INSPECTOR HERE FOR POLICE ORGANIZATION

Plans Being Made For R. C. M. P. To Take Over May 1.

Inspector J. Fripps, of the Royal Canadian Mounted Police, Moncton, arrived in the City last evening on business in connection with the taking over of the Prince Edward Island Provincial Police service by the R. C. M. P. on May 1st.

Last evening Inspector Fripps conferred with Commissioner J. J. Trainor, of the Provincial Police, with regard to the organization of the new service.

This morning Inspector Fripps and Commissioner Trainor will consult with Premier Stewart on the matter.

As yet the details of the plan are not known. However, it is understood there will be about twenty men on the force. Their headquarters will be in Charlottetown with the same detachments as now existing.

As many as possible of the present men will be given the opportunity of enlisting in the Mounties. If they pass the required examinations they will be permitted to continue their duties here.

Will Address Newspapermen At Convention

WASHINGTON, April 21.—(By the Canadian Press)—Sir Wilfrid Lewis, K. B. E., Washington correspondent of the London Times, has accepted the invitation to be the chief speaker at the annual dinner of the Canadian Daily Newspaper Publishers to be held during convention week at Toronto, May 1 next.

Sounds Warning Re St Lawrence

TORONTO, April 21.—(By the Canadian Press)—Warning that unless the St. Lawrence River were developed, downbound traffic on that waterway might be diverted to the ports of Oswego and Albany, N. Y., through the United States, was given tonight by Hon. R. J. Manion, Dominion Minister of Railways and Canals, when he addressed the Toronto Transportation Club. Answering the contention that development of the St. Lawrence would take traffic from the railroads, he said the bulk of the traffic coming from the head of the Great Lakes to Montreal already was shipped by water rather than rail.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

- *Show and Dance, Montague, Oddfellows' Hall, Saturday. 2103-4-20-31

Increased Export Of Can. Butter & Cheese

OTTAWA, April 21. (By the Canadian Press)—Increased export of Canadian butter is a favorable trade factor noted by the Dominion Bureau of Statistics today. For the 12-month ending March, the export of butter was 10,917,300 pounds valued at \$2,368,898 as compared with 1,162,900 pounds with a value of \$389,419 in the previous 12-months. British West Indies, Newfoundland and Great Britain were the chief buyers. Exports in March totalled 151,600 pounds as compared with 145,100 in February. The export of cheese made a leap forward in March. The total was 930,400 pounds, of which the United Kingdom took 724,500. This was an increase of nearly 300,000 pounds over the February shipments.

Appointed

GOING TO INDIA
Under appointment by the general board of missions of the Presbyterian Church in Canada to Jhansi, India, as an industrial missionary, F. W. Dean has been designated for that service.

HUNT ON FOR MURDERERS OF STOREKEEPER

SOUTH TETAGOUCHE, N. B., April 21. (By the Canadian Press)—Widespread efforts to locate two men responsible for the murder of George Smith were continuing tonight after a formal inquest into the death of the aged storekeeper. Ten hobses from trains at Moncton were arrested there this afternoon and held for questioning. Mrs. Smith, the victim's elderly widow, and Addison Smith, a nephew, testified at the inquest held by the Coroner, Dr. J. C. Meahan, and jury. Smith was murdered in his store last night while serving two unknown men, said the verdict. The bullet entering his head, was fired at close range from a thirty-eight calibre revolver. Mrs. Smith testified that two men unknown to her applied at the store last night for cigarettes. Both carried flashlights and one had a revolver, holding the light in such a position as to reveal the weapon, but conceal his face. Her description of the men's attire conformed with the clothing worn by two men seen earlier in the vicinity and thought to be the same who entered the store. One of the men wore oddly shaped gum rubbers, a print of which was left on the floor. This track was traced for some distance down the road. Addison Smith, who was summoned to the scene, said he arrived while his uncle was still living. The aged victim in his eighty-seventh year, died without regaining consciousness.

Mine Workers Convention At New Glasgow

(By A. D. Merkel, Canadian Press Staff Writer)
NEW GLASGOW, N. S., April 21.—A submission that the award of the Duncan Commission involving wage decreases of from ten to twelve and one-half percent be accepted, was introduced by the district executive of the United Mine Workers of America at this afternoon's session, of the special convention called to consider the situation arising from the defeat by the membership on the issue a little more than a month ago. With the decks cleared and the convention prepared to take up the

U. S. Beginning To Recover

(Associated Press)
PLYMOUTH, April 21.—The United States is getting its financial situation in hand, Sir Josiah Stamp, noted British economist, said today on his return from a trip to that country and Canada, "and that's the beginning of industrial recovery." He added, however, that there was no sign of actual recovery yet. "The depression in United States has increased since my last visit," he said.

Premier Bennett Speaks On Coming Economic Parley

"Success of The Conference In July Will Be Measured By The Empire Vision Of The Sister Nations", Says Canada's Prime Minister.

OTTAWA, April 21.—(By the Canadian Press)—The success of the Imperial Economic Conference in July will be measured by the Empire vision of the sister nations, Premier R. B. Bennett stated today as he spoke hopefully of the meeting. The Prime Minister was addressing a luncheon of the Ottawa Women's Conservative Club. "There will gather in this city shortly," Mr. Bennett declared, "delegates from the different parts of the Empire covering one-quarter of the world's area and representing almost one-quarter of the world's population. They will build for the future and as their vision is, so will the success be. If the vision is dim and dark by purely material considerations of mankind, we fail. If the vision is brightened by the beacon of faith and hope in the future of the Empire and its destiny—the faith and hope that leads men on to achievement—then there will be success."

Canada And Other Colonies Are Exempt

LONDON, April 21.—(Canadian Press Cable)—Increased duties in imports to Great Britain, recommended today by the tariff advisory committee, will not apply to goods from Canada or other parts of the British Commonwealth, owing to the Government's decision that Empire goods shall not be subject to duty at least until after the Ottawa Imperial Economic Conference next July.

"HANDS OFF MANCHURIA" IS WARNING

TOKYO, April 22.—(Friday)—(A.P.)—A warning to the League of Nations and to Soviet Russia to keep "hands off Manchuria" was issued today by General Sadao Araki, Japanese War Minister, in a speech to the Kokuhonsha, a patriotic society at Osaka.

Court Ceiling Collapses, Two Lawyers Killed

(Canadian Press)
BASTIA, Corsica, April 21.—At least fifteen persons including two lawyers were killed in the collapse of a ceiling in correctional court at the Palace of Justice today while a trial was in progress. The accident occurred when the roof caved in and carried two floors with it. Troops were immediately called and many injured including the judges and several spectators in the wrecked rooms were rescued. It was thought others were still in the debris and the search was carried on throughout the afternoon. The exact number in the building at the time of the collapse had not been determined, although there were quite a few spectators at the trial.

Doctor Killed In Auto Crash

(Canadian Press)
VALLEYFIELD, Que., April 21.—Dr. Arthur A. Brassard, 49, of Valleyfield, widely known physician and a governor of the college of physicians of the Province of Quebec was killed and Dr. J. Hebert, of Coteau station received severe bruises in an automobile accident near here today. The physicians were enroute to a sugaring party when Dr. Brassard lost control of his automobile which shot over a six foot embankment. Dr. Brassard died of a fractured skull while Dr. Hebert was taken to a Valleyfield Hospital by workmen who were near the scene of the accident. He recovered consciousness tonight and his condition is not regarded as serious.

HALIFAX, N. S., April 21— Agents of liquor distillers in Nova Scotia make no commis- sion on sales to the Nova Scotia liquor commission, chairman W. B. Proctor told the public ac- counts committee of the Legis- lature today. All goods were purchased direct.

Senae Committee In- vestigating Power Project In Relation To Three Senators Will Give Findings.

OTTAWA, April 21.—(By the Canadian Press)—The Senate committee report investigating the Beauharnois power project in relation to three members of the Upper Chamber, Senators W. L. McDougald, Andrew Haydon and Donat Raymond will probably be presented tomorrow afternoon. The committee will hold a final meeting in the forenoon. The question of when this report was to be submitted was raised in the Senate today by Senator A. Gillis. "This committee has been sitting for two months, the evidence was all in two weeks ago and the country and the House was very anxious to know when this report may be expected," the Senator said. Rt. Hon. Arthur Meighen, Government leader, replied that he did not know. After the sitting adjourned this afternoon however members of the committee intimated that the report would be ready tomorrow afternoon. The Government leader in the Senate stated that the commons might be through its business in a week's time. "If that is the case," he said, "and from the source of it one deems it authoritative, because the opposition is in charge of the adjournment more than the Government, I do not think we have much more time to waste."

Reduction In Bank Rate

LONDON, April 21. (A.P.)—Another reduction in the bank rate—the fourth in two months—was announced today by the Bank of England, the cut being from three and one half to three percent. The purpose of the reduction, it was announced, was to check the influx of foreign funds for short term investments, which are movable on brief notice and so may prove a disturbing factor in the money market. Already this influx has caused a rise in sterling to the point where it handicaps exporters.

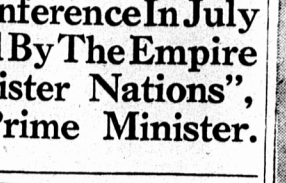

No Speed Limit In Nova Scotia

HALIFAX, N. S., April 21.—(By the Canadian Press)—Under an amendment to the Motor Vehicle Act, given third reading in the legislature today, an actual maximum speed limit for motorists is removed from the statutes as far as Nova Scotia is concerned. Drivers, however, who travel more than 40 miles an hour must be prepared to establish that in so doing they were proceeding at a reasonable and prudent rate. The measure also provides that drivers after being held to blame for an accident must establish financial responsibility before operating again. Any driver not exceeding 40 miles an hour when being "clocked" by an officer, will be protected by the act, but if he exceeds that rate the burden of proof that he was going at a reasonable and prudent speed will be upon himself. The rate for passing school buildings during recess is set at 20 miles.

OTTAWA GATHERING FATEFUL
Sir Norman Angell, noted British economist, predicts that the fate of the world may be decided at the coming empire conference in Ottawa.

HONOLULU MURDER TRIAL

(Canadian Press)
HONOLULU, April 21.—Behind the scenes in the trial of four persons accused of lynching Joseph Kahahawai, the prosecution today fought the defense contention that Lieutenant Thomas H. Massie was insane when he wielded the pistol that killed the native. Court sessions were postponed until Saturday at the request of public prosecutor John C. Kelley to permit two newly arrived California alienists to prepare evidence for the territory. One is Dr. Joseph Catton, San Francisco alienist who contributed to the testimony that brought a conviction and death

Application Refused

SYDNEY, N. S. W., April 22.—(Friday)—(Canadian Press Cable)—The high court of Australia today refused application of Premier J. T. Lang of New South Wales for an injunction restraining the state's banks from paying monies on the New South Wales State account to the Commonwealth Government. Application for an injunction restraining New South Wales banks from paying money on the state's account to the Commonwealth Government followed an ultimatum issued a fortnight ago by Prime Minister Joseph Lyons that the Government would seek to attach funds of the state to repay itself monies it expended in meeting interest payments on external bonds which the state had defaulted.

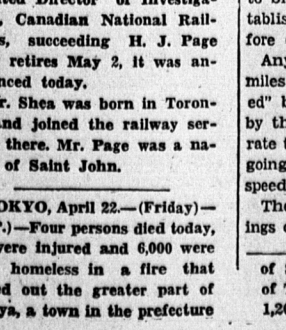

Revision Of Import Quotas

(Associated Press)
PARIS, April 21.—United States Ambassador Edge has induced the French Government to revise a number of the import quotas fixed for United States commodities, and as soon as Premier Tardieu comes back from Geneva they will resume discussion of the whole quota system. It was indicated that they might extend the quota discussion into a consideration of the whole trade policy of France and the United States.

Gas Increases Cent In Price

(Canadian Press)
SASKATOON, April 21.—Gasoline advanced one cent in price here following an announcement by the Imperial Oil Company that such an increase would come into effect on the prairies and in a large part of Ontario and Quebec. Increased crude oil costs were given as the reason. The price, including tax, is 35 1/2 cents here.

Two CAN LIVE AS CHEAPLY AS ONE CAN PLAY GOLF!

YOUNG LINDY'S 22ND. MONTHLY BIRTHDAY

Will Be Observed By His Heart-Broken Parents Today— Racking Vigil Still Continues.

HOPEWELL, N. J., April 21.—Charles Augustus Lindbergh, Jr., hidden somewhere by kidnapers, will have his 22nd monthly birthday tomorrow. Probably neither he nor his captors will observe it, but Mrs. Anne Morrow Lindbergh, in the big white house on Sourland Mountain, will remember, as the racking vigil continues. Secrecy still reined activities in the attempt to re-establish contact with the kidnapers, who Colonel Lindbergh believes accepted \$50,000 ransom money and then failed to return his son, stolen from his crib on March 1.

Why War Debts And Reparations Were Left Out

LONDON, April 21.—Neville Chamberlain, Chancellor of the Exchequer explained to the House of Commons today why he left war debts and reparations out of the British Budget when he opened it last Tuesday with the declaration that the omission was "not a notice of a definite policy." The Chancellor declared: "In the uncertainty that must exist at the present as to the ultimate fate of these two features of the international situation, I had to make some sort of assumption in presenting my statement, and the best assumption was to leave everything out of the calculations altogether. "That was not a notice of a definite policy or a notice that we expected any particular solution. "It was simply a notice that as we did not know what was going to happen we left both sides out of the account in order to deal with them when certainty came to us later on."

JAP TO HOP PACIFIC
Seiji Yeshihara, Japanese filer, is making plans for flying the Pacific from San Francisco to Japan. He will attempt to win the \$25,000 prize offered by Japanese newspapers to the person successful in completing such a flight.

BRITAIN'S NEW TARIFF RATES NEXT WEEK

(Associated Press)
LONDON, April 21.—The tariff wall around Great Britain, once the leading exponent of free trade, was doubled in height today. The import duties advisory committee recommended that a total duty of 20 percent be imposed on nearly every type of manufactured goods imported into the nation. The new rates become effective after midnight, April 25. The general tariff law now in effect assesses imports 10 percent. The advisory committee described the new tariff policy thus: "For most manufactured goods an additional duty of 10 percent, making 20 percent in all. On a limited number of others, for which a lower rate seems appropriate, total duty will be 15 percent, and for certain articles of luxury or semi-luxury character, total duties will be 25 or 30 percent." When the new rates became effective
