—PROMINENT ISLANDERS—Mr. William McRae, deputy police chief of Vancouver, B. C., attended the Caledonian Club gathering in Charlottetown on Monday. Mr. McRae, whose former home is Flat River, Belfast, has a fine athletic record on the Vancouver force, having carried off many medals at police sports. M. B. McLellan, another Belfast man is chief of police in Vancouver, and H. C. Shaw, formerly of Bracidley Point, P. E. I., is Police Magistrate, so it speaks highly for the brains and ability of P. E. Islanders when they are entrusted with looking after the law and order of a rushing seaport city of the size of Vancouver.—K.

—LARGE FOX RANCHER— Mr. J. Edar Milligan, prominent fox rancher of Northam, attended the New Annan races. Mr. Milligan reports fairly good luck in his ranch this year, having saved in all 131 fox pups. Mr. Milligan has a large ranch, enclosing eight acres in all, it is situated in an ideal spot, being in an grove of beech and maple wood, with long wide corridors separating each row of pens. Mr. Milligan deals principally in Alaska blacks and crosses, but has a number of Prince Edward Island silvers in his pen. He has the good luck of having eight silvers' pups from "cross" parents this last spring. When the fox boom struck P. E. I., Mr. Milligan did not lose any time getting to Alasaka, where he knew foxes were plenty, having been in the Klondike rush of 1898, and knowing the geography of Alaska and the Yukon minutely, he found no trouble to buy silver foxes , easily, although the business received great physical exertion at times. Mr. Milligan has "mushed" sixty miles at one time over the Valdez trail, with only two hours sleep by a campfire during the "mush."—K.

PETROGRAD, Aug. 23.—The official organ of the Russian general staff describes the movement of the Bulgarians against the Allies' flanks as a repetition in miniature of the great Austro-German assault on the Russian front last year, and adds:

"At the same time the Allies have assumed the aggressive against the Teuton centre. In the event of a break through by the Allies the Bulgarian army would be split in two and at the same time forced back a great distance, while the Bulgarian attack on the Allies' flanks may be expected to dash itself to pieces on the strongly prepared fortifications and the Allied heavy artillery at the Saloniki positions. The Bulgarians can no longer hope to help the Germans or the Turkish troops."

::IT IS PERPLEXING to parents why the school shoes which they bought for solid leather go to pieces after a few weeks wear. The reason is cheap, spongy leather and poor shoe-making. You never find this in CROSBY'S "YOUNG CANADA" School Shoes—the leather is the very best and the shoe-making is the product of sixty years' successful experience. Insist on CROSBY'S and cut your bill in two.

Some Building Work In Charlottetown

Messrs. H. & S. Lowe, contractors, have been quite busy this summer. They have just finished the exterior of Mr. A. E Duff's fine new residence on the North River Road. This house is built in American Colonial style and measures 65 x 28 feet. The interior is now being plastered. When finished it will be one of the handsomest houses in Charlottetown.

The same firm are also building an addition 22x37 feet, to the power house of Davis & Fraser's packing establishment. The foundation is of concrete and the building of brick. The plans for both these contracts were prepared by Messrs. C. B. Chappell & Hunter, architects of this city.

Messrs Lowe Bros. have also the contract for building residences for Mr. Lemuel Winchester on Fitzroy Street and Mrs. Ralph Rogers on Upper Prince Street. Both will be bright up-to-date buildings. The cellar and concrete foundation of the former are already completed and a splendid job has been made. Mrs. Rogers' house will be a 36x25 structure. Work on the cellar has just started. The same firm are about to start work on the erection of an addition to the rear of Carter & Co's seed store on Lower Queen Street. It will be two storeys, measuring 20x60 and will be of brick construction like the rest of the building.

Messrs. Lowe have among other work the job of remodelling the judges stand at the Exhibition Grounds. It will be moved back fifteen feet and will have up-to-date dressing rooms and a spacious balcony encircling it while a special platform running out to the track upon which competitors in races may be weighed will be a feature.

Other work being done or recently completed by the same contractors are new plate glass store fronts for Messrs. E. A. Foster, G. H. Taylor, D. Gordon & Co., and Morrison & Smith.

TEMPORARY R CEIVER FOR BOSTON & MAINE RAILWAY IS REQUESTED.

BOSTON, Aug. 24.—The immediate appointment of a temporary receiver for the Boston & Maine Railroad, to be followed as soon as possible by a permanent receiver, was asked for in the bill in equity filed here, when the papers were made a matter of record in the United States district court for the last time. Power and authority to operate all the railroads and property owned and controlled by the Boston & Maine, including its score of leased lines, would be vested in the receiver if the prayer of the petition is granted, with the especial stipulation that creditors be restrained from interfering with the receiver in any way.

PRESIDENT WILSON SENDS NOTE TO THE KAISER

Ship With Americans on Board Fired On By Hun U-Boat.

WASHINGTON, D. C., August 24—The case of the steamer Owego is surrounded at the State department with much secrecy and the Berlin despatch was the first disclosure that that a note had been despatched to the German Government.

The Owego having some Americans on board, reported having been fired upon ten times in the Mediterranean Sea by a submarine early in the month. She proceeded to port, and it was not made plain whether she had been fired on without warning or attempted to escape.

Secretary of State Lansing at the time announced he was investigating a case of a ship bearing Americans being attacked, but he declined to give the steamer's name or any of the details. The inquiry was begun with a resumption of submarine warfare was being suggested by the new operations of submarines.

The fact that the German Government appears to have no information lends strength to a contention that the attacking submarine may have been Austrian.

Hood's Sarsaparilla has been wonderfully successful in purifying and enriching the blood, removing scrofula and other humors, and building up the whole system. Take it—give it to all the family so as to avoid illness. Get it today.

AERIAL ATTACK ON BRITISH EAST COAST

LONDON, Aug. 24.—The east coast of England was visited last night by a hostile airship, which dropped bombs in the fields but did no damage. The British official statement concerning the raid, says:

"A hostile airship crossed the east coast shortly before midnight last night. A number of incendiary and some explosive bombs were dropped over open fields. No damage nor casualties are reported. The airship went to sea again before one o'clock this morning"

RETURNS OF GERMAN SUBMARINE DEUTSCHLAND

LONDON, Aug. 24.—Reports of the return of the German submarine Deutschland from the United States are corroborated in a telegram received at Amsterdam, from Bremen, as forwarded by Reuter's correspondent. According to this information, the Deutschland travelled 4,200 miles on her homeward voyage. At the beginning the sea was temptuous, but later it became more calm. The Deutschland proved to be able to navigate the stormy seas excellently. Her engines worked faultlessly. No icebergs were passed on the journey.

The American government, says the despatch, acted in a correct manner as a neurtal, rigorously enforcing respect for its frontier from British and French.

Don't Forget The Sunday School Convention To Be Held At Kensington On Aug. 29 to 31

The importance of this meeting should appeal to every one who loves God and Country. The Sunday School is the recruiting ground from which the Church draws her material for Active Service and if the number of the recruits is small she has little hope of filling her ranks.

Come and do your bit by encouraging the workers, and hold up the hands of those who are trying to guide the boys and girls aright.

"Those suits for men are selling at factory prices—and that means two savings—a cut on the old price—in the face of a big advance in the new prices. See the suits to-day—if we haven't the very thing you want at the price you want to pay—it'll only mean a few minutes of your time. MOORE & McLEOD, LIMITED. 1669-8-26M1i.
