MARRIED FOLKS LIVE LONGEST

(Canadian Press)

LONDON, Feb. 25—Marriage would appear to be conducive to longevity says Dr. Bernard Hollander, the well-known ethical professor, married folk take more care of themselves. But unhappy marriages, on account of the anxiety and worry they cause, are the surest means to hasten the oncoming of old age.

There are some occupations which obviously tend to shorten lives. The medical man's average duration of life is decidedly low. Only successful lawyers appear to attain a great age, as may be seen in the case of many of our judges. Humorists, philosophers, historians and highly intellectual people, in general, appear to live long. The group which presents the weakest side of longevity is that of the novelist, dramatists, and poets, probably because they lead, or used to lead, more irregular lives.

Senile decay before 90 years of age should be regarded as premature. Men often die as trees die, slowly and at the top first. The enormous stupidity, backwardness, and "red-tapeism" of Government Departments everywhere are probably due in large measure to the fact that they are too much controlled by age.

Canadian farms in 1930 showed an increase of more than one million in the poultry population over 1929, this increase being almost entirely in hens and chickens.

Take the recognized standard remedy that contains both quinine and a laxative.

BAPTIST CHURCH—Despite the unfavourable weather a goodly number attended the Evangelistic services at the Baptist Church on Monday and Tuesday evening. Last evening a greatly increased congregation was in attendance and as the Minister, Dr. A. C. Vincent spoke with feeling eloquence on John 3:16, "For God so loved the world," the deep interest of his hearers was plainly manifest. Services continue tonight and Friday at 7.30 and a hearty welcome is extended to all.

RECEIVES SAD NEWS—Mrs. D. J. Riley of this city has received a wire conveying the sad news that her nephew, Dr. Phillip A. Kirwan, had passed away at Young, Saskatchewan, where the funeral will take place. Dr. Kirwan was a young man of about 28 years of age and had been successfully practicing in the west for several years. His parents predeceased him. There are left to mourn, two brothers, Richard Reidin Kirwan, electrical engineer, in Sudbury, Ont., and Dr. Patrick Kirwan in Halifax; also three sisters, Miss Dorothy Kirwan in Summerside, Miss Frances Kirwan in Charlottetown, and Miss Marie Kirwan at present residing in Arizona.

LECTURE NIGHT RUSH STRONG IN WINNIPEG (Canadian Press)

WINNIPEG, Man., Feb. 25—Description of a popular series of lectures at the University of Manitoba the MANTOBA FREE PRESS editorially says:

"Twenty-five years ago the University of Manitoba inaugurated a series of popular lectures on Friday evenings in February. It is a University contact which has reached out far and wide across the city until the police have had to be called in to regulate the traffic—almond bound for 'Theatre A' on lecture night."

"This year's series opened when Prof. R. A. Wardie discussed 'Some Aspects of Human Heredity'. Dr. Savage of the faculty of Agriculture will lecture on 'The Veterinarian, the Farmer and the Public'. Next the audience will be taken far off down the years by Prof. S. R. Kirk when he will tell the story the fossils have told to him. The department of Classics will have the last word with Prof. Huggill's talks on 'Greece Yesterday and Today'. The University gives the party, and the public is invited."

HUSBAND CONTROLS WIFE'S MAIL

(Canadian Press)

WINNIPEG, Man., Feb. 25—An editor here remarks that considerable emotion has been aroused among the women of France by a decision of a Bordeaux judge that a husband has the right "to control and supervise his wife's correspondence."

In short, the learned judge says that a man may open his wife's letters both going and coming. Other legal authorities who have been consulted are inclined to think that while the husband has this right, he should exercise it only in his wife's presence. By way of a sop to the offended feelings of the ladies, it is recalled that French courts have upheld women who "pick up and read letters which husbands imprudently leave in their coat pockets." Such letters have even been recognized by courts as proper evidence.

The "right" of any woman to pick a letter out of her husband's pockets, or even to go further and pick the odd dollar bill or two, has been recognized by Canadian wives for many years. In fact, it is believed to be based upon an old stone age custom, when the only opportunity a wife had of inquiring into her husband's affairs was when he slept. But, really, while one admits to ignorance as to whether a British court has ever upheld the right of a husband to open his wife's letters, especially in her presence, one is ready to hazard the opinion that any Canadian wife's comment at the first attempt be a withering "Oh, Ye-ah?"

And the accompanying enveloping chill would be enough to still the hand of the daring husband; it would be enough, in truth, to cause a prolonged cold spell even in this mild winter.

NATIONAL ART FORM IS IDEAL STRESSED

(Canadian Press)

MONTREAL, Feb. 25 (The Canadian Press)—A note of optimism with regard to the possible preservation and development of the main features and characteristics of the peoples who settled on Canadian soil, their style of architecture, their ability to express their thoughts, tastes and ideals in artistic forms, particularly in the Province of Quebec, was sounded by Charles Maillard, director of the Provincial School of Fine Arts, in a recent address delivered before a distinguished gathering of members and women guests at the Cercle Universitaire.

Prof. Maillard outlined the efforts of the pioneers of this country to lay wide and deep and the foundation of a new and distinct Canadian nation, their spirit of enterprise in commerce and industry, their determination to remain Canadians in mind and purpose. His great past is handed on to us to preserve and improve, he said, and one of the best means of doing so is by artistic expression.

Isolated artists, men and women of more than average ability existed in the past, artists who expressed by their style of architecture in private and public buildings, churches and public monuments, in scenes of interior decoration, some of the leading facts of Canadian history and the life of our ancestors, he said. To perpetuate these traditions of the past and better acquaint the rising generation with the modern technique and the history of the great schools of art, the Government of the Province of Quebec opened, eight years ago, in Montreal, a Provincial school of Fine Arts.

Pile Sufferers

Can You Answer These Questions?

Do you know why external remedies do not give quick and permanent relief?

Why cutting does not remove the cause?

Do you know the cause of Piles is internal?

That there is congestion of blood in the lower bowel—the veins flabby, the parts almost dead?

Do you know that there is a harmless internal remedy for itching, bleeding or protruding piles discovered by Dr. Leonhardt and known as HEM-ROID that is guaranteed?

HEM-ROID banishes piles by removing the cause. It stimulates the circulation in the lower bowel—drives out the thick impure blood, heals and restores the affected parts. This remedy has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sufferers.

Don't waste time on external remedies or think of an operation until you have tried a bottle of HEM-ROID tablets—Hughes Drug Co. guarantees money back if they do not end Piles in any form.

Relieve pain with Minard's Liniment.

OLD AGE GRASPS AT ROMANCE

(Canadian Press)

LONDON, Feb. 25—After 10 days acquaintance John Escritt, aged 85 of Barnsley Street, Hull, was married at the Hull Register Office to Miss Amelia Ann Jackson, 10 years his junior, also of Barnsley Street. Mr. Escritt had been married twice previously.

"We have only known each other 10 days," said Miss Jackson, before the ceremony. "We both belong to the Salvation Army. We are lonely. He liked me, and I thought he was a nice old gentleman, so we arranged to get married." A number of youthful relatives attended the ceremony and showered confetti on the couple.

Dominion Requires Registration of all Sugar-Bushes

(Canadian Press)

OTTAWA, Feb. 25 (By the Canadian Press)—Under provision of the Maple Sugar Industry Act, 1930, which became effective this month, all manufacturing or packing plants dealing in maple products require to be registered with the Department of Agriculture at Ottawa and all such plants selling their product outside the province in which they are located must obtain a license, the fee for which is \$20 annually.

Owners of sugar bush or orchards are required to register with the Dominion Fruit Commissioner and obtain a license where the product of the sugar bush or orchard is sold. There is no fee for this license. Under the Act registration and licensing with respect to both plants and bush must be effected by March 1 of this year. Application forms for the purpose will be supplied by the Dominion Fruit Branch.

Probably the outstanding feature of the Act is the rigid restriction in the use of the word maple to absolutely pure maple products. The word maple may no longer be used in connection with imitation or substitute products, and where such are used in foods supplied at public eating places the menu or bill of fare must clearly indicate the use of imitation maple flavoring.

Official grading for maple syrup includes a range of four grades, Canada Fancy, Canada Light, Canada Medium and Canada Dark; and for maple sugar three grades are provided. Color and flavor are the characteristics by which grades are distinguished.

Each manufacturing or packing plant and each sugar orchard or bush on registration and obtaining a license receives an identifying number. All products of the plant or bush weight of the contents of the pack-number, together with the net must be clearly marked with this age and the name and address of the owner of the manufacturing or packing plant, sugar bush or orchard.

UKRAINIAN HISTORY ECHOED IN MUSIC

(Canadian Press)

MONTREAL, Feb. 25—In the folk songs of Ukraine there is the expression of the soul of the nation, which remains hopeful for the future in spite of centuries of oppression, declared Rev. R. G. Katsunoff, in the course of an address in the Central Y. M. C. A. recently. The program was submitted by the Ukrainian Literary society and included a concert of folk songs, presented by a Ukrainian choir and string orchestra under the direction of Professor P. Bassa. All the choir and orchestra were dressed in the colorful native costumes and they succeeded in transporting a little corner of Ukraine into the Y. M. C. A. hall which was decorated with native tapestries and flags.

Ukrainian folk songs told the history of the country, the speaker continued. In the rich native music is unfolded the turbulent story of the state. The Ukrainians themselves, described as "poets and musicians without a home" are, perhaps, more than any other nation devoted to expressing themselves in song; he said.

Many of the songs were of pagan origin, and had been spelled by efforts to modernize them, Mr. Katsunoff remarked. When the Ukrainians took up the Greek Orthodox faith, many of the pagan songs were taken and changed so as to be more suitable to the Christian spirit. The early pagan religion of the people must have been one of joy, the speaker said, as a spirit of joyous optimism filled the early songs dedicated to the ancient gods and goddesses.

Scout News and Notices

Mr. John A. Stiles, of Ottawa, former Professor of Civil Engineering at the University of New Brunswick, and well known throughout the province, who has been appointed Chief Executive Commissioner of the Boy Scouts' Association in Canada. The Chief Commissioner, for over 10 years Assistant Commissioner, succeeds to the post formerly held in an honorary capacity by the late Dr. James W. Robertson. Commissioner Stiles is shown above in Scout uniform.

6th Charlottetown Troop (Holy Redeemer)

The Assistant Scout Commissioner Lawson visited this troop last week and elected Mr. W. F. Bradley as Scoutmaster. They have fourteen boys enrolled, with more boys applying for admission. This troop is very keen on test work, and under Scoutmaster Bradley are making good progress.

3rd Charlottetown Troop (St. James)

Only 8 scouts were present at the last meeting. Geo. Burnett and Wilbur Andrew passed the compass test. Signalling was practised and Scouts games were played.

2nd Charlottetown Troop (St. Peter's)

Thirteen scouts were present at the last meeting. A check-up was made on their chart and preparation made for test passing in the future. The greater part of the time was devoted to scout games.

4th Charlottetown, (Baptist)

No scout meeting was held Monday night, as the hall was being used for church meeting. But on Monday, March 2nd, there will be a hike to the home of the Scoutmaster, where there will be a special concert practice and a "feed."

Bedegue and Freetown Troop

With the Registration of Robert Burns, 14 scouts have been registered in this troop since last fall. All Scouts have passed their Tenderfoot tests, and are working on second class work.

Provincial Council

A meeting of the Finance Committee of the Provincial Council was held on Thursday evening at the home of the Prov. President, Mr. Geo. Fittler.

A letter describing the activities and needs of the Association was sent to 100 citizens (mostly parents of scouts) inviting them to become associate members of the Prov. Scout Council.

A number of men and women have offered to visit these people personally, so far the response has been good.

The Prov. Council has decided to purchase from the Stores Dept., a scout flag for competition between Scout Troops.

Lone Scouts

Eight scouts have registered so far this year and during the past week, the Lone Scouts master has received request for membership to this Troop.

CLOTHES FOR THE COMING MONTHS

Bianchini's spring exhibition of silks includes many new printed crepes de Chine and chiffons. On the crepes de Chine the patterns are mostly small and some are flowery and bright on dark backgrounds. The chiffons for summer are figured with larger flowers on lighter backgrounds. Many of the heavy silk crepes for simple morning and afternoon dresses, jackets, coats, skirts and blouses show small conventional designs on flower patterns, such as minute tulips and harebells. Gypsiens, formerly unpatterned, is now produced in many colors and designs this season. Riviane is another figured material for spring dresses, and Flamenga in small patterns is more popular than before.

The three fashionable colours for the morning are brown, blue, and black. Several colours are mixed in materials with confused patterns; as many as 15 colours may go to one pattern. Plain materials in various

Late Market News

(Canadian Press)

MONTREAL, Que., Feb. 25—A decline in egg prices was the feature of the produce and dairy markets here today. Butter, cheese and potato quotations were unchanged.

Carlot prices of fresh eggs lost from one half to three cents a dozen. British Columbia extras were unchanged at 32 cents and firsts dropped one half of a cent at 28 to 28 1/2 cents. Pullet extras were offered off one to two cents at 27 to 25 cents a dozen. Ontario extras and firsts declined one cent at 31 and 28 cents a dozen respectively. Pullets lost 2 to 3 cents at 26 cents a dozen. Western prairie extras, firsts and pullets were unchanged at 31, 28 and 26 cents a dozen, while seconds were off one cent at 21 to 22 cents a dozen. Storage firsts in carlots were unchanged at 18 to 19 cents and seconds at 16 to 17 cents a dozen. Quotations to retailers were unchanged. Receipts were 1,613 cases.

On the butter market regreded eastern townships and fresh western were quoted at 32 cents a pound and to retailers solids were 34 cents and prints 35 cents a pound. Receipts were only 10 boxes.

Winter white cheese was quoted at 12 cents, colored at 14 3/4 to 15 cents and summer at 15 1/2 to 16 cents a pound. Receipts were 25 boxes.

New Brunswick green mountain potatoes, in carlots were 75 cents per 90 pounds bulk, and to retailers 85 cents per 80 pound bag.

OTTAWA, Ont., Feb. 25—Canadian egg markets continue firm and unchanged today.

Toronto—The local egg market is firm and unchanged. Brokers report sales of graded fresh shipments at extras 30-31; firsts 27-29; pullet extras 25-26; seconds 21-22, delivered. Wholesalers prices are unchanged. Poultry receipts are lighter on this market and the tone is firm.

Montreal—Egg receipts here today were 1,613 cases as compared to 663 cases on the corresponding day last year. The market is steady and active for actual consumptive requirements. A car of prairie eggs is reported sold on the basis of extras 30 1/2, firsts 27; pullet extras 26 1/2, seconds 21, delivered.

Chicago—Spot '7, April, fresh futures, 23 1/4.

"faculty of engineering," and from now on it will be known under that title. At the annual convocation in May of this year the first degree of Bachelor of Engineering will be granted by McGill to the students who graduate in what was known until lately as the faculty of applied science.

EXPEDITION COMMUNICATES WITH U. S. VIA RADIO

HARTFORD, Conn., Feb. 25—Although deep in the tropical growth of Central America, six members of the Second International Pacific Highway Expedition are in constant communication with the folks at home, according to the American Radio Relay League headquarters.

High frequency radio equipment makes it possible for the expedition, which left Los Angeles, Calif., Jan. 10, to converse with amateur operators in the United States.

The party is blazing a trail that is expected to form an important link in the proposed Alaska to South America Pacific Highway.

McGILL CHANGES

MONTREAL, Feb. 25 (By the Canadian Press)—The faculty of applied science at McGill University, founded in 1878, is no more. At a recent meeting of the corporation of the university its name was changed to the

THE NEW ISSUE

ISLAND TELEPHONE DIRECTORY

is Now Being Prepared

A new issue of the Island Telephone Directory is scheduled for publication on the 15th of April. Listings will be closed on March 8th.

Persons who intend to become Telephone subscribers at this time, and subscribers who wish changes to be made in their listings, are urged to send their requests to the nearest Business Office at once, and in any event, not later than March 8th.

The Telephone Directory—because of the extensive field which it covers and the frequency of its use by the public—has long been recognized as an ideal medium for advertising. Limited space in the new Directory is now available for this purpose.

Please note carefully the closing date.

ISLAND TELEPHONE CO., LTD
