WHILE crossing the street near the City Hall yesterday evening a little girl was knocked down by a passing team and one of the wheels went over her foot. The timely stopping of the horse by the driver prevented a more serious accident.

YESTERDAY afternoon two ladies, one on Dodd & Roger's corner and the other on Jenkins & Sons corner narrowly escaped being gored with an animal that was being driven to the weigh scales. One lady was lifted on the animals horns and the other knocked down. The escape was a marvellous one and the experience of those assaulted by the animals will likely be remembered.

Mr. Chas. Myers, preached in St. Andrew's Presbyterian Church, Montague, on Sunday last. After graphically describing the hardships endured by the first missionaries in the foreign field, he made an honest appeal for more support in this branch of the work. On Wednesday he will hold a meeting in McKinnon's Hall for the purpose of organizing a Woman's Foreign Missionary Association also a Mission Band for the children.

YESTERDAY Prof. St. C. Omer, Charlottetown's revered bootblack was prohibited from conducting business in front of a liquor dealer's store. The proprietor hurled the colored gentleman's outfit into the ditch, breaking it to pieces. When the Professor saw the way he was being treated he indignantly outlined his right to operate on the street corner. After a strong argument he proceeded to mete out the punishment he deemed necessary. Before he ended the liquor man had to "stanaway."

As the warm weather approaches the vehement desire for drink increases. Every solid and every fluid of the body contains water and hence abstraction or diminution of the watery constituents is followed by a general depression of the whole system. Thirst is a common symptom of febrile and other diseases. A feeling of dryness in the mouth and throat; the uncomfortable sensations arising from the want of fluid nutriment; the uneasiness or suffering occasioned by want of drink can all be alleviated by the use of the excellent temperance drinks, ginger ale, cream soda, champagne, cider, club soda and siphon soda manufactured by Ferris & Fredericksen.

A very enthusiastic meeting of the Phoenix Club was held last evening. Mr. Harrison Carvell, who has been a member of this Club for upwards of 20 years handed in his resignation as Captain, which was accepted with a great deal of regret, his loss will be keenly felt, being one of the most energetic members that the Club has had. All join in wishing him every prosperity in his new field of labor. Rev. Mr. Williams was unanimously elected Captain, and the members are delighted in this selection. A large number of the Young Men's Club of St. Paul's are members. It may be remembered that the Rev. gentlemen, on the occasion of the warship's visit last year, rolled up the large score of 65 runs and on the 24th May he lost none of his former skill in bowling. It looks as if cricket here is now coming to the front and we hope the Phoenix will become one of the foremost in the Maritime Provinces.
