Hawks Continue Victory March By Blanking Beavers

Strengthened Beaver Lineup, Unable To Crash Moncton Rear-guard Suffers 5-0 Shutout.

(Canadian Press) MONCTON, Dec. 6.—Moncton's high flying Hawks continued their chain of victories in the Maritime "Big Four" Hockey League here tonight by smothering the St. John Beavers 5-0 and moved ahead two more points in the long and arduous championship.

A victory put them three games ahead of the Beavers, who were trouncing the Charlottetown Beavers.

Although the Beavers showed better form and more strength on the ward line tonight than they displayed on their previous appearance, nevertheless they were unable to break through the strong Moncton barrier in any degree of success. Several times they did work into scoring position, but erratic passing and lack of shooting spoiled their chances.

The Hawks, who turned in a faultless performance in the Moncton goal.

Timely Tips On Sport

The Wolves topped the Abbies from their second position standing by blanking them 4-0 in last evening's tilt.

Out of eight games thus far the locals have emerged victorious thrice, tied once, and lost four.

The Abbies have exhibited fine hockey on home ice but "on the road" have not been so impressive.

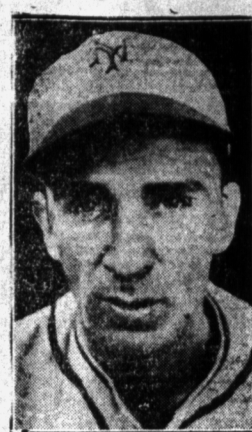

In all probability Jackson will make some changes in the lineup for the game tomorrow night when the Red Shirts clash with the Hawks who have gone undefeated in eight starts.

The Abbies had ten penalties to the Wolves' five last night and spent 24 minutes to the Wolves' eleven, off the ice.

The imported line of the Wolves snared the whole four Halifax counters, grabbing an early lead in the initial session. Cowley, star centremen, accounted for three, while Gagnon, left winger, added the other one.

The Saint John Beavers sunk still deeper into the cellar of the "Big Four" when they met the mighty Hawks and suffered a 5-0 defeat. "Gibraltar" Wilson saved them from a much worse fate.

Great Record

Carl Hubbell, pitcher of New York Giants who had impressive pitching record for 1933 season.

HUBBELL HAS GREAT RECORD FOR SEASON

(By Hugh S. Fullerton) (Associated Press Sports Writer) NEW YORK, Dec. 6.—(A.P.)—Carl Hubbell, the slender southpaw from Oklahoma whose hurling played such an important part in the New York Giants' victories in the National League pennant race and in the World Series, turned up with another amazing feat today when the official 1933 National League pitching records were made public.

Pitching in 45 games, Hubbell established a record of allowing only 1.66 earned runs per nine inning game. That mark was the lowest made in the league since 1916 when Grover C. Alexander led the league with a 1.55 average.

Hubbell also set a record for the number of innings pitched, 309, and the greatest number of games, 23, led the circuit with 10 shutouts and established a new league record for consecutive scoreless innings with 46 straight from July 13 to Aug. 1. The former record was 44 in a row, established by Ed Rubeck of the Cubs in 1908.

Hubbell also set a record in the league in the averages of games won and lost with 23 victories and 12 defeats for a .657 mark. Leading him were Lyle (Bud) Tinning of Chicago, who won 13 and lost six for a .684 average and Lanky Ben Cantwell of Boston, who compiled a .667 average with 20 victories and 10 defeats.

Jerome Herman (Dizzy) Dean, the loquacious right hander of the St. Louis Cardinals, made a new strikingout mark for one game by whiffing 17 of the Chicago Cubs. The old record of 16, the best since 1900, was held jointly by Frank Hahn of Cincinnati, Christy Mathewson of the Giants and Nap Rucker of Brooklyn. For the whole season, Dean had 169 strikeouts to lead the league for the second successive year. Dizzy took part in the greatest number of games, 48 and hurled 26 complete games to tie with Wa neke for the lead in that respect.

Another record went to Adolph Liska of the Phillies who appeared in 45 games without pitching one complete game. The old mark of 44 was held by William E. Ehrhardt of Brooklyn. Liska also was the league's leading finisher, winding up 26 games.

Penalties Prove Costly As Abbies Suffer Shutout

Island Team Drop To Third Place As Wolverines Win 4-0.

(Canadian Press) HALIFAX, Dec. 6.—Halifax Wolverines moved into second place in the Maritime Hockey League tonight, climbing over Charlottetown Abegweits 4-0.

Filling up a three-point lead in the opening period, Wolverines held it easily while the visitors went to the penalty box one after another in reckless efforts to keep from sinking into third position.

Two imported forwards gave Halifax the victory. Gagnon, speedy left-winger from Montreal opened the scoring little more than a minute after the first period opened. Cowley, from Ottawa, banged in two in that session and added another in the third.

Penalties Costly to Abbies

All Wolverines' first period goals were scored while Abegweits were serving penalties. Walker was doing time when Gagnon tore down the ice and shot from the blue line. McCann, apparently unprepared for such early action, didn't get near the puck as it hit the twine.

Before Walker returned to the Charlottetown defence, Cowley made it 2-0 from a mix-up in front of the visitors' cage. Gagnon, Cowley and Porteous had invaded with some of their nice combination work. After a couple of shots stopped by McCann there was a scramble for the rubber. The ever-watchful Cowley dug it out and whizzed it past the goal.

Gross was in the box near the end of the period when Cowley stick-handled through the Charlottetown defence and shot in close. McCann was beaten again.

The second period produced the best hockey of the match, with Wolverines still keen and Abegweits rampant. Here again the visitors were rendered ineffective by penalties. Gagnon almost added one to the Halifax total by pushing the rubber past McCann after a scramble. Referee Pete Mill's whistle already had blown, however, and the goal was disallowed.

McCann made some beautiful saves in this session and turned back several rallies started by Mosher and Lawlor.

Summary

Merger Rumored Between Senators And Americans

(Canadian Press) NEW YORK, Dec. 6.—Reports circulated today among hockey men here that the New York Americans and Ottawa Senators are planning to merge their teams. The new team will continue as the Americans with Ottawa dropping out of the circuit, the report indicated.

President Dennis Rumor

OTTAWA, Dec. 5.—(C.P.)—Denial that Ottawa Senators and New York Americans of the National Hockey League will merge was made today by Frank Ahearn, M.P., president of the locals.

"No such proposal has been made to our team; the report is absolute news to me and it is the first rumor I have heard of such a merger," Mr. Ahearn stated. No discussion on any merger between Ottawa Senators and New York Americans had taken place at the league meeting a few days ago, Mr. Ahearn said.

Rumors Persist

MONTREAL, Dec. 5.—(C.P.)—Despite denials from officials of the league and of the clubs involved, rumors persisted tonight that Ottawa Senators and New York Americans will merge before the new year.

Rumor here brought into the discussion the name of Frank Patrick, managing-director of the league, as the man likely to head the merged team, and become a rival to his club and brother Lester as active head of a New York entry in the N. H. L. race.

Frank Patrick was reticent when the subject was broached. "I can neither affirm nor deny the story," was his terse statement. He used the word "premature," in speaking of the rumor. Frank Calder, President of the League, emphatically denied the entire story. "There is nothing substantial to it," he said. "It is evidently one of those stories in which the wish is father to the thought."

KILLED IN ACCIDENT

HALIFAX, Dec. 6.—(C.P.)—Thomas M. Coade, a native of Windsor, N. S., is dead at North Bay, Ont., as a result of an automobile accident, according to a message received by relatives here. He had been in North Bay for about 20 years.

Gets Good View Of Vancouver's Sea Serpent

(Canadian Press) VICTORIA, Dec. 6.—(C.P.)—I was still only 10 feet away from it, with the duck right beside the thing, when to my horror, it gulped the bird down its throat," declared Cyril E. Andrews, 21, Penclard Harbor, in a letter received here today which described his encounter with Cadorosaurus, Vancouver Island's sea serpent, on Sunday.

"It then looked at me, its mouth wide open," said Andrews, "and I could plainly see its teeth and gnap, which were like those of a fish."

"Its coils rose at least six feet above me, gradually sinking under the water again. The head was like that of a horse, with neither ears nor nostrils; but its eyes were just in front of its head, which was just like a horse."

"I would swear to the head being three feet long and two wide. When it closed its mouth, all the loose skin folded in neatly at the corners, while its breathing came in short, sharp pants, like a dog's after a run."

"Its length when I first saw it lying in the bay was fully 40 feet long, and from head to tail I would say it was all of that length as it appeared in front of me."

PROV. PARLEY DATE NOT SET

(Canadian Press) OTTAWA, Dec. 6.—It was learned authoritatively today that no date had been fixed for a Dominion-Provincial Conference although it has been known for some time that such a meeting was likely to be called. The remarks of Prime Minister R. B. Bennett to a delegation of Eastern Province representatives in Montreal yesterday, when he referred to a forthcoming Provincial Conference, were apparently based upon the scheduled meeting of provincial government officials on Dec. 14, called by Hon. R. J. Manion, Minister of Railways and Canals.

This meeting will call to Ottawa the legal officers of the provinces to discuss bus and truck competition and it is now the belief that it will develop into a general Dominion-Provincial Conference such as was held a year ago, with all matters of mutual interest coming under discussion.

In addition to railway competition on the highways it is expected the Conference will deal with unemployment relief plans, amendments to the Companies Act, unemployment insurance, the world wheat agreement and many other matters.

Atlantic Port Prospects Bright

(Canadian Press) MONCTON, N. B., Dec. 6.—The prospects for the shipping trade of Canada's Atlantic ports for the winter season just opening are very bright and there should be a considerable increase in cargo tonnage, stated Col. E. C. Phinney, President of the Newfoundland-Canada Steamships Limited and formerly chairman of the Halifax Harbour Commission, who was a passenger on the Ocean Limited of the Canadian National Railway, this afternoon enroute to Halifax.

Col. Phinney has been in Montreal with the managing director of the company A. W. Shaw in connection with getting vessels of the line through the various canal and inland water systems, passage being impeded by the unprecedented ice conditions experienced this year. Col. Phinney said that there has been no precedent for the ice conditions as they existed this year on the St. Lawrence in the Great Lakes and in the canal.

All vessels of his company, he stated, were successful in reaching the open sea and will operate from Canada's Atlantic ports during the winter.

Boat Recovers Lost Trawls With Good Catch

(C.P.) DIGBY, N. S., Dec. 6.—The fish story season officially may be closed but 50 year old Charles Johnson doesn't adhere strictly to convention. He's too happy to worry about that, and here's why:

A hard day's struggle with the heaving seas had brought him a pretty good catch. Long after dark he was hauling in his trawls when something marled and Charles lost three tubs of trawl and his entire catch. He could seek more fish but nature doesn't provide valuable trawls so Johnson went back dependent to his little home.

But today, his trawls and 600 pounds of fish were returned. The crew of a scallop boat, dragging on the Bay after Johnson had gone home, snagged the trawls and brought gear and catch back to him.

Pensions Scheme In Nova Scotia Effective March

(Canadian Press) HALIFAX, Dec. 6.—(A.P.)—A pensions agreement has been signed by the Dominion Government by the Province of Nova Scotia and payment will begin after March 1, 1934, E. H. Blois, director of old age pensions, announced tonight.

Confirmation of the agreement was received in a telegram from Gerald H. Brown, Deputy-Minister of Labor at Ottawa, said Mr. Blois who pointed out applications already were being received by the government. Thirty inspectors have been appointed to investigate applications, the director said.

These appointments were only temporary and will expire when investigations are completed, Mr. Blois added. The investigators will be paid \$5.00 per day and travelling expenses.

Impressed With Tribute Paid Sir Arthur Currie

(Special to the Guardian) MONCTON, N. B., Dec. 6.—"It was one of the most impressive tributes that I have ever witnessed," stated Dr. Carleton Stanley, President of Dalhousie University, Halifax, in speaking of the funeral mourners the passing of Sir Arthur Currie, principal of McGill University, in Montreal yesterday, when passing through Moncton this afternoon on the Ocean Limited of the Canadian National Railway enroute to Halifax.

"The whole city seemed to mourn the passing of Canada's great military leader and one of the outstanding personalities in Canadian university life," he continued.

Dr. Stanley represented Dalhousie University at the funeral ceremonies. Previous to coming to Dalhousie University, he was associated with the late Sir Arthur Currie as assistant principal of McGill and during the time that Sir Arthur was in India Dr. Stanley was acting principal of McGill.

Will Grant Liquor Imports

WASHINGTON, Dec. 6.—(A.P.)—Liquor importers whose previously allotted quotas had been suspended temporarily today were granted a blanket permit to bring in approximately 5,000,000 gallons of foreign spirits and wines during December and January. It was also decided to let in a large amount of American type Bourbon and Rye Whiskies from Canada for blending purposes.

The quotas are based on the average monthly imports between 1918 and 1914. A four months supply was fixed as the minimum to be imported in December and January.

Negroes Given Death Penalty

DECATUR, Ala., Dec. 6.—(A.P.)—Clarence Norris, second of seven negro defendants in the "Scottsboro Case," retried on a charge of attacking a white woman, was convicted today by a Morgan County jury. The sentence automatically carried the death penalty.

Norris was the second negro convicted on charges of attacking two white women near Scottsboro, Ala. on a freight train two years ago. Heywood Patterson, the first was convicted last week and given the death sentence.

FOUR STRAIGHT FORSHAMROCKS

(C.P.) LONDON, Dec. 6.—(C.P. Cable)—The Ottawa Shamrocks tonight defeated England 7-0 in a one sided hockey game played at Streatham Arena. It was the third victory for the Canadians over England and the fourth win of their British tour. The team will fly to Paris tomorrow in preparation for a series of matches on the continent.

S' side Curling

The annual meeting of the Summerside Curling Club was held on Tuesday evening. After a general discussion as to the program to be arranged this winter, the meeting was postponed for a week. A committee was appointed to canvass for new members.

It was felt that the early winter should bring renewed interest in this fine old Scottish game.

GANDHI EX-DISCIPLE VANISHES ONCE MORE

NEW DELHI, India, Dec. 4.—Nita Cram Cook, who until recently was a follower of the Mahatma Gandhi, walked unnoticed out of the hotel where she had been staying the last nine days and disappeared today, apparently taking a train for an unrevealed destination.

It was learned that she planned to return soon to the United States and that negotiations regarding the trip were started between the Indian Government authorities and the United States consuls.

Miss Cook, meanwhile, lodged a complaint with police that \$40,000 and jewelry were stolen from her hotel room.
