—SUMMERSIDE LIGHTING PLANT—Slt.—Although a comparatively short time a resident of Summerside, I am interested in the questions now before the Town Council, as it may affect the taxes, and like a large majority I am not willing to have them raised even at the behest of the council. There has been a lot said in the Journal, but nothing in the Pioneer, which is, I take it, not in a position to say much. There are a few questions I would like to ask: First, why is the Light committee of the Council pressing the matter of a whole new plant? Could not an old engine for the auxiliary plant be used and go on as usual till business brightens a little? Or is there a chance of getting a new plant cheap? Will the meters have to be changed also? How much will it cost to put in a foundation in that strip of swamp where the pump station is? Also the cost of building machinery etc.? Will the council get the estimates and call

—TO LOAD COAL.—The agr. Victory, W. T., Capt. Allen is still in port at Montague, undergoing some minor repairs. She will sail shortly for a coal port.
—PRODUCE LADEN.—Schr. Edith, Capt. E. J. Walker arrived from Hartings with a load of coal discharged her cargo of coal at Lower Montague and proceeded to Sturgeon wharf and loaded potatoes and produce by W. A. Poole & Co., and cleared for Hawkesbury, N. S.—A.
—ILLNESS REGRETTED.—We regret very much to learn that Mr. William Webster of Montague has been confined to his bed for the past few days. Mr. Webster was in church as usual on Sunday last, and apparently feeling quite well, Sunday night he took ill and is since under the doctor's care. His recovery is greatly hoped for.
—ADDITIONAL PROPERTY.—Adding to his already extensive real estate holdings Mr. William P. Rice, Merchant Tailor of Montague, has just completed negotiations for the purchase of the property known as the Rice farm situated at Greenfield. This is one of the best farming propositions in this country, and when a suitable man can be had to do the work, which under Mr. Rice's supervision will be carried out on a systematic basis, it is an accormed place in the industry is as yet only in the beginning.—J.

—A NUMBER GUILTY.—There evidently is a tinge of unfairness in connection with the item which appeared in last week's Guardian, regarding the fast driving on our Montague Streets, when one of our citizens was almost singled out as the real offender. Such is not the case; the driver in question is no more to blame than any of the others, all are equally at fault. To lay the blame on the shoulders of any one individual would certainly not be in order.—J.
—BASEBALL.—A friendly game of baseball was played in Georgetown on Saturday June 21st, between the Murray River team and the Georgetown team. The score being 9 to 6 in favor of Georgetown. The King and Queen, the Murray River boys were treated to every courtesy in Georgetown and had a real good game. Although defeated they were in no way discouraged, and are looking forward to another game in the near future.
—POPULAR COUPLE.—The first couple to be married in this part so far this month appeared out in the Montague Presbyterian Church on Sunday last, affording many of their friends the opportunity of exchanging the usual greetings. We greatly hope that a little son Alfred, Jr., of New York, who later on that it will be our pleasure to see the bride back again in her summer with us. Mrs. DuMont was in the choir, formerly Miss Lizzie Wickham, and where her vocal efforts have always been greatly appreciated.—J.
