As a Food For the Skin

Powders may cover up the disfiguring eruptions, but can never cure them, and are positively injurious, because they clog up the pores of the skin. Dr. Chase's Ointment is a food for the skin. It is readily absorbed, and thoroughly cures each and every skin disease, making the skin smooth, soft and clear. No woman's toilet is complete without Dr. Chase's Ointment, for, besides being the most perfect skin beautifier obtainable, it can be used in a score of different ways. It absolutely cures eczema, salt rheum and the itching to which women are especially subject. When the feet are sore and chafed with walking an application of Dr. Chase's Ointment takes out the smarting and allays the inflammation in a surprisingly short time. Then for burns, scalds and every sort of chafing, irritation or eruption of the skin, Dr. Chase's Ointment affords a safe and certain cure. It has come to be indispensable in scores of thousands of homes; 60 cents a box, at all dealers', or Edmanson, Bates & Co., Toronto.

HOW ARE YOUR EYES?

This is an important question and one that should receive careful thought. While we don't claim to be able to suit all who are suffering with their eyes, we know of a good many who have received great benefit by wearing our properly fitted glasses. It is likely we can help you.

A PRESS report is to the following effect: Rev. J. A. Seller intends asking the Methodist conference to allow him to go to Mount Allison next year, with a view to taking the B. A. degree. Mr. Seller was a first class teacher on P. E. I. before entering the ministry, and spent two years in Prince of Wales College, Charlottetown.—Wesleyan.

MR. D. HOWLETT has completed the painting and renovating of a number of the offices in the Provincial Building. Among the number are the offices of the Superintendent of Education, the offices of the Engineer and the Commissioner of Public Works. The fronts of the stores of Messrs. Fennell & Chandler and Jas. D. Taylor have also been tastefully decorated and painted.

FARMERS are busily engaged making necessary preparations for cropping. Much dissatisfaction is expressed by farmers and merchants, in the localities depending upon the Str. Jacques Cartier for transportation, owing to the tardiness of the latter in commencing her regular summer trips. She should have been placed on the route two weeks ago or a substitute should have been found to accommodate these large and important sections now so greatly inconvenienced.—Heatherdale Cor.

DR. and Mrs. Sprague would say, if it were possible, how deeply they have been touched and how greatly comforted, by the many kind messages that have been sent them in their time of sorrow. They are unable to answer them, as they would like to do, one by one. They beg that the many friends who, both before and since the death of their son Fred, have expressed in so many ways their regard for him, and their sympathy with them, will kindly accept this general assurance of the family's appreciation and gratitude.—Wesleyan.

REMARKABLE SUCCESS.

Of a New Catarrh Cure.

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigations has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions without having the remotest effect upon the blood and liver, which are the real resources of catarrhal diseases.

It has been known for years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkably success as a genuine, radical cure for catarrh.

It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets large pleasant tasting lozenges, composed principally of antiseptic ingredients Eucalyptol, Guaiacol, Sanguinaria, Hydrastin and similar catarrh specifics.

Dr. Ainslie in speaking of the new catarrh cure says: I have tried the new catarrh remedy Stuart's Catarrh Tablets upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat more effectually and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patient medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and even a little child may use them with entire safety.

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach liver or bladder will find Stuart's Catarrh Tablets remarkably effective pleasant and convenient and your druggist will tell you they are absolutely free from any injurious drug.
