Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, March 20—There appears to be no change in the European situation this morning although francs and sterling are somewhat lower. Foreign exchange markets are reported as being quiet and steady. The weekly business index reported by the analyst for the week ended March 4th and 84..6 which compared with 94.0 the previous week. The analyst estimates carloading at 616,000 cars which would be a decrease of 19,000 from the previous week and an increase of 19,000 over last year. Bank clearings again show a substantial increase and last week were up about 20 per cent over the corresponding week of last year. Air Reductions reports earnings of $6.29 against $4.98 in 1934.

NEW YORK, March 20—Broker loans $1,010,000,000 decrease $79,000,000. Curtis Wright Corp. and subs report for 1935 shows net profit $2,886 or less than one cent a share on Class A stock against $359,736 or 31 cents on Class A in 1934. Air Reduction Co and subs year 1935 net profit $5,292,866 or $6.25 a share against $4.145,416 or $4.98 in 1934. Elec. Power output Commonwealth and Southern System for February 1935 was 567,172,686 against 487,477,244 for Feb. 1935. Increase 16.3 per cent for the first two months output 832,673,182 against 748,796,532 for same period 1935 increase 16.7. Total output year ended Feb. 29 was 6,976,235 against 5,826,2223,326 year ended Feb. 28, 1935. Increase 13 per cent.

STOCK LETTER

NEW YORK, March 20—The stock markets volume remains considerably below that of last month and two months ago but the fact that a few of the leading issues are able to make real headway, the trend remains upward. The decrease in brokers loans shows that a good part of recent gains in these figures has been due to new financing and not to any considerable increase in stock market debit balances. That the market is not more generally strong is due to the fact that speculation is somewhat slow to recover from a jolt like that inflicted upon it by the recent war scare. The trend of stock prices, however, should remain uward with General Motors likely to continue in the leadership of the market. This stock registered a new high for the year yesterday and is still we believe a purchase on small setbacks. Utilities should still be picked up also now whenever they sell slightly, especially Cons. Gas and Columbia Gas.

GRAIN

(Canadian Press)

WINNIPEG, March 20—Bearishness dominated trading sentiment on Winnipeg grain exchange today, and despite export sales of Canadian wheat aggregating 500,000 bushels, futures prices recorded losses of 5-8-3-4 cent.

Offerings outweighed support of export sales and the close was at the day's lowest levels, May at 83 1-4, July 8. ann October 84 3-8 cents.

Trade reports were that demand for Canadian wheat had fallen off in the United Kingdom, which resulted in net setbacks of 1d being registered at Liverpool. Chicago, too, was weak, off 3-4 cent at the finish.

The session was not particularly lively, cash and coarse grains prices little change at the close.

CHICAGO, March 20—Season low price records in oats broken for the third successive day did much to drag all grains lower today.

Oats were under persistent pressure from houses with connections northwest. Sales of large quantities of oats into store here indicated preparations for heavy deliveries on Chicago May oats contracts.

Wheat closed unsettled 1-2 to 1 cent under yesterday's finish, May 97 3-4 to 7-8, July 88 1-2 to 5-8, corn 1-2 to 3-4 down, May 59 5-8, oats 1-4 to 1-2 off, and provisions unchanged to a rise of 15 cents.

MINING

(Canadian Press)

TORONTO, March 20—The mining market held to quiet tempo today and another narrow gain was registered by the list as a whole. Penny stocks accounted for more than their normal share of turnover while senior golds, with exception of Pioneer, were quiet and base metals were only moderately active.

Pioneer registered a net gain of 5-8 to 10 7-8. On the up side also were arrayed Hollinger, Teck Hughes and Little Long Lac while Lake Shore, McIntyre and Dome were unchanged.

Noranda was in good demand and an advance of 3-4 to 50 5-8 was chalked up. Sudbury Basin, Falconbridge and Mining Corporation were other firmer issues of the base metal group. Most of the silvers were slow. Lower prices ruled in the oil division.

VISITORS MUST HAVE PERMIT TO ATTEND HAMPSHIRE CHURCH

Warnford, a stronghold of rusticism in the Meon Valley of Hampshire, Eng., is in an uproar because visitors who wished to attend divine service at their little church, one of the oldest in the country, had to have a permit!

It is impossible to reach Warnford Church, which was mentioned in the Domesday Book and belongs to the parish, except over private property —Warnford Park.

Mr. H. C. Woods, and the other trustees of the estate, have put up notices at both entrances to Warnford Park intimating that the use of the pathways to the church is restricted to parishioners, but visitors might go to the church providing they obtained consent at the lodge.

They decided to do this because the estate was being used as a general park.

The villagers consider their immemorial rings have been infringed.

VANCOUVER, March 10.—Vancouver's jubilee celebrations will give temporary employment to more than 10,000 people, the committee in charge of work revealed today. Estimating that each visitor would spend at least $10, officials believed close to $6,000,000 will be spent by tourists in the city during the celebrations.
