

Weak Lungs It is the old story of a weak throat, a tendency to weak lungs in the family. You no sooner get rid of your old cold than a new one takes its place. Ayer's Cherry Pectoral breaks up this taking-cold habit. It strengthens, heals. Ask your doctor, the very next time you see him, what he thinks of Ayer's Cherry Pectoral for weak lungs.

AN interesting game of baseball was played at Victoria Park yesterday afternoon by nine from the city athletic club and nine from St. Dunstan's College. The game at first start was strongly in favor of St. Dunstan's who made three runs in first innings. After that however the bowling of Davy held them for a while, but later on they developed strength, and gradually added runs to their score. The pitching of Bourassa was a fine feature of the Saluts' game, and the pitching of Davy for the other side was equally interesting, making a good exhibition for the spectators, of which there was quite a number in attendance. There were exciting moments, especially when Bourassa was put out on third by Burke who was catching; and again when a fine catch was missed because both the pitcher and the catcher of the Saints thought each was entitled to get the ball in his mit, with the result that neither caught it. The game ended 12 to 5 in favor of the Saints.

ALUMINUM WARE POPULAR
Aluminum kitchen utensils, despite their high price, are being asked for by those who have come to appreciate their good points. The Winter's sales have been good and the growing demand is a mark of their popularity. For the woman who has to lift the heavy iron pots and kettles off and on the stove many times during the day, the cast aluminum pots are a welcome change. Their weight as compared with cast iron is a thing that to be felt is to be appreciated. They are said to meet all expectations as to their wearing qualities by those who have had them in constant use, as well as being found less liable to burn their contents than any other utensils.
