Good Looks and Long Wear Knitted into Stockings

Fine appearance and durability are knitted right into Buster Brown Stockings. Our employees have had years of special training in knitting Buster Brown hosiery.

We use extra-long yarn. We spin it ourselves to be sure it's right. We designed these stockings with a two-ply leg and three-ply heel and toe—to stand the hard usage of the average boy.

Because we do all these things, Buster Brown Stockings are harder wearing. They make fewer trips to the mending basket. They cost less in the end.

BUSTER BROWN'S SISTER'S STOCKING
Buster Brown's Sister's Stocking for the girl is a splendid looking stocking at a moderate price. A two-thread English mercerized hosiery that is shaped to fit and wears very well indeed.
Color—Black, Leather Stride, Tan, Pink, Blue and White.

Special attention is given their appearance, too. They are exceptionally well-made and well-fitting. Try your boy with a pair and get his opinion.

Ask your dealer for "Buster Brown" durable hosiery. Sold everywhere.

'HINDY' THINKS GERMANS COULD MAINTAIN FRONTIERS TO THE EAST

Retail merchants can make more money by adopting a labor-saving system

THE hardest-worked business man in Canada today is the storekeeper. The hardest part of his work is keeping store records.

An up-to-date National Cash Register gets rid of this hard work. It gets rid of hand-written store records. It records all store transactions automatically—and accurately.

Any day in the year, at any hour of the day, it will give you the vital facts you want to know about your business.

It will tell you where you stand. It will give you control of your business. It will give you more time for planning ahead, for increasing sales, for careful buying.

The protection and service it gives will mean less expense, more profits, less loss, easier work.

Follow the lead of thousands of your fellow merchants. Replace drudgery by this labor-saving system.

A post card or phone call will bring you full information about the way a modern N.C.R. system will keep your store records by machinery.
