,000 Per Annum.

(Special to The Guardian.)
OTTAWA, Oct. 5.—Major-General Sir Henry Thornton, K.B.E., general manager of the Great Eastern Railway of England, is the new head of the Canadian National Railways. An order-in-council appointing him and the other members of the Board and formally creating the Canadian Northern and Grand Trunk lines into the Canadian National Railway system passed cabinet council today and was approved by the acting Governor-General this evening.

The resignations of the existing board of directors of the Grand Trunk system were accepted by the government today and the new board was appointed to administer the joint system. The board consists of the following in addition to Sir Henry, who is president of the system and chairman of the board of management:

John H. Sinclair, K.C., New Glasgow, former member of parliament for Antigonish.

Richard P. Gough, of the firm of Sellers-Gough, Toronto, and Montreal.

James Stewart, of Winnipeg, former chairman of the Canada Wheat Board and now general manager of the Maple Leaf Milling Company.

Ernest R. Decary, ex-president of the Montreal Civic Committee, Montreal.

Frederick G. Dawson, wholesale merchant of Prince Rupert, B.C.

Tom Moore, president of the Canadian Trades and Labor Congress, Ottawa, representing labor.

Graham A. Bell, Deputy Minister of Railways.

Gerald G. Ruel, general counsel.

The vice-presidents to charge of traffic and operation are to be appointed after the new general manager returns to Canada and has time to size up the situation.

The final steps in the appointment of the new Board were taken at this afternoon's meeting of the cabinet council. They contained some surprises, one in the fact that the man chosen as executive head of the system is one whose name has not been mentioned in any of the gossip which has been passed around for weeks past.

In announcing that the board had been appointed, the Prime Minister stated that the delay in making the appointments had been due to the inability to arrange for Sir Henry Thornton to come to Canada before now.

Empire Lodge K. of P. Away To Good Start For the Season

(Special to The Guardian.)
LONDON, Oct. 5.—Reuter's correspondent at Malta cables that His Majesty's aircraft carrier Arkroyal and the cruiser Cambrrian are expected there tomorrow on their way to Constantinople. The Arkroyal will be the third aircraft carrier in the Near East. As there are only three such vessels in commission, this indicates the prominent part the air force will play in the event of war between Great Britain and Turkey.

GOVERNOR STOPS HUNTING IN MAINE.

AUGUSTA, Me. Oct. 5.—Maine's hunting season, which opened Monday, came to an abrupt close today, when Governor Percival Baxter issued a proclamation suspending the open season for hunting and prohibiting the carrying of firearms in the woods. This action was taken because of a serious outbreak of forest fires, and the ban on hunting will be lifted, it was announced, should heavy rains drench out the fires.

The Weather Temperature, Tide, Moon, Etc.

TORONTO, Oct. 6.—Moderate to fresh winds. Cooler and showers in some localities.

High tide this morning at 11.03 and tonight at 11.15.

Sun sets this afternoon at 5.30 and rises tomorrow morning at 6.05.

Last quarter moon Friday, Oct. 13th, 5.55 p.m.

Summerside tide 18 minutes later than Charlottetown.

Henry Clay's "Belfry" Really Full Of Bees

(Special to The Guardian.)
LEXINGTON, Ky., Oct. 5.—In the days when Henry Clay was called "The Great Pacificator" as well as "perpetual candidate for office," his political enemies accused him many times of "having bees in the belfry."

Today that became a reality, when it was discovered that the hollow stonewall of the Henry Clay statue over the tomb in the cemetery here where Clay is buried, is full of bees. There is no way in which the bees can be dislodged unless by the experienced in handling bees, and this may be done.

Sir Frederick W. Taylor At Bankers Convention

(Special to The Guardian.)
NEW YORK, Oct. 5.—Sir Frederick Williams Taylor, General Manager of the Bank of Montreal was introduced at the Bankers' convention this morning. Sir Frederick expressed his pleasure at being able to greet the delegates and commented on the long standing friendship and co-operation between Canadian and American Bankers. He expressed the opinion that while Congress might put an embargo on number one Manitoba wheat, it could not put an embargo on Canadian man-made goods. Many of those who had met occupied high positions in the banking system of the United States, were of Canadian birth. He was proud of this.
