Features of the Ideal Engine

Strength

When you buy a farm engine you want one that is not everlasting on the job as a candidate for the scrap pile.

And when you get right down to "cases", test every farm engine on the market and note the relative points of merit you will find that the Ideal Hopper Cooled Engine is the strongest and best engine you can buy.

The Ideal is simple in construction, has few parts and every one has been carefully tested and tried to insure greatest possible strength. It will do all the work you want it to do and never stop running until you stop it or the fuel gives out.

Write today for our free illustrated catalog or call and see an Ideal in operation.

HELD IN ERROR FOR THIRTY-THREE YEARS.

Four men who became insane after being sent to State prison for short terms have been detained in the Ohio State hospital through an oversight for periods of between twenty-four and thirty-three years after their sentences expired. Their plight was discovered when the State hospital sent a bill to the prison authorities for maintaining the men.

According to law, State prisoners in the insane hospital, on completion of their sentence, must be taken back to their home counties and probated. This will be the procedure in these cases now.

John H. Whaler, sent to the penitentiary in 1874, has been confined 33 years longer than his sentence called for; L. B. Chidester, a forger, should have been released in 1884; Jerry Carter, convicted of arson, has been in 24 years longer than his time, and Charles Willis should have been released 27 years ago.

ANOTHER HERMIT OF CHELSEA TOWN.

One of the romances and mysteries of London life is recalled by the publication of the details of the will of Dr. John Samuel Phene, the recluse and scholar, of 5 Carlton terrace, Oakley street, Chelsea, London. Dr. Phene died on March 9, at the age of 89, and he left an estate of the gross value of $166,000. For many years Dr. Phene—he was a Doctor of Laws—lived alone. His staff consisted of two resident housekeepers and four men, the latter coming daily to their work.

Dr. Phene was a man of deep and varied learning, and was a member of many scientific and other societies. He owned much property in Chelsea, among this being the house of mystery at the corner of Upper Cheyne-row, almost opposite his own dwelling-place. All sorts of stories were made up and set on foot concerning this house, which was boarded up so that none should even see into the garden. For years it has been silent and empty, and this gave rise to a story that a love affair that never ripened into matrimony was the cause of the doctor's curious ways. This story, however, was untrue. Dr. Phene was married to Miss Margaret Forsyth. The marriage was not a happy one, however. Some explanation of the condition of the house of mystery was given by Mr. Owen. "A quarrel with the council about an overhanging bit of work annoyed the old despot, and he straightway discontinued completion."

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving $2 and Fully Guaranteed.

Sixteen ounces of cough syrup — as much as you could buy for $2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix two cups of granulated sugar with one cup of warm water, and stir for two minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a 16-ounce bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.

A guaranty of absolute satisfaction or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

TWO POINTERS ON HOW TO CURE A COLD

When you begin to sniff and feel a burning sensation in the nasal passages, or when a tickling irritation in your throat starts you coughing, the first important thing is to act at once. It's the neglected cold that becomes troublesome and dangerous.

The second important thing to do is to take Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne, and keep it up till the cold disappears entirely.

Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne is absolutely free from harmful drugs, and can safely be given even to moderately young children. It is pleasant tasting and quick acting, promptly relieving the irritation of the throat and nostrils, loosening the mucus, promoting expectoration, and checking the cold.

Your druggist has Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne in 25c. and 50c bottles, or can quickly get it for you. Compounded by the National Drug and Chemical Co. of Canada, Limited. 315

SOME MISTAKES WE MAKE.

To judge of the character and position of people by the clothes they wear.

To judge of the enjoyment of others in accordance with our own ideas of pleasure.

To spend on luxuries before we have paid our just debts.

To expect all others to abandon their opinions in order that they may profess to coincide with our own.

To set up a code of what is right and what is wrong, and expect others to respect it.

To insist, when the point is too trivial to make insistence worth while.

To consider as impossible all that we are unable to accomplish ourselves.

And lastly, to live as though our little present will be continued into the great forever, instead of going out with the setting sun.

The fact of a future life for man, believed and received, turns brass into gold, winter into summer, and drives man from the groveling pursuits of life to the highest attainments of the spiritual life. But if I am an animal and live but a day, let me live and die as an animal. Why not?

Why should the Christian be sad be cause he is growing old? Sorry because he is leaving a country where sorrow abounds and going to one of perfect happiness? From darkness to light, from the infirmities of old age into eternal youth? Leaving many enemies and going to where he will find only friends? Every night we camp one day's journey nearer that beautiful city.—Christian Leader and Way.

JOKES.

"Her finance was worth a million, but she threw him over for another."

"Married for love, did she?"

Not in the sense you mean; the other man had ten millions."

"It is Cupid who pierces hearts with his arrow."

"Yes, but it takes a pretty girl to draw the beau."

Jack—What sent poor Algy to an insane asylum?

Tom—A train of thought passed through his brain and wrecked it.—Boston Transcript.

Belle—How silly men are when they propose! Why, my husband acted like a perfect fool.

Nell— That's what everybody thought when your engagement was announced.

THE NIGHT IS LONE AND EERIE.

The night is lone and eerie,
The rooks are gone to rest;
I walk alone with my dearie,
And feel I'm one of the blest;
She is shy and needs my coaxing,
But perhaps she feared the crow,
For one cawed above at the moment,
And then she would say "No."

But love will wait for a comet,
And not believe in its fate;
Yea, love will wait for the last time,
And not believe it is hate;
The stars are blinking so bonnie—
But just then I saw a crow,
For one cawed above at the moment,
And then she would say "No."

The night is lone and eerie,
The rooks are gone to rest;
I walk alone with my dearie,
And feel I'm one of the blest;
I'm fisure to get her best answer,
The question I gently press.
When a dove flutters down before us,
And at last she answers "Yes."

BY THE YARD.

An Irishman passed a shop where a notice was displayed saying that everything was sold by the yard. Thinking to play a joke on the shopman, he entered and asked for a yard of milk.

The shopman, not in the least taken aback, dipped his finger in a bowl of milk and drew a line a yard long on the counter.

Pat, not ewishing to be caught in his own trap, asked the price.

"Sixpence," said the shopman.

"Allright, sor, Roll it up; I'll take it."

A DIFFERENCE.

A couple, who were at times subject to fits of incompatibility, were seated before the fire between rounds. A cat and a dog also shared the warmth of the blaze.

Wife—"See that dog and that cat. They never fight and scratch like we do."

Husband—"Tie them together and see what will happen."

Was a Victim of Bronchitis.

HAD TO BE PROPPED UP IN BED.

Bronchitis is an acute inflammation of the membranes lining the air tubes of the lungs, and begins with a tightness across the chest, and a difficulty of breathing accompanied by a hard dry cough which later develops into the raising of a greenish or yellowish phlegm.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, and thereby preventing it becoming chronic and perhaps turning into some serious lung trouble. Mrs. John Fawcett, Salisbury, N.B., writes: "A year ago I was a victim of Bronchitis. I was so bad I could not lie down, and had to be propped up in bed. As the doctor failed to do me much good a friend, who came to visit me, advised me to try Dr. Wood's Norway Pine Syrup. The first bottle helped me so wonderfully I took five bottles in all, and was cured. I have not had an attack of it since."

Price, 25 and 50 cents a bottle.

See you get "Dr. Wood's" when you ask for it. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A Short Talk About Island Chocolates

Why are Island Chocolates First-class? One reason is that your Island cream—Butter, etc., is as good as the best on earth. Another reason is that I have been making high grade chocolates for 25 years. With the best materials in the world why should I not be able to make the chocolates as good as the best? I AM making the ISLAND CHOCOLATES to my mind BETTER than anything you have had. I KNOW they are BETTER even if I cannot convince you.

WHY NOT get away from the unpatriotic and unjust assumption that goods made away from home are better than the Home made.

In the United States everyone shouts for his HOME TOWN and the GOODS made their. That is one of the secrets of the Yankees' success.

Try it in CHARLOTTETOWN, AND SEE HER GROW.
