"Buy it NOW"

EVER since the war began the tendency of people has been to postpone buying until after the war.

The result is that work has fallen off and the number of unemployed has been increased.

Many have been putting off life insurance until after the war, many who can well afford to buy it now.

It is never a true economy to postpone life insurance; every year it is dearer and life is less certain.

Above every other necessity or luxury of life come the claims of life insurance. Buy it now!

And make it a Mutual Life Policy, because in a Mutual Company there are no proprietors or stockholders to receive special dividends. The policyholders are credited with the whole surplus.

KIDNEY TROUBLE CURED AT 82.

Intense Power of Dr. Cassell's Tablets again Proved.

Back pains so severe as to be like knife-thrusts.

Operation said to be the only chance of cure.

So Weak and Wasted he could hardly drag about.

Now in Splendid Health through DR. CASSELL'S TABLETS.

Age makes no difference to the extraordinary curative power of Dr. Cassell's Tablets; they cure old or young, from the infant in its mother's arms to the white-haired grandparent bowed with the weight of years. That in the one condition to be drawn from the testimony to Dr. Cassell's Tablets, which grateful people in the Mother Country are constantly giving to their Canadian brothers and sisters.

Here, for example, is Mr. Benjamin de Grey, of 2, Clifton-terrace, Queen-street, Spackbrook, Birmingham, England, telling how Dr. Cassell's Tablets cured him of acute kidney trouble when nothing else tried could even relieve. And Mr. de Grey is 82 years of age. He says:

"A few years ago I began to have a dull, heavy feeling after everything I ate, and this was very soon followed by gnawing pain across my back and other indications of kidney trouble. At all times this pain was with me, but it became sharp as knife thrusts when I had to struggle up from a sitting or stooping position. I was told it was kidney trouble. I knew that, but no sort of medicine I had tried any good. I cannot describe the suffering I underwent. I could not rest anywhere, and I was so

weak by this time that I could hardly drag about. I had lost flesh terribly, too. Often I was beset in perspiration from the torture I had to endure. I would have given the world for a little relief, but nothing at all helped me.

"I was told that an operation was the only thing left for me. But at my age I did not like the idea of that, so again I took medicine, which again proved useless. I was worn out with pain and wanted rest, when at last I got Dr. Cassell's Tablets, yet almost from the first they relieved me. I got better and better, till now I am cured and in splendid health."

Dr. Cassell's Tablets put new life and vigour into the kidneys by strengthening the nerves that control kidney action. That is why Dr. Cassell's Tablets cure even most severe cases.

LADY OF 67 CURED after 30 years' suffering.

Here is yet another instance of the intense re-vitalising powers of Dr. Cassell's Tablets. Mrs. Walker, of 49, Kelburn-street, Barhead, Glasgow, Scot. and says:

"I am glad to tell you that my mother, Mrs. Cairns, and myself have derived very great benefit from Dr. Cassell's Tablets. The sympathy of the entire community of Bristol is given to Mr. and Mrs. Stewart Mosher in the loss of their only daughter. She was attacked by that dreadful disease, pneumonia, and although receiving the best medical skill and careful nursing the gentle spirit returned to God who gave it, on the night of April 11th, Ivy Blanche, will be missed in the home but she is gone to a brighter where troubles are no more. On this earth no more we will see her, God has called her up above, She is singing with the angels. In that land of peace and love."

My mother is now sixty-seven years of age, and has suffered for about thirty years from a functional complaint which used to make her unable to move some times. About two months ago she caught a chill, which affected her kidneys, and laid her up. She was in a frightful pain all round her body, and in her back, and she was at all times in intense suffering. We tried all sorts of things for her, but she got no better; in fact, I thought she was never going to be well again. However, reading about Dr. Cassell's Tablets, I decided to get her some, and from that time she improved wonderfully. She is now better than she has been for years, and it is all due to Dr. Cassell's Tablets. She was very run-down in health as well as suffering from kidney trouble, and the Tablets simply worked wonders. "I have taken them myself for severe backache brought on by strain, and they soon cured me, too."

Get a Sweater-Coat that will retain its shapeliness always!

There is such a thing as "class" or distinction to a sweater-coat. It depends on the knitting, plus quality in the material.

The method of knitting and the fact that they are made from choicest and fleeciest selected wools, account for the shape-retaining quality of

Penmans Sweater Coats

Everyone is familiar with the sight of the inferior-made sweater-coat—how it bags here and sags there, how the pockets bulge and gape and the whole effect is one of untidy looseness. How could it be otherwise with a coat made from non-elastic wool and stretched to shape.

Penmans Sweater-Coats are different. They have a decidedly dressy appearance, a smartness that outlasts the period of newness. There are dozens of occasions when a good sweater-coat is the correct thing to wear. You can get your exact type of physique fitted in a Penmans Sweater-Coat—all colors and combinations of colors.
