DISCHARGING COAL AND COKE - A. Pickard & Co. are discharging today Old Sydney screen coal, Petroleum coke and Besco coke. 9107-11-16-21.

THANKOFFERING SERVICE - The Mayfield W. M. S. will hold a thankoffering service on Sunday, Nov. 18th at three o'clock in Mayfield Hall. Rev. H. S. Bishop will address the meeting.

BORDEN TRAIN LATE - The early Borden train due in the city at 6.20 did not arrive until 7.20 last evening. Extra trips of the boat and heavy freight handling was the cause of the delay.

WEDDING BELLS - A quiet wedding was solemnized at St. Dunstan's Cathedral at 5.30 on Monday morning when Right Reverend Monsignor Maurice McDonald, who also celebrated the Nuptial Mass, united in the holy bonds of matrimony Mrs. J. O. Arsenault and Capt. E. Gallant of the D. P. W. Dredge. After the ceremony the happy couple drove to the bride's home where a dainty wedding breakfast was served, after which they left on a short honeymoon trip to Halifax and points in Nova Scotia.

Y'S MEN'S CLUB MEETING - The regular meeting of the Charlottetown Y's Men's Club was held Thursday evening at six p. m. in the Y. Chairman H. Laphorne, with a good attendance of members and several guests among whom were J. W. Johnston, Owen MacLean, J. M. McFadyen and Ken Ross. Reports of the recent activities of the Club were read by various committees including those of the dance and bridge, and of the rummage sale. A hearty vote of thanks was tendered these committees by the Club. The speaker of the evening was Dr. W. R. Carson, who delivered a splendid address on St. John A. Macdonald, Canada's first Prime Minister.

HEALTH OFFICIAL ARRIVES - Dr. P. A. Creelman, recently a member of the staff of the Gordon Medical Sanatorium, Riverglades, New Brunswick, and lately appointed by the Provincial Government and the Red Cross Society in this province relative to tuberculosis, arrived in the city Wednesday night to take up his duties here. The Doctor spoke in glowing terms of the work achieved in this province by the Red Cross Society in regard to tuberculosis and sanitary conditions in general. It may be mentioned here that the Canadian Tuberculosis Association was instrumental in having Dr. Creelman appointed to this district and it is felt that his work here will be of great benefit to the Island. Interviewed by a Guardian reporter, the Doctor stated that one of the big needs in combating tuberculosis is an up-to-date sanatorium, an institution which this Island is sadly lacking. However, he hopes to open a clinic here in the near future to work in close co-operation with the Red Cross. Dr. Creelman spent some time in the Rockefeller Foundation Sanatorium, Greenville, Ohio, where he studied public health conditions. He is very much interested and impressed with the Christmas Seal Sale Campaign being put on by the Red Cross Society here, and feels that the response throughout Canada on this occasion will be a tremendous success.

BIRTHS. DOIRON - At Hope River on Nov. 12 to Mr. and Mrs. John Thomas Doiron, a son. Congratulations.

MAKE A PAN of biscuits today. Use Purify Flour - they will be light and appetizing.

DONOVAN WINS FIRST BOUT. The Guardian was advised by wire last evening that Alfred Donovan of this city and the Island's only entry in the Maritime Amateur Boxing Championships now being held at Glace Bay came through with flying colors in his first bout of the tournament. As there are eight or ten boxers in his class it looks as if Donovan will be compelled to win another bout, perhaps two, before qualifying for the finals. This young amateur boxer only weighs in the vicinity of 150 pounds, flyweight, but according to the list of classes will have to be content to battle with the 112 pounders. However, six or eight pounds given away is nothing new to this tough little Trojan and his many friends in this city will anxiously look forward to his giving a real good account of himself.

PERSONALS. Mr. and Mrs. A. C. McNeill, Mrs. E. C. Webb and Mrs. R. A. McKenna, of Cavendish, motored to the city yesterday.

Mr. Benj. Rogers, City, has returned from a visit to Vancouver.

Dr. Olara E. MacMillan of Ottawa, and Mrs. T. A. Miller and her three children, who spent the summer on the Island, have returned to their respective homes.

Mr. Roland L. Riley, Saint John was an outward passenger by the S. S. Hochelaga yesterday afternoon en route to Pictou, N. S.

CO-OPERATION. The Prince Edward Island product has attained, having won a reputation of being the finest in the world, it seems to be the unanimous opinion that the producers should be protected against unnecessary imports from competition among themselves and the shippers. Your Committee realize that the problem is a big one, but when it is considered that difficulties much greater in the large areas where wheat, peas, oranges and other products are dealt with in a satisfactory manner to the producers, your Committee cannot do otherwise than urge on the producers of the great benefits to be gained by united efforts on conserving and stabilizing an industry of such outstanding importance to our Province.

WESTERN GUARDIAN. UNITED CHURCH OF CANADA, Kensington, Nov. 18, Rev. J. P. Saint, D. D. Minister, 9.45 a. m., Sunday School; 7 p. m., Christian Stewardship; 7 p. m., Sin and its Conqueror; 3 p. m., First United Church, Summerfield, Thanksgiving service of Mission Band. A cordial welcome to all.

St. Dunstan's

Continued from page 1

open with Pontifical High Mass. There will be meetings and class reunions during the day, followed by a banquet in the evening.

Members of the Episcopate from all over Canada are expected to attend. While the detailed programme has not yet been announced, there is no doubt, from the enthusiastic response already received, that the celebration of this anniversary will be an event of outstanding importance and significance.

Since the founding of St. Dunstan's College, in 1846, when it replaced St. Andrew's College, closed some years previous, the institution has made steady progress and has accomplished a great work in the interests of education. The College was first opened to receive students by Bishop Bernard McDonald on Jan. 17th, 1855. Father Angus McDonald being the first Rector. Only three students were present on the first day. Today, as already stated, the Alumni are represented in every walk of life throughout the continent.

During the Rectoryship of Rev. Gregory MacLellan, D.D., the college was raised to the status of a University. A splendid Hall, the gift of Sir Charles Dalton, was added, under the same Rector, in 1919.

Another officer to whom the Club is deeply indebted, is the chairman of our Games Committee. Few members realize the amount of time and attention he had to give in order that the schedule might be wisely prepared and the needful supervision carried out. The scores had to be properly kept and the necessary publicity provided for. Mr. Ed Nicholson had an efficient Committee, but the chief onus lay upon him. He never permitted his duties to interfere with his duties. We desire to play to impair the careful performance of his duties. We realize this and wish to express our sincere appreciation.

Year by year, as the Club grows larger, the amount of supervision that has to be given to its several activities, is correspondingly increasing. The chairman of the House and Property Committee finds constant demands made upon his attention to provide those things which are needed to keep the Club running smoothly and which, if not provided, awaken immediate protest. We thank Mr. Stewart for his unostentatious performance of this work.

The Handicapping Committee is always open to criticism. Its duties are difficult and it has made more so by the failure on the part of many members to exercise due care in keeping their cards accurately and filing them regularly. The Committee has honestly striven to do its work fairly and we trust with a large measure of success.

Our executive has met often this year than it did formerly. A feeling of genuine comradeship has pervaded all our meetings and this has rendered effective work more easy.

You have gathered from the Treasurer's report that our finances are in a satisfactory condition. The extension of our course approaches completion. All the stumping has been done and the ploughing of the highways is completed. Next season we should have fifteen holes available and the new alignment should be brought into play the first of next season.

It is now possible to make a close estimate of the cost of the additional nine holes and we find that it is well within our ability to meet it. As we stand, after our bills and bills of exchange capital will not exceed the \$10,000. Our surplus this year on current account, exceeded \$1,300 and we confidently expect that our revenue from annual fees will meet the demands for maintenance and leave a substantial surplus each year to apply to capital needs. Our policy is to keep our fees at the present figure. We certainly desire to raise the standard of our play, but we have no ambition to make our course a distinctively professional one - our main objective is to provide for the healthy enjoyment of our members seeking to minister the greatest good to the greatest number.

In this direction, we wish to suggest for the careful consideration of our incoming Committees the desirability of extending our handicapping, in so far as the ladies are concerned beyond the limit set by the C. L. G. U. Ratings above this limit cannot be recognized in standard matches, but we may use handicaps based upon the four-tee scores based on it, in purely local events and thereby make the matches more interesting to ordinary players.

During the year you, caretaker Mr. Richard Butler has continued to render us most efficient service. In recognition of this the playing members on the occasion of our closing of our regular season of play presented him with a purse, as evidence of their appreciation and did they forget the good service rendered by his assistant.

In closing permit me to acknowledge the generous support accorded to me by the several members of our Executive to whose effort the success of the year's work is due and to whom must be accorded the credit.

It has been moved, seconded by the Vice-President, D. B. Stewart, that this report be adopted.

PERCY POPE, President. November 15, 1928.

Annual Meeting

Continued from page 1

Report of President. After listening to the foregoing reports you have been enabled to gather a fairly clear idea of the work done during the year just closed. It now devolves upon me to offer such comments thereon as they seemingly call for.

Realizing, as we do, that we have to depend upon the ladies for the brightening and sustaining of all social relations, we wish to express our deep appreciation and offer to them our sincere thanks for the hearty co-operation we have received from them. Their reports sets forth somewhat of their activities, but their chief function is to bring them and beauty into life. To them in large measure we owe it that our Club House is taking on the dainty and homelike appearance which we so thoroughly enjoy. Hoping that this spirit of comradeship which characterizes our present relations, will ever deepen and strengthen, we thank them for the past and look forward to a continuance of their favors in the future.

Speaking as chairman of the Executive Board, will you permit me to voice on behalf of the Club the unanimous feeling of the serious loss we have sustained in the death of our cherished comrade J. A. S. Beyer. We miss his bright greeting, his cheery initiative, and his ready co-operation in all that concerned the well-being of our Club and we will ever hold his memory in tender remembrance.

In connection with the life of our club the dominant thought in the mind of all of us is one of recognition of the invaluable services rendered by our Secretary. Not only has he fulfilled the ordinary duties of his office punctiliously and well, but to him as chairman of the Extension Work we owe it, to a degree that is not adequately appreciated, that the difficulties which attached to the enlargement of our course, have been met and overcome so effectively and, everything considered, as expeditiously. Words, it has been well said, but to him as who realizes the deep sense of sincere gratitude we feel, though it may be very imperfectly expressed. When work is thoroughly well done, we are too prone to accept it as a matter of course. Our Treasurer's conduct of his office has been so well carried out that relief is afforded at every step. It is a thought, but upon its proper performance, the financial well being of the Club largely depends. We appreciate his efficient service and most sincerely thank him.

Another officer to whom the Club is deeply indebted, is the chairman of our Games Committee. Few members realize the amount of time and attention he had to give in order that the schedule might be wisely prepared and the needful supervision carried out. PERCY POPE, President. November 15, 1928.

Charlottetown Minister Has Narrow Escape

Rev. Charles Palmer, son of Mr. and Mrs. H. J. of this city, and his cousin, Mr. Holbrook, were in an automobile accident which occurred in Toronto on Friday last, when two police officers on a motor cycle were injured, one fatally.

Mr. Palmer's car had driven out of Yonge street, and going slowly, was making a left hand turn to go north. The two policemen who were speeding in response to a burglar alarm, crashed into the car. The motor cycle struck the front right mudguard and hubcap of the automobile. Plain clothes man Albert Fisher was riding in the side car of the motorcycle. He was thrown out, landing on his head, his skull being fractured. A passing car rushed him to the general hospital where he died of his injuries.

Constable Gregory, driver of the machine, clung to the rubber grips of the handle bars. At it somewhat twice in the air he clung to the machine, which had to be lifted to get him from beneath. As the machine was righted, Gregory was found to be unconscious, his cheek bone was broken, and he suffered injuries to his shoulders. The doctor said the injuries were not serious.

Shortly before that, the police had received a call that a man was trying to force a door, and Gregory, who was on duty with the motorcycle for emergency calls, started to the scene with Fisher at a high rate of speed.

At the inquiry which followed the accident, five witnesses corroborated the story of the clergyman, who was subsequently freed from all blame in connection with the affair.

Another officer to whom the Club is deeply indebted, is the chairman of our Games Committee. Few members realize the amount of time and attention he had to give in order that the schedule might be wisely prepared and the needful supervision carried out. The scores had to be properly kept and the necessary publicity provided for. Mr. Ed Nicholson had an efficient Committee, but the chief onus lay upon him. He never permitted his duties to interfere with his duties. We desire to play to impair the careful performance of his duties. We realize this and wish to express our sincere appreciation.

Year by year, as the Club grows larger, the amount of supervision that has to be given to its several activities, is correspondingly increasing. The chairman of the House and Property Committee finds constant demands made upon his attention to provide those things which are needed to keep the Club running smoothly and which, if not provided, awaken immediate protest. We thank Mr. Stewart for his unostentatious performance of this work.

The Handicapping Committee is always open to criticism. In closing permit me to acknowledge the generous support accorded to me by the several members of our Executive to whose effort the success of the year's work is due and to whom must be accorded the credit.

It has been moved, seconded by the Vice-President, D. B. Stewart, that this report be adopted.

PERCY POPE, President. November 15, 1928.

Concentrated Strength OXO CUBE

near St. Paul's where were the Headquarters of the Salvation Army, the offices of that great newspaper, the London Times, and the head offices of the British and Foreign Bible Society. He described some of the great work which was being done in this building, stressing in particular the glorious romance of the room in which the Bible was translated into a myriad of obscure and unknown tongues; the library, with its rare editions of Bibles, and recalling memories of the people of the world might hear and
