Danger next door
 Perhaps its diphtheria or scarlet fever. Keep your own home free from the germs of these diseases. Prevent your children from having them. You can do it with our Vapo-Cresolene. Put some Cresolene in our vaporizer, light the lamp beneath, and let the vapor fill the sleeping room. Have the children sleep in the room every night, for it's perfectly safe, yet not a single disease germ can live in this vapor. Ask your doctor about it.

REASON No 14 WHY YOU SHOULD USE Red Rose Tea

Because the quality never varies.
 Did you ever use a pound of good tea, and after ordering more of the same brand, find it much inferior? The Eastern climate changes very rapidly, and for this reason tea planters find it impossible to produce the same quality from month to month—two lots from the same garden are seldom the same quality. This is probably the reason why the tea you got the second time was not as good as the first.
 In Red Rose Tea this serious difficulty has been overcome by scientifically blending several teas together, so to always obtain uniform flavor and strength, and this has been one of the greatest triumphs of Red Rose Tea.
 The quality never varies—you can rely on getting exactly the same quality of tea as long as you use it.

BRONCHITIC ASTHMA A HEAVY BURDEN.
 Asthma is bad enough but when bronchial symptoms are added the poor sufferer has almost an intolerable existence. An absolute specific is found in fragrant healing Catarrhoxone which cures chronic cases that other remedies won't even relieve. "For years," writes Capt. MacDonaid of Montreal, "I battled with the agonies of bronchitic asthma. Often I couldn't sleep for nights at a time. I spent thousands on doctors and medicines without relief, but one dollar's worth of Catarrhoxone cured me." Catarrhoxone can't fail; it's guaranteed. Two months' treatment \$1.00 trial 25c.
