Lt.-Gov. Bernard Guest Speaker At Miscouche

His Honor Lt.-Governor J. A. Bernard was the guest speaker at the annual banquet last night of the Miscouche branch of the Canadian Legion held in their memorial home, which was recently completed and officially opened.

Governor Bernard quoted one of the greatest American orators, Patrick Henry, who said "There is a just God who presides over the destinies of nations."

Speaking of the poppy, he said that this little emblem was a connecting link between the past and the present. It commemorates the actions of those who gave their all and who now sleep in foreign fields.

Toasts Honored

Rev. J. D. Kelly, parish priest, was the toastmaster of the evening and after the guests had partaken of the splendid banquet and the toast to the King was observed, Comrade W. A. Kinkaid recited the poem "The Fallen."

The toast to the Canadian Legion was responded to by Captain Basil Kelly, who spoke of the growing strength of the Association and the manner in which it works in the interests of the returned veteran.

Rememberance Day—a day set aside each year to remember and honor those who made the supreme sacrifice in World Wars I and II. On an occasion of this kind, it is well to recall the sacrifice which they made. They left their families and friends and all that was most dear at home to fight that we might enjoy liberty, freedom and happiness. Twice in our generation, they were called upon to shoulder arms and

march to meet the foe. They fought well and brought glory and honor to themselves and to Canada. One hundred thousand of them lie buried in Flanders fields and wherever the Canadian sailor, soldier or airman fought. We meet here again today on Rememberance Day in front of this monument to the war dead, under the shadow and threat of another world war. Let us pray and hope that the sacrifice which they made has not been in vain and that this shadow and threat will soon disappear.

COMMEMORATES PEACE

EDMONTON — (CP) — Warring Cree and Beaver Indians are said to have reached an understanding at the banks of the Unjigah River in northern Alberta — last year when the rechristened Peace River.
