DARING ROBBERY IN BERLIN

BERLIN, Oct. 18.—(Special)—An extraordinary robbery was committed in broad daylight this afternoon in the fashionable Charlottenburg quarter...

During the absence of the mistress the maid was called to the door by a man wearing the uniform of a telegraph messenger.

In the struggle the girl scratched him severely on the face and hands and tore off a false beard, but eventually she was bound hand and foot.

After threatening her with a revolver if she uttered a sound the man then opened the door to a masked woman. They asked the girl when her mistress would return, and on being told three o'clock made themselves free of the apartment.

The mistress, however, returned at two o'clock, and the servant shouted to her, "Fetch the police!" she did, racing downstairs, with the male robber, threatening her with his revolver.

CLAIMS OLD MAN'S DEATH WAS NOT LOSS.

OTTAWA, Oct. 18.—Whether a man at the age of 87 is a help to his family or a burden will be the point that has to be decided before the jury can decide in the case of Peter Moyle against the C. P. R. for \$16,000 for the death of his father who was killed in a wreck at the Hall station last March.

The case was resumed in the Hull superior court before Judge McDougall. All the witnesses were heard including the plaintiff, after which Mr. Henry Ayleson addressed the jury. He summed up the evidence submitted and the different claims put in by all the children of the deceased, which amounted to \$16,000.

800 HORSEMEN MENACE THE PERSIAN CAPITAL

DISTRIBUTION OF CIRCULARS

LONDON, Oct. 18. (Special)—There is a greater nuisance in London than the street distribution of handbills, which the Commissioner of Police has just prohibited. It is the house-to-house distribution of circulars and "samples" of all kinds. Almost daily the careful housewife finds the entrance hall littered with these evidences of the enterprise of the local tradesmen or some big manufacturing firms. The warning notice found many front gates in suburbia, "No hawkers or circulars allowed," is invariably ignored, and so is the other, "Beware of the dog," for the distributor knows that in most cases there is no dog to beware of.

ADMIT THEY GAVE LARGE DONATIONS.

WASHINGTON, D. C., Oct. 17.—Thomas W. Lawson, of Boston, told the Elapp committee today he understood that the Standard Oil Company "had contributed heavily" to Alton B. Parker's campaign for the presidency in 1904. He said he had once supplied "proof in a general way" that the company spent \$500,000 to \$700,000 in Mr. Parker's behalf.

Mr. Lawson testified he had spent \$100,000 for advertising for Col. Roosevelt's pre-convention campaign and that he "knew in a general way" that Wall street had subscribed \$1,000,000 to nominate a dark horse at the Baltimore convention.

Frank A. Munsey said he contributed about \$10,000 to the Republican national fund in 1904 and in 1908 gave \$15,000 to the Republican national fund and \$1,500 to the New York state fund. He gave his total contributions in cash to the Roosevelt pre-convention fund this year as \$67,166.56.

In addition to the \$67,166.56 Mr. Munsey said that he gave the following sums: New York state committee, \$15,000; Massachusetts state committee, \$9,000; special newspaper editions in Massachusetts, \$10,959.44; Maryland state campaign, \$5,237.70; national headquarters for printing, etc., \$10,632.02.

This brought Mr. Munsey's total contributions up to \$118,005.72. "I've been given a reputation for giving so much in this campaign," said the witness, "that these real figures make me look like a piker."

Walkinshaw, who was arrested at Rothwell charged with infractions of the Dominion election act in the Macdonald bye-election, appeared before Mayor Garland yesterday and was dismissed after S. G. Laylor, who appeared for the crown, had stated that he had no evidence to offer in support of the charge. J. E. McMurray on behalf of the accused asked for a certificate of honorable acquittal, which was granted. Morden, Man., Oct. 18.—The case against J. A. Prince, of Winnipeg, who was arrested at Cardinal a week ago in connection with the Macdonald election, was dismissed here yesterday by Magistrate Morden. In dismissing the case the magistrate stated emphatically that the young man should not have been arrested at all, and that it was time to put a stop to such proceedings.

LONDON, Oct. 17.—The Wellington, N. Z., correspondent of the Times states that the defence bill yesterday became practically law, having passed the committee stage unaltered. The principle of compulsory service went unchallenged.

A DRAMATIC INCIDENT AT TORONTO INSANE ASYLUM.

TORONTO, Oct. 17.—A dramatic incident is reported from Mimico Asylum for the insane. At a religious service held on Sunday morning, one of the patients, Alexander Hills, aged 35, suddenly pointed at another patient and said: "That is my brother." No attention was paid to him at first, but he persisted in his statement. Investigation proved that the other patient, Harry Hills, aged 30, who went to Fernie many years ago and was thought to have perished in the fire of July 31, 1908, as his relatives had heard nothing of him since that time. His mind had become affected, and he crossed to the Western States, where the authorities deported him on learning that he originally came from Toronto.

WOMEN TO CARRY SWAGGER STICKS.

NEW YORK, Oct. 16.—Girls, attention, please! If you don't carry a "swagger stick" as you stroll along Fifth avenue you may consider yourself one of those French words meaning "behind the times." The swagger stick is all the rage on the continent. If a man carried it, it would be called a walking stick. The first one to make its appearance here is of rosewood, with a mother-of-pearl handle, a gold band and a bone ferrule. Real cute, neat but not gaudy, etc. Miss Mizzi Hajos, a leading lady in a "Spring Maid" company carried it today as she walked down the gangplank of the Prinz-Frederick. "Is it a habit?" asked the ship news reporter, "or are you doing it on a bet?" "Yes, it's a habit, and it's all the rage on the continent," was the reply. "I want you to understand"—this with some emphasis—"I am thoroughly a woman and do not aspire to be mannish. And I'm not a suffragette. But I've just got to have something in my hands, so I carry a 'swagger stick.'" "I'm going to try to introduce them over here. Abroad one is not dressed unless she carries one. I'm going to carry this one on Broadway even if I get—what you call it—pinned for it."

WORK AND SUCCESS WILL FOLLOW.

MOOSE JAW, October 17.—Father Vaughan, who arrived here yesterday said, "To my way of thinking there never was a land not ready to give a living wage to anyone ready to give in exchange for it an honest day's work." He said, "My advice to old country men coming out to this country will in future be leave your eyeglasses at home and your knickerbockers, and your hypercriticisms and your superiority. Put on a pair of overalls, pull off your coat, pull up your sleeves, and put your back into your work till you are thru with it. Then instead of being all in, down and out, you'll come out on top and become a useful member of an enterprising community and not at all a bad advertisement for the old country."

NOMINATIONS IN RICHELIEU.

SOREL, Quebec, October 17.—Nominations were made at noon today for the by-election in the country of Richelieu. The conservatives nominated E. A. D. Morgan, and the liberals J. A. Gardin, the former member. There was considerable enthusiasm, and there is every indication of a warmly contested election. Both candidates made speeches. Sir Wilfrid Laurier is to speak here on Tuesday next.

FORMER BROADWAY SWELL IS NOW ALASKA MINER.

PITTSBURG, Oct. 17.—Howard Nesbit twenty-year-old brother of Evelyn Nesbit Thaw, who had caused a stir in Broadway for two years and then disappeared, is now in Dawson City, Alaska. He has made a man of himself, as he expresses it, and is accumulating a pile of placer mining on a claim he shares with one Oleson. Messages from Nesbit were brought to Pittsburg by former city detective Gabriel Di Fiori. De Fiori says Nesbit appeared in Dawson early in the summer of last year. He said he was on the wagon. He formed a hunting partnership with Oleson. They sold moose and caribou steaks until they got enough money to take up a placer claim. They have a good start toward wealth.

STRIKE LEADER ON TRIAL.

SALEM, Mass., Oct. 17.—Testimony that Joseph J. Ettore, leader of the Lawrence textile strike, had advised the strikers to keep the gun shops busy, and that he had urged them not to fear the police or the tin soldiers with their sharp bayonets, was given today in the trial of Ettore, Arturo Giovannitti, and Joseph Caruso, charged with the killing of Ann Lopizzo, a mill operative, during the strike. The Lawrence police officers gave testimony that Giovannitti had expressed to them defiance of the police and soldiers, and James A. Donohue, a Boston newspaper man, recounted speeches alleged to have been made by Ettore at Lawrence, which the Commonwealth is endeavoring to show were of an inflammatory character and led to rioting, resulting in the death of Lopizzo.

EXPRESS MAN INFORMED THEM OF SON'S DEATH.

OTTAWA, Oct. 18.—To be suddenly confronted with the coffin containing the dead body of their son, without having received any previous notification of his demise, was the sad lot of A. and Mrs. Poirier, 122 Albert Street, Hull, parents of the late young man, whose body was delivered by express yesterday. Napoleon left Hull for the shanties some weeks ago, and his parents heard nothing from him until, when answering the door bell, Mrs. Poirier was informed by the express man that he had the remains of Napoleon to deliver.

TRURO, ENG. PRODUCES TWO BAD ONES.

PLYMOUTH, Eng., Oct. 17.—A man and girl whom the New York immigration officials had excluded as undesirable were landed here today from the St. Louis of the American line. Miss Fenna is a younger sister of Tyzzer's wife and it is alleged that she and her brother-in-law eloped to America.

The pair was traced by the Salvation Army, it being alleged to the United States immigration officials that Tyzzer had deserted his wife and his child.

When Tyzzer and Miss Fenna came ashore to-day her relatives directed her to enter a rescue home, but she refused, saying, it is asserted, that she would stick to Tyzzer.

FOUR DROWNED CUBAN BARGES FOUNDERED.

WATERTOWN, N. Y., Oct. 17.—Four persons lost their lives when two barges went to the bottom of Lake Ontario this morning near Gallop Islands, twenty miles from Sackett's Harbor. Those drowned were all Canadians and were J. D. Schamp, Stephen Lebus, Fred Lehanec and Alice Derusha, the sixteen year old daughter of Captain Derusha. The boats encountered a heavy wind storm about midnight and the tow line between the barges H. B. and Menominee and the Butler parted permitting the first two to drift. The drowned were on the H. B. Menominee sighted the tug Proctor and the Butler and towed them to Cape Vincent, later returning to pick up the Menominee. A short distance from the barges the crew picked up Captain Derusha and his son John, who had been floating on a hatchway all night. Just as they were ready to attach lines to the Menominee she went to the bottom. The boats were the property of the Ogdensburg Towing Company and left Oswego yesterday afternoon for Ogdesburg.

A FIVE PER CENT BANK OF ENGLAND DISCOUNT RATE.

LONDON, Oct. 17.—The official announcement today of a five per cent Bank of England discount rate was the natural outcome of the refusal by the bank on Monday to discount bills below that level. Owing to the abnormal difference between the money market and the discount rate, as well as the Balkan war and the actual and prospective gold demands, India being the latest addition to the list of gold seekers. A rise had been already discounted by the stock market but short loans will probably stiffen as a result.

45 MINERS DEAD IN TASMANIA.

HOBART, Tasmania, Oct. 18.—It is now believed that forty-five miners perished in the North Mount Lyell mine near here which caught fire last Saturday. Rescuers are still trying to reach the lower levels, but as the men imprisoned there have been without food, water and fresh air since the fire broke out, little hope for their safety is entertained.

The flames now are confined to the lower portion of the mine. The fifty-one workers imprisoned on the 1,000-foot level, have been rescued. Mining men state that the Mount Lyell fire is the worst disaster in Australian mining history.

ROYAL AIRCRAFT FACTORY IS BEING EXTENDED AND MODERNIZED.

A large tract of ground attached to the existing buildings is now being prepared with new engineering shops capable of turning out twelve dirigible balloons a year. An airship shed, too, of the largest size is likewise to be built, and though it is not intended by the way, that aeroplanes shall be manufactured here, a very complete plant is to be installed to enable these machines to be repaired or even new engines fitted as required.
