## Had Many Boils On His Neck and Body

While the skin seems to be the cause of the irritating and painful boils the real trouble is rooted in the blood, and when you think you are rid of one, another seems ready to take its place and prolong your agony.

All the poulticing and lancing you may do does not, as a rule, get rid of them. What is most essential is to give the blood a thorough cleansing.

When the blood is purified, cleansed and vitalized by Burdock Blood Bitters the boils disappear, your misery is at an end, your health and strength renewed, and the skin clean and smooth.

MR. ALFRED A. FERRIER, Falkenburg, Ont., writes:—"Several years ago I suffered greatly from numerous boils on my neck and body, and had three blind ones on my knee.

Our druggist advised me to take Burdock Blood Bitters, so I took two bottles, and in a short time I was completely rid of the boils."

## 58th Wedding Anniversary Celebrated

On Dec. 25th the home of Mr. and Mrs. Daniel Dunning at Kensington was the scene of a joyous gathering, when a number of relatives assembled to spend the day and celebrate, not only the sacred day of Christmas, but also to commemorate with them the 58th anniversary of their wedding.

Mr. Dunning was born in Clinton, 77 years ago, spending the early part of his life there. Finding his partner for life at Clifton, a settlement a few miles away, in the fair young person of Miss Margaret Currie, they were married at Margate, in the year 1879, by the Rev. Elias Slackford, then Methodist Minister on the Margate Circuit.

With love and hope and faith in their hearts, they made a home for themselves and faced life courageously together.

In those early days it was not always easy to live and bring up a family, but Mr. and Mrs. Dunning not only successfully raised and provided for a large family, but made ample provision for a comfortable home for themelves in their old age.

Now, surrounded by their children, grand children, and great-grandchildren, they are conscious of peace and contentment and a faith in God's goodness.

It was a happy, merry party who sat down together, to do justice to the fine Christmas dinner provided for the occasion. The table was prettily decorated with flowers and a large bride's cake, which had been presented to "Mother" from the immediate family. Miss Ruth Hiltz, a granddaughter, just returned from Moncton, N. B., to spend Christmas and be present on this festal occasion, brought with her a beautiful bouquet of Chrisantheumums and roses and presented them to Mr. and Mrs. Dunning. A number of other gifts were received.

A son, Mr. Joseph Dunning, residing in McCreary, Manitoba, had planned to be present, but was regrettably prevented on account of sickness in his family.

The afternoon and evening passed all too quickly—for the hand of time is not stayed nor stopped for even the happiest occasion—and the guests departed, leaving behind them affection and goodwill, and the hope that Mr. and Mrs. Dunning be permitted to enjoy many more years of happy wedded life together.—B

## Seek Greater Voice In Trade Matters

(C.P. By Guardian's Special Wire)

WASHINGTON, Jan. 9—Senators of both major political parties today stood behind a demand that Congress be given a greater voice in formation of United States trade agreements ,the next of which will be with the United Kingdom, its colonies, mandated territories and Newfoundland.

Twenty four hours after the New Deal administration had announced a long list of articles to be considered for concessions in the projected pact with the London Government, Senator O'Mahoney, Wyoming Democrat, proposed Saturday the passage of legislation to prevent any proclamation of a trade agreement from becoming effective until 30 days notice of its terms had been given to Congress.

Senator Connally (D—Texas) and Senator Bone (D—Wash) suggested the legislation should go further and require submission of treaty terms to Congress before agreements were completed.

## Conciliation Board Postpones Hearing

(By The Canadian Press)

MINTO, N. B., Jan. 9—Sittings of the Board of Conciliation appointed to investigate dispute between operators and miners in the Minto coal fields, scheduled to open in Fredericton tomorrow, had been postponed until Tuesday, it was announced here tonight.

Meanwhile, members of the Minto local, United Mine Workers of America, prepared to apply individually for work at their mines tomorrow, on advice of U. M. W. officials to comply with a demand of the operators.

Operators said they would take back as many men as possible if they applied individually, but made it clear they considered loss of markets since the men stopped work Oct. 13 would necessitate smaller staffs than they had previously employed.

Pride gives little praise, but expects much.

## Lectures On Co-operatives In Nova Scotia

Mr. Alban MacDonald was the speaker at the regular monthly meeting of the North Bedeque Farmers Institute last week. Mr. MacDonald is taking a post graduate course at St. Francis Xavier University, Antigonish, N. S., and is well qualified to speak on co-operatives in Eastern Nova Scotia which was his subject.

He traced the movement from its beginning when the University of St. Francis Xavier interested itself in the movement because of the necessity for some such co-operation for the farmers and fishermen and miners of that region. He showed that through educational work, study clubs, now reaching nearly the 1,000 mark the farmers had taken marvellous strides in gaining control of their own economic affairs, eliminating many of the usual middleman costs and providing some of their own credit and banking facilities.

He described the various forms of co-operatives set up: "The Credit Union, a people's bank for saving, lending and borrowing, with instances of how new stoves were bought, houses repaired, hospital expenses provided by this agency, "Co-operative Stores", supplying consumers goods. "co-operative lobster factories," packing, and marketing the fisherman's own catch, etc. After many questions, a vote of thanks was tendered the lecturer.

Then the usual business was transacted. Mr. Ralph McCaull read the financial statement for last year duly audited, showing a goodly balance on hand. Arrangements were authorized for securing credit to make advantageous purchases as the occasion arose.

## Bishop Sends Apology To Newspaper

HAMILTON, Bermuda, Jan. 9—(CP Cable)—Rt. Rev. A.H. Browne, Anglican Bishop of Bermuda, sent his apologies Saturday to the newspaper from whose office he removed prints of the Duke and Duchess of Windsor last Wednesday.

Bishop Browne expressed regret that he had yielded "to the sudden impulse which he ought to have known how to control." He added that he realized he had no right whatever to take this arbitrary action and that the proper procedure should have been to make representations to the directors of the newspaper concerned, (the Bermuda Royal Gazette and Colonist Daily.)

He felt that representations should have been made regarding the "impropriety" of permitting such things to be exhibited in the office of a newspaper which filled such a great place in the common life of the colony.

"But if a protest was needed, there was no possible excuse for the manner in which it was made, particularly by one who might be expected to set an example of orderly and seemly behavior," the bishop declared. He could only blame himself as severely as any other person can blame him, the apology concluded.

## Is Awarded Life-saving Certificate

Neighbours and friends of Mr. Harris Pye gathered at the home of Mr. and Mrs. Edward Miller of Lot 16 on Wednesday last, the occasion being the presentation of a testimonial from the Royal Canadian Humane Association to Mr. Pye in recognition of his gallant rescue of two persons from drowning in Grand River last September. Rev. Mr. Christie made the presentation and referred to the incident meriting the award and also mentioned the fact that it was not the first time that Mr. Pye had risked his life to save others.

The event was marked with congratulatory speeches from others present who voted Mr. Pye a "very jolly good fellow." S

**Temporary Government**

Foreign residents organized a temporary government to take over the protection of the city's utilities and afford emergency police protection.

In Shanghai French officials indicated they probably would protest to Japan against an assault by Japanese troops on police of the French Concession Saturday.

The incident, the second clash in two days between Japanese soldiers and foreign police, brought Japanese guns into line for more than an hour on the border between Nantao and the French Concession.

The French rushed two armored cars of reinforcements to the area but the menacing situation was dissolved by an agreement between French Consul Pierre Auge and Japanese officials. French authorities declared, nevertheless, they probably would make a formal protest.

Cornell S. Franklin, chairman of the Shanghai Municipal Council, lodged a strenuous protest with Suemasa Okamoto, Japanese Consul-General against attacks by Japanese armed forces on Settlement police.

It followed a similar warning by the British Commander, Major-General A. P. D. Telfer-Smollett. He advised the Japanese Friday that a recurrence of a beating of two British policemen under circumstances like the French incident might cause "gravest consequences."

## Alcohol Seizure Valued At $73,996

(By The Canadian Press)

SAINT JOHN, N. B., Jan. 9—Alcohol valued at $73,996 was aboard the schooner Admiral Beatty when she was captured off Partridge Island near here Christmas eve, prosecution evidence claimed at preliminary hearing of Captain James Bellman and his crew of five.

Magistrate G. Earle Logan set tomorrow evening as time when formal commitments would be issued. Captain Bellman was charged with smuggling, and his crew with assisting in smuggling. Crew members were Robert Long, Richibucto, N.B.; Paul Detcheverry, Miquelon, Chesley Madigan, John Cusick, both of Newfoundland, and Francis Guyomard, Miquelon.

It was first believed the captured cargo was worth about $35,000, but prosecution claimed there were 580 cases and 408 cans of 69 per cent overproof alcohol aboard, for a total of 3,920 gallons valued at $73,996 with customs and sales taxes paid.

### BAN COLLECTION OF SPEECHES

BASEL, Switzerland, Jan. 9—(AP)—A collection of speeches of Earl Baldwin, former Prime Minister of Great Britain, and President Roosevelt of the United States, has been banned in Germany as "undesirable literature," it was learned today.

It is selfish charity that begins and ends at home.

## Anglo-U. S. Pact Depends On Agreement With Dominions

LONDON, Jan. 9—Conclusion of an Anglo-American trade pact depends "primarily on agreement between the United States and the dominions," since the latter will inevitably be affected by every important British concession to the United States, it is asserted in the current issue of the Bulletin of International Affairs published here Saturday.

The bulletin pointed out that the trade volume between the United Kingdom and the United States is greater than that between any other two nations except Canada and the United States.

Since the two nations both strongly espouse the most-favored-nation principle, all reciprocal tariff concessions will automatically be extended to most other countries, the article said. It was recognized, however, that the practical importance of this clause is considerably diminished—particularly as far as the United States is concerned—by the habit of limiting concessions to goods of which the second party to the agreement is the principal producer and in which other countries are not greatly interested.

Despite this, the bulletin stressed that the indirect benefits flowing from stimulation of commerce between the world's two greatest nations would be considerable.

## Week Of Prayer At Kensington

The Week of Prayer was observed in the Protestant churches at Kensington, by special services held in the three churches.

On Tuesday evening the opening service was held in the United Church with Rev. B. C. Salter presiding, and Rev. W. O. Rhoad as special speaker, taking for his subject "Righteousness."

On Wednesday evening, the service was held in St. Mark's Anglican Church, with Rev. B. Fream conducting, assisted by Rev. W. O. Rhoad, who read the Scriptures. Rev. B. C. Salter gave the address, following along from the theme of the night before, and taking for his subject, "How to obtain Righteousness."

The concluding service was held in the Presbyterian church on Thursday evening with Rev. W. O. Rhoad presiding and Rev. B. C. Salter assisting. Rev. B. Fream was the special speaker, taking for his text "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of Man shall give unto you."

The choirs united to lead in the service of song. The meetings were of a helpful spiritual nature and a deep interest was manifest, as evidenced by the large attendance throughout.—B

## ICEBREAKER

(Continued from page 1)

Brown said he and his sons were grateful for the food dropped from the plane as the supply taken on at Georgetown for the short voyage was running low.

Supplies dropped by the low flying plane were considerably smashed when they struck the ice. Capt. Brown said and some were reached by the crew only with great difficulty. What they were unable to recover, however, numerous seals which surrounded the vessel soon devoured.

The only sign of life on the ice of the Strait were the seals, the Mahone's crew declared. Large numbers of the little sea animals swarmed around the imprisoned craft.

Shortly after sailing from Quebec City last Wednesday the Montcalm was instructed to proceed to the aid of the Mahone. The R. C. M. P. patrol cruiser Ulna attempted to reach the imprisoned craft, but was forced back by the heavy ice. Meanwhile the Mahone's crew attempted to find their way out of the ice through "leads," but were unsuccessful.

After drifting helplessly for several miles in the ice with "numerous seals" as their only company, the Mahone was about one mile south of Tryon Shoal buoy, a few miles from Victoria, when the Montcalm reached her Saturday night. The icebreaker escorted the Mahone to Charlottetown owing to shallow water at Victoria.

The two vessels reached here yesterday at 12.30 p. m. The Mahone equipped with two masts and foresail as well as her engine, showed no signs of buffetting by the ice. 130 gallons of fuel oil taken on board when the craft sailed Monday were almost exhausted when the Mahone reached port yesterday.

## FISH BUYERS

ised not to transport any of them to the other south shore fishing centre. The Douglas and Robert sailed for Lockeport Friday presumably to tie-up until a settlement was reached.

Only three men were on hand to board the bus and they made no move to enter when the balance of the schooner's crew failed to turn up.

One vessel the Dot and Hellie, was on the fishing grounds today. She sailed last week for Lockeport, also presumably to tie-up but her crew were picked up and brought there later.

**Take Precautions**

HALIFAX, Jan. 9—One platoon of the Halifax police department, scheduled to go on duty at midnight, was called in earlier tonight "purely as a precautionary measure" against possible disorder at the National Fish Company's Water Street plant where union pickets are out in force.

Police officials stressed that it was a precautionary measure.

About 150 pickets, all members of the Halifax Fish Handlers and Cutters Union, on strike for union recognition, patrolled the alley leading to the company's wharf and plant. Some of their number were women.

The trawler Viernoe is expected early Monday morning. It was feared the pickets would attempt to prevent unloading of her cargo by men who had run the picket lines and already were in the plant

## Canada Places New Aircraft Order

OTTAWA, Jan. 9—(CP)—The Department of National Defence announced tonight it had placed additional orders with Canadian Vickers, Limited, of Montreal for three more Stranraer flying boats and nine more Northrop "Delta."

Cost of the new aircraft will come out of the $35,000,000 defence estimates passed at the 1937 session of parliament.

## *Death On Saturday Of Archdeacon White*

### Beloved Rector Of St. Mary's And St. John's Anglican Churches Passed Away After Enjoying Only A Few Months Of Well-earned Retirement.

It was with profound sorrow that the parishioners of St. Mary's and St. John's Anglican Churches learned that their beloved Archdeacon, Rev. Charles De Wolfe White, M. A., D. D., had passed to his eternal rest about ten o'clock on Saturday morning.

The Archdeacon for over a quarter of a century had been rector of St. Mary's Church, Summerside, and St. John's Church, St. Eleanors, and wes beloved by his parishioners for his unselfish devotion to duty and kindness to them when in sorrow or trouble.

The Archdeacon was obliged to retire from active ministry in June last on account of ill health, but remained Archdeacon of the Island parishes until his death. It was thought that when relieved of active duty Dr. White would recover in some measure his failing health, and for a short time he seemed to improve but just before Christmas he was taken ill and although from time to time he was brighter it soon became apparent that the end was near. On New Year's Day he was able to see many visitors, who learned with deep regret of his passing just one week later. To Mrs. White and to his family who were all devoted to him the sympathy of everyone is extended in their sorrow and bereavement.

Rev. Charles De Wolfe White was born in Shelburne, N. S., on July 15th, 1869, the son of the late N. W. White of Shelburne. He attended Collegiate School, Windsor, N. S., 1883 to 1886, and matriculated into King's College 1886; he graduated with B. A. in 1890, and at Trinity College Toronto in 1891.

On June 12th, 1892, in Christ Church, Shelburne, he was made deacon and ordained to the priesthood in St. Paul's Church, Halifax, May 20th, 1894. From 1892 to 1894 he was curate at Parrsboro, N. S. In 1894 he became rector of Christ Church, New Ross, where he performed his duties faithfully and well until 1900. From New Ross he went to Kentville as Rector until 1911, when he came to Prince Edward Island to take over the duties of Rector of St. Eleanors and Summerside Anglican Churches.

On January 1st, 1925 he became Archdeacon of the Anglican parishes of Prince Edward Island. His associations with the clergy of the Island have always been most pleasant.

In the death of Archdeacon White the Anglican Church has lost one of its outstanding ministers one who was held in high esteem by Archbishops, Bishops and Clergy. He was a fearless and eloquent speaker, standing firm at all times for the high traditions of the Church of England. His sermons were always an inspiration to his parishioners and no church meeting was complete without his presence. Those young men and women who as boys and girls received their religious instruction from him were well grounded in the precepts of the church and expressed their love for their Rector in affectionate letters to him after they had left their home town.

The parishes of St. John's and St. Mary's progressed favorably under his guidence and many events of interest took place during his term of office.

St. John's Parish dates back to 1823 and is closely connected with the early growth of the Anglican Church on the Island, the church building being the oldest.

The Archdeacon had the pleasure of presiding at the centennial celebration of the building of St. John's Church on July 10th, 1932, the celebration being postponed from 1931 on account of the Archdeacon's illness.

At this time the Archdeacon was congratulated on having completed twenty years as Rector of old St. John's. His Grace, the late Archbishop Worrell, attended this service which was an occasion of great rejoicing.

Many improvements were made to the church during Dr. White's rectorship. The present church of St. Mary's was built in 1911, the earlier church having being destroyed by fire on Oct. 10th, 1906, and Rev. Dr. White coming to take over the parish in the year 1911 can be said to have been the only Rector the church has had. He assisted the late Rt. Rev. Bishop Worrell in the consecration of the church building on June 8th, 1913. The present rectory was purchased in 1912 and was the home of the rector and his family until last July.

The Archdeacon also saw the erection of the new church hall in 1928. Under his guidance both churches have grown with many sons of the parish in holy orders. One son of the Archdeacon, Rev. Charles De W. White, was ordained in All Saint's Cathedral, Halifax, in 1926 and is now Rector of St. Luke's Church, Annapolis Royal. His eldest son Deane was killed in active service in the Great War in 1918. At the midnight service on Christmas Eve a processional cross, the gift of the Archdeacon and Mrs. White was dedicated to the use of the church in memory of their son.

Upon his retirement the Archdeacon was presented with an address and presentation from the parishioners of St. Mary's Church. He was also honored with an address from Mayor Robinson and the members of the Town Council in token of the high esteem in which he was held by all classes of citizens.

Rev. Dr. White had a very charming personality. His many friends liked nothing better than to drop in and chat with him and always came away feeling refreshed with their visit. He had a keen sense of humor and from his vast experience and knowledge of life was never at a loss to entertain his visitors. His successor Rev. G. R. Harrison, visited the Archdeacon during his last illness and comforted the family in their sad bereavement.

There are left to mourn, his widow, formerly of New Ross, and the following sons and daughters: Ross, of Bennington, Vt.; Francis Mrs. D. MacPherson, 266 Greenwood, Newton Centre, Mass.; Rev. Charles De Wolf White, Rector of St. Luke's Church, Annapolis Royal; Mary, Mrs. William Moy, Rexburn, Mass.; Nathaniel W. of Shelburne; Cornelia, Mrs. Charles Mackley, Winnipeg; Harold, of the Canadian Bank of Commerce, Halifax; Mark, of New Ross, N. S.; Miss Ethel of Belmont, Mass., and Thomas and Miss Betty at home; also one brother, Mr. T. P. White of Shelburne, to all of whom deep sympathy is extended.

Rev. Charles De W. White arrived [illegible] evening and Mrs. MacPherson on Saturday morning. It is expected that Harold, Mark and Nathaniel will be home for the funeral, which will be on Tuesday at 11 a. m. from St. Mary's Church and at which Rt. Rev. Bishop Hackenley will officiate. The body will be taken to the church on Monday morning but will not lie in state, the casket remaining closed.

## Receives Books From Mussolini

NEW GLASGOW, N. S., Jan. 9—Roy Coates, 19 year old New Glasgow negro, is showing friends a Christmas present he received from Premier Mussolini of Italy.

Last spring, Coates wrote Il Duce, told him he was a negro, very interested in history, and asked if he could spare a few of his own writings.

A few days before Christmas a package of 10 books, two of them written by Mussolini and translated into English, arrived for Coates. Those by the Italian Premier were "The Doctrine of Fascism" and the "The Cooperative State."

A letter from the Italian Consul in Montreal which accompanied the books, thanked Coates for his letter.
