## PREVALENT FOG HAS CLEARED UP

### Its Wide Extent and Dangers —The St. John Boston Boats Experiences.

BOSTON, July 13—(Special)—Fog in its worst form in many years that has for the past week shrouded the Atlantic coast from Labrador to the Cape of Virginia, has at last been burned off by the heat of the sun's rays and shipping is once more moving.

Shortly before noon yesterday the steamer Calvin Austin from St. John shot into the harbor, glad that there was no further danger of sinking some unfortunate coasting schooner in the fog.

### At Odessa—Mutineers Taken to Sevastopol for Court Martial—St. Petersburg Hears Se- rious Rumors of Mutiny at Warsaw and Moscow.

ODessa, July 13—(Special)—Twenty-four leaders of the recent disturbances here were hanged today in various prisons.

Another batch of 17 will be publicly executed upon the arrival here of General Ignatieff.

The battleship Georgi Pobiedonosetz has arrived here with a fresh crew for the purpose of taking the mutineers to Sevastopol for trial by court martial.

St. Petersburg, July 13—(Special)—Rumors are current in this city that four Grenadier regiments at Moscow have mutined and that at Warsaw yesterday certain officers refused to give the command to their men to fire on people who were making a demonstration.

Not the slightest confirmation, however, is obtainable of these rumors.

## BIRTHDAY OF METHODIST PASTOR CELEBRATED

A late issue of the Pacific Commercial Advertiser published in Honolulu has an excellent photo of Rev John W. Wadman the well known Island minister who is now in charge of the Methodist work in Hawaii.

The article reads as follows:—

The grounds of the Methodist parsonage were ablaze with electric lights Friday night and a big surprise party was tendered Pastor Wadman on the occasion of his birthday. The affair was given by the Ladies' Aid Society, and Mrs. Alexander Lyle was in charge. As an evidence of the esteem and respect in which Mr. Wadman is held by the members of the congregation of the First Methodist Church, he was made the recipient of a gift of \$160 in gold. The money was in a beautiful box lined with silk. The presentation was made by Miss Edith Lyle. The ladies of the society desire to express their thanks to those who contributed to their gift.

There was a large attendance at the entertainment and the greatest enthusiasm pervaded the meeting, in which the program was carried out and the manner in which it was greeted by the audience.

## PROCEEDINGS IN PARLIAMENT

### Undesirable Immigrants—Mr. Martin Speaks—Autonomy Bills in the Senate.

OTTAWA, July 13—(Special)—In the House today Mr. Oiler made a motion that the Government contract with the North Atlantic Trading Company for bringing out emigrants be cancelled as it led to undesirable people being landed in Canada.

Messrs. Oliver, Foster and Laurier spoke, the latter saying that if frauds exist the matter should be investigated by the Interior Department.

Mr. Oiler's motion was defeated and the House went into supply.

Mr. Martin spoke strongly against the Government on the railway grants to P. E. Island.

The Senate is still discussing the Autonomy Bills.

## GIRL OF THIRTEEN IS A FIREBUG

### Five Islands Child Set Fire Which Destroyed Mr. Bradshaw's Barns.

AMHERST, July 11—The fire which, on the evening of June 15th, destroyed three barns on Mr. Bradshaw's farm, near town, with thirteen fat cattle and other contents, and known to have been of incendiary origin, is now accounted for. A thirteen-year-old girl named Corbett, from Five Islands, who had through kindness been given a home by Mr. Akurley, manager of the farm, has acknowledged the crime. The girl is said to have been brought up under bad influences and to have set fire to a neighbour's house at Five Islands. She certainly has developed a mania for incendiarism and acknowledges having set fire to Mr. Akurley's house twice before the barns were burned. Although the premises were watched, the real firebug was not suspected. The girl, who seems bright enough, is now under strict surveillance pending a decision as to legal proceedings. The case furnishes another plea for a provincial reformatory.

## HORSE RACING AT SUSSEX, N. B.

SUSSEX, July 12.—The horse races today drew a good-sized crowd in spite of the fact that the Orangemen's day furnished many counter attractions.

It was about 2:15 o'clock when Starter Power called on the first class—the 240. There were seven entries. Two, however, were withdrawn—Little Tom, owned by D. Brickley, St. John, and Storm King, owned by F. A. Goodwin, of Bathurst. Parker L. drew the pole and the horses were in the following order: Alice W., Badger and Grace. Alice acted badly and it was necessary to score the horses three or four times. The race proved a pretty one among Parker L., Badger and Abbot W., and they finished in the order mentioned.

The other two heats in this class were finished in the same order, the prize money being awarded accordingly.

The following is the summary:—

## THE RUNNING OF A BIG RAILWAY FLYER

### None of the Employees are Allowed to Go Out Without Be- ing Equipped with a Time-Table.

NEW YORK, July 11.—It oftentimes occurs that in arranging a schedule of a fast and important train it is necessary to change the time of other trains which are not so important. Other occasions arise where a fast train overtakes a slower one, and it is then necessary to schedule the slower train so that it can be sidetracked at a convenient and proper station for the fast train to pass. This is usually done in such a way as not to delay the slower train more than five or six minutes, and where the slower train has a considerable distance to run this time is usually made up in the schedule, so as to bring the train into its terminal at its old time. On some railways where the destiny of traffic is unusually great, the change of one train has been known to

## LOST LIFE TO SAVE TOM LAWSON'S SON

### Tragedy Occurred at the Tom Lawson Mine—Murderer Lynched.

NEW YORK, July 11.—A Denver despatch says:—Rather than see his chum, Arnold Lawson, only son of Thomas Lawson, of Boston, killed, Gilbert Johnson, of Denver, sacrificed his own life. The tragedy occurred on Wednesday at the Tom Lawson Mine at Vriquet, Mex., but the news has only reached Denver. The manager of the Mine was paying some of the men. Among them was Jesus Rocha, who demanded \$3. more. The manager refused, and angry words passed and the two men were soon engaged in a quarrel.

Suddenly the Mexican drew a long knife, Lawson and Johnson ran to the

manager's assistance. The Mexican aimed a blow at Rein, but young Lawson pulled the manager out of the way. The Mexican, wild with rage, tried to stab Lawson. Johnson attempted to disarm the man. Just as the Mexican's arm was raised to strike Lawson, Johnson attempted to catch his wrist, but missed and the knife was plunged into his breast. Rocha was overpowered, disarmed and taken away by angry miners, who it is said, lynched him. A doctor was summoned, but Johnson died before he arrived. Johnson was Chief Engineer of the mine. Johnson is survived by a mother, all of Denver.
