**"JUST AS GOOD AS A McLAUGHLIN-BUICK"**

How often you hear this remark. There must be some good reason why a car salesman uses it. Why? Simply because the McLaughlin-Buick reputation is so high, so well known, from one end of the country to the other, that the cars have become the

**"STANDARD OF COMPARISON"**

The leaders, officers and members of the Taxis and C. G. I. T. groups are certainly to be highly commended on the exceptionally fine work which they have done. Reference was made by one of the ministers present, to two Sundays on which his church would have been closed had it not been for the members of these groups coming to his assistance and taking charge of the services. The speeches of the boys and girls who spoke to the different toasts were indeed a revelation to all of the possibilities lying dormant awaiting development during the ten year period.

At the close of the Toast List, Mr. Simpson was called upon to conduct a Fellowship Circle in which all joined hands and sang "Blest Be the Tie That Binds", with periods of silent prayer between each verse.

The Father and Son idea has become an annual affair in Bellefleur but the Girls' group was only organized last May and this is the first time that a Mother and Daughter banquet has been held. So successful was it, however, that these present enthusiastically expressed themselves as anxious that the method used on this occasion—of a combined Parent and Child Supper—should be adopted in future at these yearly social events.

contest, first, between the boys and girls, and afterwards between their mothers and dads. The contest consisted of chewing a piece of string with a chocolate in the center, the side securing the largest number of chocolates being declared the winners. In the first contest the girls failed to get the chocolates from the boys, but the married ladies seemed to have reached a greater proficiency, as they easily outdistanced their husbands.

Mrs. Harrison McFarlane the ment or of the Taxis Square presided over the gathering as Toastmaster and the following Toast List was very acceptably carried out.

**ROTHCHILD'S GOLDEN TOUCH**

The Austrian branch of the Rothschild family, was founded towards the end of the 18th century by Solomon, second son of Maier, Amschel, Solomon who was made a Baron soon after his settlement in Vienna was so fortunate in all his speculations that he was said to have "the golden touch." The Jewesses of Vienna firmly believed that anything upon which he laid a finger became lucky. On one occasion a widow brought to him three lottery tickets in which she had invested her daughter's dowry and begged that he would use his "golden touch" to insure their winning a prize. He did as she requested and by a curious coincidence the lottery tickets won.

**VANCOUVER WINS FROM SENATORS IN SECOND GAME**

VANCOUVER, B. C., March 20.—Vancouver's luck changed here tonight and they easily defeated the Ottawa Senators in the second game of the Stanley Cup elimination series 4 to 1. The westerners scored three goals in the first period and one in the second. George Boucher registered the Senators' single tally shortly after the third period opened. The game was fast and fairly clean. The Senators fought hard all the way and the fast that Benedict, Ottawa goal-keeper, was let by the buck in an early moment of the game necessitating his retirement for ten minutes, may have had something to do with the western advantage in goals scored.

**SEEDING NEXT WEEK IN SASKATCHEWAN.**

SASKATOON, April 16.—Estimates that seeding in this district would not commence before the end of April were upset by Cory municipality officials today, who declared farmers would go on the land at the end of next week. A few more warm days like Sunday and today would clear the land of snow and hasten seeding operations, they said.

**PRAYER**

These are the gifts I ask of thee,  
Spirit serene—  
Strength for the daily task;  
Courage to face the road;  
Good cheer to help me bear the  
traveller's load;  
And for the hours of rest that  
come between,  
An inward joy in all things heard  
and seen.

These are the sins I fain would  
have thee take away—  
Malice and cold disdain;  
Hot anger, sullen hate;  
Scorn of the lowly, envy of the  
great;  
And discontent that casts a shad-  
ow gray  
On all the brightness of a common  
day.

**Laxative Syrup Pepsin**  
*Helps Nature Give Relief*

Try it when a Laxative is needed and see the wonderful results

IT is not necessary to take a violent physic for so simple an ailment as constipation. Yet many thoughtless parents give mercury in the form of calomel, and coal-tar in the form of phenol when a natural vegetable compound like Dr. Caldwell's Laxative Syrup Pepsin will do the work equally well and without danger. People should realize that mercury may salivate and in certain conditions loosen the teeth; that phenolphthalein, by whatever name known and however disguised in candy, may cause dermatitis and other skin eruptions; that salt waters and powders may concentrate the blood, dry up the skin and cause lassitude.

You can take Dr. Caldwell's Syrup Pepsin yourself or give it to a babe in arms, as thousands of mothers do every day, with the confidence that it is the safest and best medicine you can use for constipation and such complaints. A teaspoonful will re-
