## Shoots All Three Goals As Beavers Suffer Shutout

### Saint John Six Display Lack Of Scoring Punch In Game With Western Team.

(Canadian Press)  
ST. JOHN, N. B., Nov. 17.—Playing the last game of their Maritime tour, Winnipeg All-Stars blanked Saint John Beavers 3-0 here tonight. Out of four games in the three Provinces, the Western hockeyists have won two, lost one and drawn another.

The Beavers, lacking a scoring punch, went down before desperate rushes of a front-line combination. What appeared to be certain goals were frequently thwarted by the youthful McQuade in Winnipeg's cage.

Monson, Malloy and Wilson combined in the first period to hang up the initial tally, Monson scoring. The latter also accounted for the other two markers, the second towards the end of play in the same period and the third in the second period.

Flicking shots from all angles, Beavers carried the attack into Winnipeg territory but were unable to follow up the advantages.

The second goal came after Campbell, All Stars' left winger, grabbed the wafer near his own net, nudged the length of the net and passed to Monson from back of the Beavers cage. Monson drove the puck over Wilson as Saint John's goalie sprawled in a fruitless attempt to save.

Forward lines of both teams turned on speed in the second period. McNeill's long solo rush almost resulted in a goal for Saint John but he lost the rubber in a head-long dive to the right of the net. With six minutes of the period remaining, another combination western play completed the scoring. Malloy flipped to Monson, who found the local goalie unprotected.

Play continued at a fast pace in the last session, with Beavers fumbling additional opportunities to score.  
The threeups:—  
Winnipeg—McQuade, goal; McDonald, left defence; McLean, right defence; Monson, centre; Campbell, left wing; Malloy, right wing; subs, Wilson, Neil, Carter, Schibli, K.Oll.

## Wolverines Hand Crushing Defeat To Touring Gulls

### Atlantic City Squad On Short End Of 10-1 Score In Rugged Contest — United States Champs No Match For Halifax Team.

(Canadian Press)  
HALIFAX, Nov. 17.—The invading Sea Gulls from Atlantic City met their first setback on Canadian soil tonight—a crushing 10-1 defeat at the hands of a pack of Halifax Wolverines who swarmed all over the United States amateur champions in 60 minutes of rugged hockey.

Sea Gulls, who stacked up against the pick of American teams last season without defeat, were helpless against the Halifax team's determined onslaught. They managed to hold the Maritime "Big Four" squad scoreless for one period, but after that the Halifaxians ripped into them with a scoring attack that gave the Gulls their worst defeat in years.

Led by the flashy Cowley at centre, the Wolverines shot home six goals in a rough second period that saw six men sent to the boards. Cowley opened the scoring with a brilliant solo rush within four minutes after the period's opening. Shields and Porteous contributed two apiece, and Lennon shot the sixth.

Following the first goal when the puck shot from the blue line by Cowley, passed through the netting of the goal, the Gulls resorted to roughness. Anderson and McKinnon were penalized in quick succession for tripping. Shields, lanky Wolverine left-winger, immediately scored two goals, one of them unassisted, the second on a pass from Lennon.

Anderson and McKinnon returned to the ice, but had been on only six more minutes, when Tupling and McKinnon were penalized. Two more goals for the Wolverines resulted. Porteous scored the final goal of the second period on a pass from Cowley a few minutes before the bell.

Entering the third period, with an overwhelming lead to overcome, Gulls forced play to the limit. Gagnon scored the seventh goal, when he put the puck into the nets following a scramble in front of the visitors' goals.

The next goal was scored by Lennon, from the rebound of Shields' shot. Waite, getting the puck out of a scrimmage in front of the Halifax nets, scored the only goal for the Gulls. Lavigne, stocky defenseman of the Wolverines, was spending five minutes in the box for an illegal check. From then to the end of the game, the Wolverines were always short at least one man, but Gulls could not break through for any more goals.

With only four Wolverines on the ice, Lawlor speeded down the ice on a lone rush that caught the Gulls flat-footed. From then on, the fans were exultantly yelling "we want a dozen." The last score was also made by Lawlor, on a pass from Graham.

Wolverines' ability to take advantage of the breaks was the determining factor of the game, and resulted in the high score. Fast skating and a long list of penalties featured the play, while goal-tending of both goalies was sensational.

## THE MARITIME SMOKE

### Attractive Unies Will Bedeck Abbie Squad

The Abbies will step into action Monday night in Moncton with one of the snappiest uniforms that ever gladdened the eyes of a hockey fan. The sweater is very attractive, black yoke with small white neckband, then a 7 inch stripe of white, then a 7 inch stripe of red and a 2 inch band of white below. The sleeves are the same design.  
On the black yoke is the name "Abbies" in white with a tiny edging of red, and on the back is the name of the player.  
The stockings have white feet then the wide stripe of red with a small white edging, then a wide black stripe with white edging, and from there to the top the red.  
The ensemble was designed by Coach Jackson and is surely a credit to his ability as a designer. It is a beauty and when the boys make their bow for the season of 1933-34 we are sure they will make a wonderful impression on our hockey followers.

### RESERVES WIN FROM SAGUENAY

The local R.C.N.V.R. hockey team handed out a 5-2 setback to the squad from the visiting ship "Saguenay" at the Forum last night.  
Fast, rugged hockey was the order of the evening with the winners having a distinct edge in combination play.  
The visitors suffered a tough break in the opening period when their star left winger, Pitts, suffered muscle injuries to his back and shoulder in a collision with the boards, necessitating his retirement from the game.  
Cyril Ryan's goal midway through the opening period gave the winners a 1-0 edge at the bell. They took a commanding lead during the second, getting four more counters. Borden Coo accounting for three and "Darb" McMahon notching up the other.  
A third period onslaught by the ship team netted them two goals. Bonthron and Sheppard sagging the twine behind Martin, whose stopping was a feature of the set-to. The Reserves were held scoreless during the final session.

### DOWN THE BACK STRETCH

Mr. Allan J. Wilson of Boston, formerly of Cardigan, has been again elected President of the Bay State Circuit for 1934. He is recognized as the most successful promoter of harness meetings in the Eastern States. The Circuit will open at Goshen, N. Y., June 5th to 7th, Chatham, N. Y., June 12th to 14th, Sturbridge, Mass., June 19th to 21st, Avon, Conn., June 26th to 28th, Windsor, Conn., July 3rd to 5th, Northampton, Mass., July 10th to 12th.  
Lyman Brusie led the list of winning drivers in last year's Bay State Circuit, with 12 winners. Earl Pitman had 7 winners and Harry Brusie, Lyman's father, 5 wins.  
Lyman Brusie and Harry, his father, won 17 races and their gross winnings amounted to \$8,593. After the Bay State Circuit both of them deserted the trotters and pacers and took up with the runners, but we understand that they are not enamoured with their new occupation and both will likely attend the Old Glory sale and purchase some colts for patrons and again conduct stables of trotters and pacers.  
The world's record for three-year-old pacers in double harness was established two weeks ago at Weequahic Park, Newark, N. J., when H. C. Roster, prominent New York amateur driver, drove Hilana and Miss Meadows a mile to cart in 2:13. Over 5,000 people saw the performance which was loudly acclaimed. The track is one-half mile but a very fast one.  
Below we present to our readers the season's leading trotters at various ages. The first mile in 2:30 was trotted by Lady Suffolk in 1945. Forty years afterwards there were many breeders who believed that the limit of speed was reached in 1834 when Jay I See trotted in 2:10.  
Eight years afterwards Nancy Hanks trotted in 2:04 to bike sulky and the feat was acclaimed beyond the realms of betterment. Then in 1903 came the sensational Lou Dillon, who trotted to her record of 1:58 1/2.  
The following list contains the names of the season's leading 2:10 trotters of all ages from the two-year-olds to the aged performers. You will note in reading it how many of the performances have been made on half mile tracks and will remember that twenty years ago a mile on a half mile track in 2:10 was considered a marvelous performance. The facility for developing speed and having a horse carry it is an accomplishment of present day trainers and is also due in no small measure to the betterment in breeding.  
Two Year Old Colts:  
Muscleton, b. by Mr. McElwain 1:59 1/2—2:03 1/2.  
Filly—Bertha C. Hanover, b. by Peter Volo 2:02—2:04.  
Gelding—Reynolda, br. by the Laurel Hall, 2:06 1/4—2:04 1/2.  
3y-o-colt—Brown Berry, b. by Peter Volo, 2:02—2:03 1/4.  
Filly—Volga Hanover, b. by Dillon

## Sport Briefs

Four thousand people attended one of the amateur hockey games Sunday afternoon at the Montreal Forum. There was quite a kick about Sunday hockey when first proposed, but evidently they have gone right ahead with it notwithstanding the opposition.

England made an impressive start for the 1933-34 international ice hockey season by defeating the Austrian team 1-0. The goal was scored by Duncan on centre forward with the Winnipeg Olympic the year they won the Championship.

In a subsequent match against Greynor House Canadians, the Austrians won 3-0 and two days afterwards defeated Oxford University 1-0.

France is due to take on England next. That will be the present week, while other visitors expected are Switzerland and Canada, represented by the Shamrocks of Ottawa.

Babe Ruth, famous baseball star, is having a holiday at Honolulu and was recently selling tickets for his own performance in a charity golf foursome, in which he was paired with Francis Brown, amateur champion of Hawaii, against two professionals, the proceeds to go to welfare fund.

William Miller who represented Stanford University at the Olympic Games and won the Championship for the pole vault, has decided to retire from further athletic competition. He is the holder of the Olympic record of 14 feet, 1 7/8 ins.

## Amateur Team Players May Try Out With Pros

(By Sam G. Ross, Canadian Press Staff Writer)  
WINNIPEG, Nov. 17.—The Amateur Athletic Union of Canada in convention tonight paved the way for amateurs in team games to try out with professional clubs without losing their amateur cards.

Still facing two resolutions which would permit greater laxity in amateur rules, the delegates delayed decision on requests for protection of Canadian championship meets from interference of sectional or inter-sectional competitions. Charges the Canadian National Exhibition at Toronto was "a menace to sport in Canada" came from P. J. Mulqueen of Toronto as the championship track and field events were under discussion.  
In establishing conditions under which amateurs would be permitted to have trials with professional clubs, the resolution set forth that a written invitation from the professional club must be produced by the athlete. Sanction of the branch must be obtained and the amateur must accept only his travelling and living expenses from the professional club until he makes his decision or is rejected by the professional club.
