When a person feels "blue"—"all tired out"—feels weak mentally and physically—complains of poor appetite and sleeplessness—suffers from headache—then his nervous system is run down and demands a good upbuilding tonic.

Nervous Exhaustion is caused by too close attention to business, overwork, worry, devotion to a trying family, over study etc.

Foster's Compound Syrup of Hypophosphites forms the best Nerve and Brain food known and has restored many sufferers to health.—\$1.00 bottles.

ENLISTED HERE.—The Moncton Times, says: Gunner Roy C. Morse arrived in the city on the Maritime Express Saturday evening, having received his discharge in Halifax. When he enlisted he was working in the office of the General Freight Agent, C. N. R., at Moncton and went overseas with the Siege Battery mobilized at Charlottetown, P. E. I., 1915.

PUBLICITY CONTEST.—This is the last day for receiving articles for the competition instituted by the Charlottetown Industrial Committee. A number of excellent articles have been handed in, and if there are others ready they should be sent in today to Mr. J. E. B. MacCreary, Publicity Agent, Charlottetown.

SMALLPOX.—A man named Smith, about 35 years of age, a discharged soldier, who came here from Halifax, was sent to the quarantine hospital at Keppoch yesterday, being ill with a mild case of smallpox. There is also a mild case of smallpox at Alberton South, the patient having crossed from the Mainland about the first of last week, bringing the disease with him.

MORE SPEED.—The consistent influx of fast racing material to the Maritime Provinces continues. The latest reported purchase is the trotting mare Miss Isabelle MacGregor 2:08 1/4 (on a mile track) by G.H. Fenwick of Sussex N.B. "Isabella" won a race in time 1:18 stepping three heats over half a mile track in 2:11 1/2, 2:12 1/2, 2:12 1/2—some trotter.

HARBOR OPEN.—Charlottetown water-front is open from the Hillsboro Bridge as far as the three tides. The heavy northerly winds of the past two days also opened up the harbor approach and there is open water from Keppoch clear to the Nova Scotia shore, there being only a narrow strip of ice all the way. It looks like an early opening of navigation.

LT. WEEKS, M.C., RETURNING.—In a footnote to a letter to his father Major Weeks, Lieut Ernest G. Weeks says: "I am leaving on March 5th with one hundred men for Prince Edward Island. Will write from England." By this it would appear that Lieut. Weeks will sail from England for home and may possibly be now on his way. "All wish the gallant Lieut. and his company a safe and early arrival to their Island home."

PAINFUL ACCIDENT.—Mr. Daniel McKinnon, son of Mr. D. D. McKinnon, Canoe Cove, met with a painful accident recently while sawing wood. He had mitts on when at work and these catching in the circular saw drew his hand under the teeth with the result that two fingers were so badly mangled that they had to be amputated. The operation was performed at the Prince Edward Island Hospital yesterday.

"STRONGER BEER."—This was the alluring head-line of a subject advertised for discussion at the Labor Union Hall last evening—a topic which attracted a full house and brought forth strong and eloquent addresses in favor of beer with some what more "pep" to it than the prevailing style of beverage. The speakers of the evening were Messrs P. S. Brown, A. A. Smith, C. C. F. W. Hughes, Daniel Gillis and Daniel Coughlan. On motion of Mr. Gillis, seconded by Mr. Coughlan a resolution was passed unanimously recommending that a beer of at least 5 p. c. be allowed for sale.
