Was Eyewitness To Devastation In Flood Region

Mr. Hemming Returns From Cape Cod District, Where He Gathered Valuable Information On Cranberry Industry And Incidentally Witnessed Havoc Of Tidal Flood.

Mr. H. K. S. Hemming returned on Thursday evening from a near two weeks' trip to Boston and Cape Cod, which time he devoted exclusively to the study of cranberry cultivation. Mr. Hemming stated that he was shown exceptional courtesy by the Cape Cod people, by whom he was given every available opportunity to obtain reliable information. Without expressing an opinion as to the wisdom or otherwise of having the cranberry industry developed on Prince Edward Island, Mr. Hemming feels that he at least understands the leading features needed for success in the venture. As the desirability of cranberry growing on this Island has for years been a subject of controversy and as quite recently a Cranberry Growers Association has been formed, to which some financial assistance is being given by the government we have asked Mr. Hemming to give the readers of the Guardian the benefit of his investigation and he has kindly consented to write a series of articles the first of which will appear in next Tuesday's issue to be followed until completed on alternate days.

DEVASTATING FLOOD

Mr. Hemming's visit coincided with the devastating hurricane and floods which visited the New England coast last week and he was an eyewitness to some of the destruction. On Wednesday afternoon, Sept. 21, he started to drive to Wareham, a distance of about forty miles, and was stopped six times by large trees which had fallen across the road. Trees were crushed in momentary danger of being crushed. Shortly after reaching their destination...

Fair Distribution Of Employment In Civic Projects

Following a meeting of the committee on City unemployment held on Thursday, a Guardian representative called at the City Surveyor's Office last evening and received some interesting data on the present situation in regard to unemployment. The committee had just completed the picking out of labor shifts for the projects at the civic airport and Fort Edward. Every effort is being made, it is stated, to distribute work impartially to all who are on the unemployed list.

The total number of unemployed registered in the city at the present time is 835, an increase of 100 over the number at this time last year. This is claimed to be largely due to the influx of residents to the city from the country and mainland and also to the number who have completed their school or college courses. Each person registered is given a number and card and his total earnings of the year are carried from week to week on charts which hang on the wall in this manner: a man's earnings and the date on which he last worked can be ascertained at a glance in appertaining employment. Each week this chart is used by the committee in selecting men to go on duty.

Charitable Bingo Well Attended

A Bingo Party held last evening in the B. I. S. Hall in aid of a charitable purpose was largely attended, upwards of three hundred people being present. Another example of the highly creditable work this society is doing.

Tickets had been sold throughout the City during the past ten days and to Mr. John Callaghan goes the honor of selling the largest amount and Mr. Callaghan and his social committee are to be congratulated on the good work they accomplished.

In addition to the splendid attendance the Laborer's Protective Union donated \$10.00 to the cause and a personal donation of \$5.00 from Mr. Joseph McDonald, Manager of the Sporting Club was also much appreciated.

At the conclusion of the evening's entertainment the President of the Society heartily thanked all those present for their attendance and also the personal donors towards the affair.

Kirk Boy Scout Group Banquet Held Last Night

The annual banquet of St. James Kirk group of Boy Scouts was successfully held last evening in the church hall. Chairman of the group, Mr. E. M. MacNevin, presided over a large and representative attendance of Cubs, Scouts, Rover Scouts, parents and friends.

After a magnificent repast, prepared and served by the Ladies Auxiliary under the direction of the President Mrs. W. M. Brehaut, a short toast list and musical program was gone through. The grace before the banquet was given by the group chaplain, the President Mrs. W. M. Brehaut, who rendered special thanks to God for bringing about peace in Europe.

After a loyal and patriotic toast to "The King" had been honored, Dr. Legate voiced the toast to "The Boy Scouts Association" and referred to his long connection with it, over a period of 26 years. He commended very highly the work of the Association here under the direction of President L. D. Murray and Provincial Commissioner J. J. Morris.

Mr. Murray replied to the toast and emphasized the need for trained leadership in the scout movement. He declared that the progress of the work was retarded due to the lack of qualified leaders. He referred to the generous work of the Association here under the direction of President L. D. Murray and Provincial Commissioner J. J. Morris.

The next toast was "The Scouters" proposed by Dr. MacIntyre and replied to by Provincial Commissioner J. J. Morris. Both referred to the self-sacrificing work of the leaders of the movement, both here and throughout the Dominion, in the development of a better type of citizen in the years to come. Field-Commissioner Warren proposed the toast of "St. James Church". Dr. Legate in acknowledging it referred to the devoted work of the "Big Three" of the Provincial Boy Scout Association Messrs. Murray, Morris and Warren.

Skipper Kenneth M. Martin proposed the toast to the Ladies Auxiliary who had provided such an excellent repast, and Mrs. Brehaut replied. A musical program was contemplated consisting of choruses, vocal duets, solo with guitar accompaniment, instrumental music, etc. Those contributing included: Frank Andrew, George Burnett, Terrence Fitzgerald, Drummond Cobb, Bill Bentley and Kenneth MacKenzie.

Wanted Is there anything you need in the home or on the farm? A Charlottetown Guardian "Want Ad" will place you in touch with someone wishing to sell the very article you need. The rate is only 2c a word a day. Send in your "Want Ad" today. This picture was typical of street scenes in Paris as Europe tottered nearer and nearer the brink of another great war. Crowds of excited Parisians are shown thronging the street outside newspaper offices to watch bulletins on the crisis. Many of these people recalled 1914 and the bloody years that followed, when Paris was target of the German "Big Berthas" and the city feared occupation by the hard-hitting military machine from across the Rhine.
