Something Surely Special in Men's Shoes

ONE OF THE CHIEF REASONS OF ALLEY'S SUCCESS IS A CONSTANT DISPLAY OF SOMETHING "A LITTLE OUT OF THE ORDINARY" IN FOOTWEAR. JUST NOW—FOR INSTANCE WE ARE SHOWING FOR MEN A VERY SPECIAL LINE FOR PRESENT WEAR.

One of the most handsome Brogues we have ever seen is among our present collection. It is of genuine Scotch Grain leather in Brown and immediately impresses one as being wonderfully well made to wear exceptionally long and retain its "solid" and handsome appearance. One of the many extraordinary features of this Brogue is a solid leather Oak Tanned double sole right through to the heel.

Another seasonal presentation is a Box Calf Oxford in Black. It has a heavy double sole—is "heavy weight" all the way through to stand the weather from now on. Ask to see this Oxford—you'll agree with us that it's particularly fine.

Single G. Sets Up New Maine Mark

LEWISTON, Me., Oct. 13.—Margaret Dillon, 1:58 3/4, the great Boston pacing mare, handed a trimming to the champion, Single G., 1:58 1/2, in the top line event at a special 1.59 class of the one-day race meet staged on the Maine State fair grounds (half-mile track) before 10,000 people yesterday afternoon under perfect weather conditions. The other horse in the race Sir Roche, 1:59 3/4, flashed like a meteor in the first heat when he made the race to the wire and had Single G. by a good neck but went up three strides from the wire. The pace was so hot for the great stallion that he clocked 2:03 1/2 which is a new Maine track record, taking that honor from Sir Roche who hung up 2:04 1/4 at Bangor several weeks ago. The Dillon mare was close up and finished second. In the second heat, McMenneman sent Dillon to the pole soon after making the first turn and she showed the way to the wire having the speed of the trio to the wire in 2:04 3/4. The third heat was a thriller. Allen woke up old Single G. and went after the mare on the dash for the wire. The horses came down neck and neck and the mare won out in an eyelash finish in a terrific drive. The free-for-all for the four down east pacers was the worst upset of the season for the talent. John R. Braden, 2:02 3/4, "The Pride of Presque Isle," who has been the clean-up horse of the State all summer got the most decisive trimming of his career from Roy Grattan, 2:03 1/4, owned in the rival town of Caribou, who also beat Jackson Grattan, 2:01 1/2, the Houlton entry. Roy Grattan drew the pole for the first heat and held it all the way. John R. Braden usually challenged on the drive to the wire but greatly to the surprise of the crowd was out-sprinted by the Grattan horse. Braden went after the second heat and fought Roy Grattan all the way to the three-quarters but could not reach him and Dan Hodgwood, the Woodstock, N. B. Pacer. The other horse in the race came up and carried Roy Grattan down the stretch. Ralph Burril, formerly with Walter Cox, who is teaming Jackson Grattan, got his horse under way and with a terrific burst of speed came down between them and won by a neck. The third heat was all Roy Grattan's, although Jackson Grattan was after him hard at the finish. The two races probably crowded more excitement in a racing afternoon than ever before seen in the great down east. Lewiston and Aroostook horses raced in the other class with first and second to the former stables. The summary:

PRINCE OF WALES' PICTURE ADORN'S NEW TWO DOLLAR NOTE

OTTAWA, Oct. 12.—A new two dollar Dominion note has just been placed in circulation by the department of finance. On the face of the bill is a new steel engraved portrait of His Royal Highness the Prince of Wales and the date of issue is June 23rd, 1923, the last birthday of the Prince. The department has taken advantage of the presence in Ottawa of His Royal Highness to introduce this bill.

The new note is of striking design and is altogether one of the most artistic that has been issued by the department in recent years. The back carries an excellent engraving of the new coat-of-arms of the Dominion. The color printing on front and back is in a pleasing shade of olive green.

The Prince of Wales issue will be gradually placed in circulation and will in time supplant the old Connaught \$2 note which has been in circulation since 1914. Mr. Fielding has submitted to His Royal Highness for his acceptance the first issue—no. 1—of the new issue.
