THE P. E. ISLAND TEMP. ALLIANCE

Interesting Report of Retiring President D. Schurman—Father Burke Chosen President—Resolutions and Suggestions for Enforcing the Prohibitory Law.

Joint meetings of the P. E. I. and of the Charlottetown Temperance Alliance were held in the Market Hall yesterday and last night. Delegates were present from all the Counties. It was thought well to merge the Charlottetown into a larger body embracing Queen's which in future shall be known as the Queen's Co. Temperance Alliance.

R. C. Goff, Charlottetown, is chairman. The new President in taking office created great enthusiasm by his account of the campaign in King's County, and desired to see the other Counties adopt the Prohibitory Law.

HOCKEY PLAYER SUED FOR DAMAGES

BELLEVILLE, Feb. 5.—S. A. Spangenberg, of this city, on behalf of his son, has instructed his solicitors, Messrs Porter and Carney to issue a writ for unstated damages against F. E. N. Boulter of Pictou, who is alleged to have broken the nose of young Lane Spangenberg, a Belleville hockey player, in a mix-up which occurred after a hockey match in Pictou. The case may be tried here at the March assizes.

TUBERCULOSIS AT NAPPAN FARM

AMHERST, N. S. Feb. 5.—Some months ago it was discovered that a number of cattle at the Experimental Farm, Nappan, were infected by tuberculosis. Acting under instructions issued by the Department of Agriculture, the cattle have since been strictly isolated, pending another test. Last week Dr. Hall, of Amherst, visited the farm and found that a number of the cattle on having the test applied, showed signs of reaction.

LADY GREY'S DEATH FROM AN ACCIDENT

LONDON, Feb. 5.—Lady Grey, wife of Sir Edward Grey, foreign minister, who sustained concussion of the brain by being thrown from her trap at Elingham, Northumberland, on Thursday, died today without having regained consciousness. The untimely death of Lady Grey has brought to the foreign minister many sincere messages of sympathy.

BOUGHT LIVE STOCK AT AMHERST SALE

AMHERST, N. S. Feb. 5.—The third auction sale of registered cattle under the auspices of the Maritime Stock Breeders Association, was held here today in the Winter Fair Building. The quality of the stock offered was superior to previous years, although the percentage of animals under the age of one year interfered somewhat with purchases by agricultural societies. The attendance at the sale was very representative. D. K. Holmes, of Parrsboro, was auctioneer. The prices ranged from \$23.00 to \$120.00. The prices realized for females were from \$39 to \$87 each. There were only one or two Ayrshires and Jerseys offered.

Hurrah! Hurrah!

This is the weather for Granby Rubbers of iron wear fame. Men's Duke plain toe \$1.00. Montclair tipped \$1.00. Senator, for extra wide boots, \$1.00. Dominion 85c. Ladies' Lena tipped 70c. Olive high front 75c. Dominion Croquet 55c. Misses' spring hill and high heel 30c and 55c. Boys' heel wide so upper won't cut at Rubberdown Headquarters

Goff Bros.

CHAMBERLAIN WILL NOT BE LEADER

LONDON, Feb. 5.—Chamberlain will not lead, says the Mail, the Unionist organ, very emphatically. It explains that like the other journals it received a mass of correspondence, but declined to publish it as it would only prove embarrassing both to Balfour and Chamberlain. With a positiveness which is seemingly inspired it adds that Chamberlain has formally announced that he is not a candidate for the leadership of the party. He gives no sign of departing from the mature, carefully considered decision, nor is such a departure to be expected in the future. Now that Balfour has been so bitterly attacked it is certain that Chamberlain will be less than ever inclined to deviate from the path of perfect loyalty which he laid out for himself and so unwaveringly followed.

THE SHUFFLE OF PORTFOLIOS

Brodeur and Templeman Sworn in, the Latter to Resign from Senate and Enter the Commons—No Truth in Report of Emmerson's Retirement.

OTTAWA, Feb. 6.—(Special)—This morning Hon. Mr. Brodeur was sworn in Minister of Marine and Fisheries, filling the vacancy made by Mr. Prefontaine's death. Hon. Wm. Templeman of British Columbia, was sworn in Minister of Inland Revenue, taking the portfolio Mr. Brodeur has administered for several years.

When the duties of the various portfolios are being considered there may be other slight rearrangements in the duties of ministers. These changes have not been decided upon yet. There is no foundation for the report that Mr. Emmerson is to be succeeded in the Railway Department by Mr. Fitzpatrick. Senator Templeman will resign his seat in the Upper House and will enter the House of Commons. A constituency will be opened for him by the appointment of George Riley, M. P. for Victoria to the Senate, taking the place made vacant by the resignation of Senator Templeman.

GAS JETS WERE ALL TURNED ON

BOSTON, Feb. 6.—(Special)—A woman named Mrs. Annie Dixon with her four children were found dead in their beds in Roxbury tonight. All the gas jets in the rooms were turned on and the woman was evidently responsible for the deed.

WATER COMPANY WANTS DAMAGES

MONTREAL, Feb. 6.—(Special)—The Montreal Water and Power Company has begun action against the Montreal Herald for fifty thousand dollars damages. During the progress of the recent municipal elections in Westmount the Herald alleged that the water supplied that municipality by the Company was responsible for the typhoid epidemic.

NINE NEGROES BURNED TO DEATH

BAITMORE, Feb. 6.—(Special)—This morning an isolated house near Curtis Bay was burned to the ground and in it nine negroes. Only one of the ten inmates escaped alive.

GOES LIBERAL BY ACCLAMATION

SHERBROOKE, Feb. 6.—(Special)—At the nomination for the Sherbrooke's bye-election this afternoon Dr. A. N. Worthington, Liberal, was re-elected by acclamation.

RECORD FOOTBALL GAME IN WINTER

TORONTO, Feb. 5.—Rugby enthusiasts atVarsity have established a record not only for college football, but for the province of Ontario, by playing a game on the campus against Trinity, which resulted in a victory for Varsity by a score of 5 to 0. The campus was covered with a mixture of snow and ice, but notwithstanding the fact the game was a fairly good exhibition of Rugby.

SHORT SHIFT FOR DUPES OR ROGUES

TORONTO, Feb. 5.—The Globe in further reference to the Prince Albert election frauds, says this morning: "If these offenders are officials under the Dominion government they should be given short shift by their superiors at Ottawa. If they are gullible, wise men are in asylums for the insane and better men are in the penitentiary. In any case, whether dupes or rogues, they are, by their own confession, unfit to hold office in any department of the government of Canada."

AMERICAN CLAIMS UPON VENEZUELA

WASHINGTON, D. C., Feb. 5.—Secretary of State Root has completed his reading of the report of Judge Calhoun, the special commissioner who was sent to Venezuela to investigate the claim of the New York and Bermudez Asphalt Company against Venezuela and other claims against that country. The secretary will instruct Mr. Russell, the American minister at Caracas, to renew his efforts to obtain a satisfactory settlement of the asphalt claim. This claim will be presented to the Venezuela government in a modified form as a result of the recommendations made by Judge Calhoun.

LIPTON RETICENT ABOUT NEXT RACE

LONDON, February 5.—Sir Thomas Lipton will not at present discuss his plans to challenge for the America Cup in 1907. Under the rules it is not necessary to challenge till next fall and until then he will not say what his proposals will be. It is understood, however, that Alfred Myne, of Glasgow, will design the challenger, and that the Dennys, of Dumbarton, will build her.

CHICAGO MARKETS. CHICAGO, February 6.—(Special)—Corn, Dec., 44 1/2; Corn, May, 44 1/2; Wheat, 85 1/2; Wheat, 84 1/2; Pork, May, \$14.70; Pork, Jan., \$14.72

HOCKEY GAME OF LAST NIGHT

The fifth game of the Prince Edward Island Hockey League was played last night. The game was not what might be called swift, but it was even. This game decided who was to have the trophy. The Vics put up a hard fight for it, but their lack of combination resulted in the visitors winning the reward. There was a large attendance of very enthusiastic lovers of the game. From Summerside there came a strong contingent of ninety-nine, and most of them were in the rink last night, greeting the gains of their team with roars of applause that shook the roof. The play was not by some considered to be so good an exhibition of hockey as that in the recent contest between the Vics and Abbies. James McMillan was referee, and his commendable efforts to keep the game free from objectionable play met with approving recognition. The game began at 8:30, with a rush by the Vics. The puck went quickly up and down but did not break any records just then. Bourassa, the mighty, of the Vics, made some good lifts, and kept the Summerside defence wide awake. Then McLeod of the Crystals got the puck and made a good run, putting the rubber well into the Vic territory. The Vics returned the compliment and tried to do one better but their plucky efforts to drive the puck into the Crystals' net were foiled by the splendid stopping of its defender. A delay of three minutes for a broken skate here occurred. Play was resumed, when F. Gaudet of the Vics made a gain. This was followed by good combination play for the Crystals. McNeill, the Crystal cover point, was given a seat on the side by the referee for tripping. Play was not marked by anything exciting during the following few minutes. Bourassa, for unnecessary checking was sent to the side to keep the seat warm. There was just a half minute of time to play to finish the first half, when F. Gaudet's skate broke. Baker of the Crystals went off in order to keep the balance. The half ended 0-0. The second half opened with vigorous play, and it looked as if the Vics had a chance to get a mark. But the work of Davy, the Crystal point was wonderful; he certainly played hard, and kept the puck away from the net. The Vics made some pretty hard shots for the goal at this point, but McLeod of the Crystals secured the rubber and took it down to the Vics end where Bourassa got it, and by pretty play went down the ice and shot for goal but was stopped by the goal keeper—a pretty stop. The play now became more exciting and McLean of the Vics was making good play. Then there was a delay of four minutes owing to an injury to McNeill's nose. Play resumed, by pretty combination work on the part of Baker and McLeod the Crystals got a goal. Four minutes remained and the puck was brought to centre where it underwent the accustomed lull and after a few minutes play F. Gaudet was sent off the ice for checking. He was followed after a very short interval by McLeod who was hurt. In the time remaining the Crystals fought with might and main and by good play succeeded in hitting in another goal making a score of 2 to 0 in their favor. The intermediate game was won by the Victorias by a score of two to one. The game was somewhat rough, but fairly interesting and the teams evenly matched. In the second half Gaudet, Blake, McKenzie, Deligan, McKinnon, were punished for rough play.

MANUFACTURERS WANT INCREASE

Of Duties and Strongly Urge their Demands Before the Tariff Commission at Ottawa—The Old Arguments Revamped to Show they Love the Farming Class.

OTTAWA, Feb. 6.—(Special)—The Tariff Commission had a busy session here today. Iron and steel men asked a continuation of the bounty and an increased duty on pig iron. Paint manufacturers wanted a specific duty on linseed oil. President Ballantyne on behalf of the Canadian Manufacturers' Association read a lengthy and important memorial. It argued that Canada's policy should be the development of home industries and of a home market for her products. Recognizing that agriculture is first in importance, the tariff should be one that will give to the farmer advantages equal to those enjoyed by any other producer and at the same time should encourage

manufacturing in order that an increased number of workmen would afford a wider market for farm products. The tariff against all foreign countries should be higher than at present and the United States should not receive any favor. The great combination and unlimited capital in that country make it a strong competitor for Canada. In Canada everything possible should be produced or manufactured and as much as possible sold. The surplus products and the raw material required from outside should be sold and purchased within the Empire. The agricultural implement men urge a general rearrangement of the tariff as it applies to their requirements.

ANNA GOULD WILL GET A DIVORCE

LONDON, Feb. 5.—The Paris correspondent of the Exchange Telegraph Co. says he has confirmed from reliable sources a story that the Countess De Castellane (who was Anna Gould, of New York) is securing a separation from her husband on the ground of infidelity.

ST. JOHN MAYORALTY FRINK VS. SEARS

St. John, Feb. 5.—The Citizens' League does not consider that it can put a full ticket in the field and has practically given the matter up. W. H. Throne says that he has no intention of running for mayor or any other office despite all rumors to the contrary. He had been asked to run but declined positively. The mayoralty contest will be between Ald. Frink and ex-Mayor Sears.

LAWSON MAY GET VOICE IN AFFAIRS

BOSTON, Feb. 5.—Thomas W. Lawson has gone to Chicago, armed with a large number of proxies made out to Mr. Lawson by policy holders of the Equitable, New York Life and Mutual Life Insurance Companies. It is Mr. Lawson's intention to deliver the proxies to a commission of governors of the middle west and west proper, who have assembled in Chicago to discuss insurance reforms.

JAPANESE DIDN'T MEAN TO OFFEND

LONDON, Feb. 5.—The Japanese embassy, which cabled the government at Tokio on the subject of the Oishi-Teruchi incident, received today the official version of the war minister's answer to M. Oishi. It is as follows: "I am aware of the article in the alliance agreement pointed out by M. Oishi, stipulating that the naval and military authorities of the two powers shall frankly and sincerely consult one another on the conditions and means for armed assistance to be rendered. The government, therefore will have to act upon this stipulation hereafter, but they have not yet entered into any discussion on the subject." Mr. Oishi is surprised at the British comments on the question. He authorizes the statement that he had not the slightest intention to give offence.

HORSE NOTES FROM VARIOUS SOURCES

The following clippings are from late American horse papers. The fastest trotting stallion of 1905 was Admiral Dewey (2:04), whose sire is Bingen (2:06). The fastest four-year-old filly of New England racing last season, were Owaissa (2:13) and Totara (2:14), both Bingen's. Achille (2:13) one of the best green trotters out in 1905, and that good judges predict a very fast mark for this year, is likewise a Bingen, as is also Lord Revelstoke (2:12), the champion three-year-old colt of 1904 and that was timed close to 2:10 that season in a race. That Bingen sires extreme speed and colt trotters, is proven by the records. A group of Bingen admirers were comparing notes the other afternoon at Blue Hill farm and all told there are 42 sons and daughters of the horse who has beaten 2:30. Henry Titer says Totara, 2:14, by Bingen, will be the Sadie Mac of 1906. Summing up the supreme achievements on the trotting turf, upto the end of 1905, we find Admiral Dewey by Bingen holds the stallion record of the year, trotting 2:04; Sweet Marie holds the year's record for mares, 2:04, and Wentworth holds the gelding record, 2:04. Nancy Hanks 2:04 was not only the champion trotter herself, but she produced Admiral Dewey 2:04, the fastest trotting stallion of 1905. Of all the trotting mares that have held the championship, Nancy is the only one that has come any where near producing a genuine champion. Commodore Ledyard is Admiral Dewey's first colt. Dr. Strickland of this city is the fortunate owner.

WITH MAORI CRY NEW YORK DEFEATED

NEW YORK, Feb. 5.—Referring to the exposition of Rugby football given by the famous team of New Zealanders at Washington park, Brooklyn, the Tribune says: The chief feature of the game, which required no scientific knowledge to be thoroughly appreciated and enjoyed, was the accurate and lightning passing of the New Zealand backs, who, coming down the field at top speed, like a pack of greyhounds on the scent, kept the ball in their possession until the goal line had been safely crossed and a 'try' scored. The spectacle must be witnessed to be appreciated.

JAMES HAZEN HYDE ENVIES LONGWORTH

BOSTON Feb. 5.—The statement is made that James Hazen Hyde watches the arrangements for the wedding at the White House with considerable interest for it is stated that he is envious of the lucky Longworth. Mr. Hyde's aspirations included, it is said, an ambassadorship to France and the daughter of President Roosevelt in marriage. His connection with the insurance business may account for his modesty in not asserting himself sooner.

Valentines (Valentine day Feby. 14th) We are showing a beautiful line of FANCY and LACE VALENTINES, by far the best and largest stock ever shown in this city, all prices from 2c each up as high as you care to go.
