As a result of which she lost all the fingers of her left hand. She was brought to the Prince County Hospital where she is convalescing. 5-29-46

COUGHS, COLDS Dispersed Quickly Bronchial Distress Eased

When relief can be had quickly, no one in this enlightened age should continue to suffer from a Cough, Cold or Bronchial ailment. The problem of a nasty-cold can be aided quickly if Polson's Cough Syrup is used. This remedy contains specialized medication that is absorbed into the bloodstream and is therefore able to attack infectious bacteria that excite the cold. Once the actual cause of the cold is removed, the tonic influence of Polson's Cough Syrup comes into play, and with vigor and strength restored, the patient should throw off the cold in a short time. Your quick recovery may depend upon early and effective treatment. Use Polson's Cough Syrup—it is especially designed to aid illness due to Cold, and acts at the same time as a tonic. No cheaper substitute will serve as well as Polson's Cough Syrup. Sold by all Druggists in 35c bottles. POLSON'S COUGH SYRUP

THE FINALS of the A.P.A. Drama Festival will be held in St. Mary's Hall, Summerside, on Wednesday, May 31st, at 7:30 p.m. The winner in the eastern section will present the comedy "Sleeping Dogs".

QUEER BOVINE ACCIDENT—A well fed yearling and a half older steered by Ray McArthur, Kensington, recently put out on a road with a flock of other cattle, cavorted so friskily that his front feet stuck in soft ground and he somersaulted, breaking both front legs and his neck almost at the same instant. No one actually saw the performance, but judging from marks, position, etc., the above deduction is quite obvious. It seems to be unique in accidents among "cow critters" and might merit mention in the annals of the Wisconsin Livestock Club. But truth is stranger than fiction. —M.A.

ELDERLY OBTAINED - To the Princeton Union congregation Sunday, May 28th, was of particular interest. Two weeks earlier Messrs. Lloyd Lockley, Hamilton, William C. Donald, Sea View and Bruce Riley of Kensington, R.R. had been appointed and designated elders. On the morning of the twenty-sixth, they joined in the observance of the Lord's Supper and served with grace and dignity to the delight of an unusually large congregation. Thirty two were received into the membership of the church, twenty four by profession of faith. Of these thirteen were from the U.P. Union. Mrs. Chester Simpson presided at the organ and played softly during the communion service. This was an innovation and was most acceptable. Flowers from the gardens of Mrs. G. W. Ramsay, Mrs. Vernon MacGowan and Mrs. Alfred Jorgensen were arranged by Mrs. Ralph Blair and added greatly to the charm of an unusually attractive and joyous service. In the evening, the pastor, Rev. C. J. Crowds spoke on "The Source and Confidence of Christian Experience."

PERSONALS - Miss Patricia Dorgan spent the week-end visiting her sister Mrs. Archie Mann, Irishtown.—K.

Mr. and Mrs. Edward Laughlin attended the commencement exercises at St. Dunstan's University where their son, Edward, received his B. Sc. degree.—K.

Mr. and Mrs. J.A. Callaghan of Alberton attended the St. Dunstan's University commencement exercises on Thursday and motored to Souris on Friday where they visited Dr. Wilfred Callaghan and also visited many other friends and relatives enroute.—K.

MINUTE TUBES - Electronic tubes weighing only seven-hundredths of an ounce now are being made up quantity.

ACCURATE ESTIMATING - Every oil well has a life span which production engineers can estimate fairly accurately as soon as the well starts flowing.

ASTROLOGER-BEAUTICIAN - Nostradamus noted astrologer and predictor of things to come, also operated a beauty parlor, with Catherine de Medici as one of his patrons.

DUMPLINGS - 1 cup sifted flour, 2 teaspoon baking powder, 2 tablespoon minced celery leaves, 2 teaspoon salt, 2 tablespoon minced parsley, 2 to 3 cup milk. Mix purpose flour, then measure and rest with baking powder and salt. Add celery leaves and parsley, and add milk. Stir just long enough to wet the flour, then drop by spoonfuls of top of saucepan and continue cooking for 2 minutes. Makes 12 small dumplings.

Find Death Of Springhill Child Was Accidental

A verdict of accidental death was brought in by a coroner's jury at Summerside last night in the death of 9-year-old Pauline MacLeod of Springhill who had been killed in a road accident in that district last Sunday afternoon.

The first witness last night was Stewart Adams of Sea View who told of being in a car, driven by Francis Dunning, going up the Western Road on Sunday afternoon. Also with them in the coupe car was Miss Florence Adams, the wife of the witness. At Springhill they approached a truck parked on the side of the road and heading in the opposite direction. A woman holding a child, with another child by her side, was standing on the right hand side of the road as they approached.

Asked what happened as they approached, the witness replied "the next thing I noticed was a white cap flying over the radiator. That was about all I saw. I will stop and see the child lying on the road." Witness said that the driver had sounded his horn and that he was travelling at about 25 miles an hour, which was an estimated speed as the speedometer was broken.

Witness said he would estimate the distance from the truck to where the child lay at about 35 yards and it was about 10 yards further on to where the car came to a stop. Witness testified that he saw the occupants of the car had anything to drink.

Florence Adams corroborated the evidence of the first witness and said that the horn had sounded and that they were travelling at a speed of about 20 miles an hour.

Francis Dunning testified that he owned a 1939 Plymouth coupe and was the driver of the car in question. He said that he was driving at a speed of about 20 miles an hour when he saw a white cap flying over the radiator and that he was travelling at about 20 miles an hour when he saw a white cap flying over the radiator.

Albert Reid, mechanic testified to testing the brakes on the car and finding them in good condition. He said that a car proceeding at 20 miles an hour should stop within 25 to 30 feet when the brakes are properly applied.

Sgt. L. J. C. Watson, R.C.M.P. testified that he responded to a call from Springhill at about 4 o'clock standard time Sunday afternoon. He said that he was driving on the side of the road facing the direction of Summerside and further on was a Plymouth coupe.

One, Francis Dunning, told him he was the driver of the car. Dunning was in the car when he was arrested, the witness said. There were no signs of drinking. He testified that he saw the car parked on the front of the truck to the blood spot on the pavement where the child lay. It was 69 feet and 6 inches from the front of the truck to the blood spot when it stopped was 84 feet.

The witness said that he saw the car when it was stopped at about 4 o'clock on May 26th between 3 and 4 p.m. He said that he was driving a Plymouth coupe.

The verdict stated that the jury "find that the deceased came to her death as a result of an accident struck by an automobile on the highway at Springhill, P. E. I., on May 26th between 3 and 4 p.m. He was killed by a car driven by Francis Dunning.—S.

Mrs. Howard Cairns of Freeport, in the Prince County Hospital after an operation.—K.

Mrs. and Mrs. Edwin Ayers returned last week to their home in Boston after visiting Mrs. Ayers' mother, Mrs. Paul Lawless of Kinkora.—K.

Lac. Urban Glover who recently returned from overseas left Saturday for Boston, Mass. to visit his sister, Mrs. Ted Collins.—K.

Chairmen of the three committees which are considering the major food problems of the world in the special meeting being held in Washington are left to right, Hon. E. Pearson, Canadian Ambassador to the United States, chairman of the committee on future machinery; M. Michel Copede of the French Ministry of Agriculture, chairman of the committee on world food appraisal; and H. Broadley of the British Ministry of Food, chairman of the committee on conservation and expansion of supplies. The conference is under the auspices of the Food and Agriculture Organization of the United Nations.

I.O.D.E. National Convention Continues

WINNIPEG, May 28 (CP)—A new policy of immigration, based on moral obligation to suffering countries and increased prosperity to Canada, has been suggested to the Dominion Government, Miss D Taylor of Ottawa told the 48th annual meeting, National Chapter, Imperial Order Daughters of the Empire here today.

Miss Taylor, who presented a report on national immigration and Canadianism, said the Government should give careful consideration to the inauguration of a plan of education for citizenship. It would be made available to applicants for naturalization, all such applicants being required to pass an adequate test before being granted citizenship.

A report from Quebec said that the teaching of English to those desirous of becoming Canadians might not be possible owing to vast unpopulated areas in the Province and the French language.

Mrs. Grant Gordon of Toronto stressed the value of visual education in her national film report. She said teachers and adult education leaders were seeing in the films an instructional medium of limited potentiality.

WOOD-MacKENZIE - Miss Edith MacKenzie became the bride of Chief Warrant Officer C. L. Wood, United States Marine Corp at the Wyman Memorial Chapel Saturday evening. April 27th at several air line weddings. Roy M. Grindy officiated at the altar which was beautifully decorated for Easter services.

A reception was held at the home of her sister Mrs. Henry W. Reed of St. Mary's. Many friends and relatives from Boston, Minnesota and Marquette were present.

The bride wore a gown of white satin and carried a bouquet of roses. The bridesmaid Miss Lee Marston, of Portland, Oregon, wore blue chiffon and a corsage of pink carnations.

The best man was Henry W. Reed, of St. Mary's. Many friends and relatives from Boston, Minnesota and Marquette were present.

Sinclair & Stewart Ltd. SUMMERSIDE

"THERE'S SOME CORNER . . ." may be used with weeds otherwise difficult to eradicate.

The Greek government has given the British Empire 20 acres near Phaliron on the Gulf of Athens for a cemetery for British war dead.

WEED CONTROL - Here are a few suggestions which will help in the control of weeds. Practice a short rotation of crops. Plant clean seed. Cut hay early, particularly on weedy meadows. Clip weeds before they try to seed on permanent pastures. Use partial summer fallow to fight weeds in mid-summer when they can be more easily killed. Use smother crops, as buckwheat, where desirable. Practice after-harvest cultivation. Suitable sorgrasses
