THE FUNERAL OF THE ARCHBISHOP

Strikingly Impressive and Solemn Ceremony—Immense Number in Attendance—The Sermon Preached by Rev. Doctor Morrison of this City.

HALIFAX, March 14.—The last and earthly rites of the Right Rev. Dr. O'Brien, late Archbishop of Halifax, have been performed. The spot where the interment was made today is just north of the chapel in the cemetery of the Holy Cross, the vault being in the space reserved for clergy. Last evening there was a large number present in the Cathedral. As on the previous night guards from different Catholic societies were on duty all last night at the Cathedral, and this morning after 7 o'clock Mass the Cathedral doors were closed until shortly after nine o'clock, numbers of clergy in the meantime celebrating Mass at three altars. After the doors were re-opened preparatory to the Requiem Mass and services, a large throng crowded into it. The gathering of clergy participating in the ceremonies was one of the largest ever seen in the Lower Provinces, including many prelates of distinction. Pontifical Mass was celebrated by His Excellency Monsgr. Sbarretti, papal delegate, and the funeral oration which was a very able one, was delivered by Rev. Dr. Morrison, V. G. of Charlottetown, who is generally conceded to be one of the cleverest Catholic clergymen in the Maritime Provinces. Following the Mass was the ceremony of Absolution pronounced by Monsgr. Sbarretti. The choir was composed of seventy-five male voices. The Mass was the Gregorian Mass of Angels. "During the progress of the Mass and sermon the deep sorrow of the congregation was evident on all sides and there were many who wept. It was near midday when the ceremonies in the Cathedral were finished and the casket containing the remains conveyed down the central aisle and placed in a purple draped hearse drawn by four black horses. The drivers of the hearse were in fawn uniforms. Officers and members of the different societies lined the route of the cortege two deep and fell into line four deep as the funeral passed them and then followed on to the cemetery. The streets through which the cortege passed were thronged with people and everybody showed the utmost respect as funeral and funeral car conveying to their last resting place the remains of their distinguished fellow citizen passed.

PREMIER WITTE INSISTS ON SUPPRESSING THE LEAGUE

Of the Russian People, Alias the Black Hundred, a Reactionary Conspiracy with which Treppoff is Connected—A Plot to Provoke Riots and Jewish Massacres, and so Prove the Russian Unfit for Self Government of any Sort.

ST. PETERSBURG, March 14.—(Special)—At today's session of the Cabinet Premier Witte insisted upon the suppression of the organization known as the League of the Russian People, through which the agitation of the reactionary Black Hundred is propagated.

A plot to produce a counter revolution in the hope of sweeping away the reforms outlined in the manifesto of October 90 had its origin in this cabal. The conspiracy includes General Treppoff and other prominent reactionaries. The plan is to provoke riots, and massacres of Jews and revolutionists, to justify still more terrible repressions and thereby prove to His Majesty that the people are not ripe for any sort of self-government.

BRITISH LINER WENT TO BOTTOM

And Twenty-Eight Persons Perished—Many Were Saved by Passing Steamers—The Captain Died of exposure—A Strange Cause Assigned for the Disaster

BOSTON, March 14.—(Special)—The Phoenix line steamer British King foundered at sea last Sunday and only 28 out of 36 persons on board were saved. News of the disaster was brought today by the steamer Bostonian from Manchester. The British King was bound to Antwerp from New York. The disaster was caused by barrels of

oil and other wreckage which had been lost from the vessel in a violent storm and which the furious waves threw back against the hull until an aperture was made. The Bostonian had seventeen survivors and eleven others were picked up by the German tank steamer Mänheim. Little doubt exists that the 28 missing persons perished. The captain died of exposure.

There are now 44 colonies, with a population of 6,000 people, and they own twenty threshing machines, six flour mills, five lumber mills, fifteen steam ploughs, and a brickyard, with an annual output of a million and a half bricks. They also have food supplies sufficient for three years stored. Mr. Verigen warmly defends the community principle of the Doukhobors, as being the only one which has made progress possible in their impoverished condition on arrival here. Every village is now engaged in the erection of a school and church.

MARRIAGE ON GORGEOUS SCALE

SAN SEBASTIAN, March 13.—King Alfonso and his mother arrived here Monday. His Majesty started almost immediately in an automobile for Hendaye, where he took a train for Anglet to meet Princess Henry of Battenburg and Princess Ena. He accompanied the Princess to San Sebastian. King Alfonso is credited with aiming to have more pomp and more splendor at his marriage than has marked any previous royal marriage. One feature will be an unparalleled procession of state coaches. His Majesty has thirty-four gorgeous vehicles ready and hopes to have at least forty in the procession. Sixteen of those are historic creations that have not been used in many years. They have been repaired under the superintendence of the King. It is a fact with every Spanish sovereign to try to eclipse his predecessors in the matter of gala coaches, and Alfonso is no exception. One is covered with polished tortoise shell and is estimated to be worth \$100,000. In addition to the royal coaches, there will be a long train of private state coaches belonging to the grandest, many of whom possess wonderful decorated carriages that are as grand as many owned by sovereigns.

ELMER YOUNG IS REFUSED AID

WASHINGTON, D. C. March 13.—Elmer E. Young, of Boston who alleges illegal arrest and detention in Nova Scotia last summer, will receive no further aid from the state department. He asked not long ago that a committee be appointed and that he be heard in Boston. To this the department has answered that it can take no such action. The department officials believe that Young's remedy, if he was unjustly detained, lies in an action of tort before the Nova Scotia courts.

THIS LADY WAS RECORD BREAKER

LONDON, March 13.—An old maiden lady from Bristol, named Susanne Ford, whose age, she herself admits, is 83 years, has just published all the letters she has received during her life, containing offers of marriage, in connection with a recent newspaper contest for an ideal love letter.

Incidentally, the old lady wishes to show that if she has remained single so long it was not because of the lack of opportunities, as malignant tongues would have it. Her letters, just published, number 8,999, and were written by 375 men. Of these one is a general of the army, another a commodore, two are colonels, thirty-three lieutenants, 102 oratories, 46 captains of merchant vessels, four engineers, one serjeant, ten chauffeurs, four coachmen, 101 cooks and servants, forty janitors, sixteen doctors of medicine, 8 lawyers and two missionaries in foreign countries.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults. Cavaignac was minister of war and who had a dispute with the late minister, General Andre, about some of the papers.

A BRAVE BOY'S BRAVE WORK

PORT HURON, Mich., March 12.—Last Wednesday, while standing on the platform of the Grand Trunk Station, Glenn Clark, a fifteen-year-old boy noticed a misplaced switch and a rapidly moving Grand Trunk passenger special approaching. The boy jumped to the switch and succeeded in getting it straight a moment before the train rushed by. A representative of the Empire separator Company, who was on the special returned yesterday and telegraphed young Clark to meet him. They offered him a purse of \$100 for his act. He however, refused to accept it, saying he had done nothing more than his duty. The money was left here, with instructions to induce him to accept it.

FLIRTY LADIES BACK IN CHOIR

ST. CATHARINES, Ont., March 13.—Rev. W. B. Neville, new rector of St. Barnabas' Church, who got himself into trouble a week ago by dismissing eight ladies of the choir because of the "awful stories" he had heard about them, to use his own expression, has made amends honorable to the aggrieved ones and they sang in the choir Sunday as if nothing had happened.
