TIME IS SHORT

The sand is falling in the hour glass as the empty jar awaits for the house-keeper's attention. Old Father Time moves on and cuts the garden crop with his scythe. Before so very long the leaves will be turning brown, and the garden will be but a skeleton of its former self. The time to can is now.

Plan to make good quantities of apple butter and apple sauce this year for they will mean a great saving of butter during the winter months. To make apple butter take one bushel of apples to eight quarts of sweet cider. Cover and boil until tender. Rub the pulp through a strainer and cook 30 minutes longer. Then measure. For each gallon add eight cupfuls sugar, eight teaspoons ground cloves, eight teaspoons ground cinnamon. Stir and boil 20 minutes longer. Fill into jars, and seal with paraffin.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Exterminator to drive out the parasites.

A REMINDER

That lad of yours, overseas. All that is humanly possible is being done to see to it that he is well fed, well clothed and efficiently equipped. Organizations like the Y. M. C. A. are looking to his physical comfort, healthful recreation and clean fun. If he is sick or wounded the Red Cross will provide for him with tender, loving care.

Yet there is one thing that will bring a smile to his face and a joy to his heart that none of these can give; that only you can give—Your Photograph.

LONDON, August 26.—German newspapers received in Denmark affirm that the situation between Spain and Germany is critical, but they agree that Germany cannot make any concessions with regard to her submarine warfare, says a despatch to the Exchange Telegraph from Copenhagen.

Kink in the Back

You bend over and can scarcely get straightened up again. This comes on you so suddenly you can't understand it.

This is lumbago. Like backache and rheumatism, it is the result of poisons in the blood. The kidneys are deranged, but the use of Dr. Chase's Kidney-Liver Pills will soon set them right. The pains and aches will disappear with the poisons when the kidneys do their work properly.
