MILL VIEW.—There was an excellent turnout of the members of Coronation L.O.L. to the service held in the Methodist Church at Mill View on Sunday afternoon, the 21st inst. A most eloquent and appropriate sermon was delivered by the Rev. R. G. Fulton, P.G.M., who took as his subject: "The Price of Progress," reading the seventh chapter of Judges and taking his text from Acts 15, 26: "Men have hazarded their lives for the name of our Lord Jesus Christ," and quoting freely many great historical facts to illustrate the subject. Among those who went from the city to take part in the service were Bros. G. D. Wright, Isaac Carter, J. J. Storey and Geo. T. Crawford. The parade was marshalled by Bro. Isaac Carter. The brethren were led to the Rev. Bro. Fulton, who went to some inconvenience to preach to them, on this occasion, and also to Bro. G. D. Wright for his continued sacrifices on behalf of Orangemen. \$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Dr. Williams' Pink Pills for Pale People acts thru the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease. The patient's strength is built up by the constitution and assisting nature in doing its work. The proprietor offers a much fairer price than other purveyors of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list testimonials.

HORSE NOTES.

BREEDING OF BOB MAC.—It has come to the notice of the editor of the horsemen's department of The Guardian that varied claims are being made regarding the breeding of Bob Mac, 2.13 1/2, the record holder for Maritime bred pacers, raised by Mr. Macpherson of West Royalty but now owned by Mr. Edgar Campbell of Little Bras d'Or. N. S. Bob Mac is a Commodore LeGrand, son of Jenny Lind, one of the many prize-winning foals from this splendid mare, herself the winner of five firsts at the Provincial Exhibition in past years. Jenny Lind is descended from English thoroughbred running stock and has been quite a race mare in her day. She was born and raised on the Macpherson farm, which has always been her home.

Losses You Never Can Recover

A mistake made when you add up a cash sale while the customer is waiting, or an error that escapes discovery on a charge sales slip—these are losses that can never be recovered.

Each mistake by itself may be small—only a few pennies—but these losses in a year's time amount to a good sized sum of money.

Instead of figuring cash and charge sales mentally, add them with this Burroughs. The machine can't make a mistake. Use it right on the counter as hundreds of other merchants are doing. You can add amounts more rapidly on the machine than you can mentally, and you are protected against the loss of money through figuring mistakes.

Phone or write our nearest office and arrange for a free demonstration in your own place of business.
