NATURE HEATS WATER

Boise is a town of a peculiar sort in the state of Idaho, where the water is heated by nature. In Boise artesian wells yield a flood of hot water; and with water already heated by Mother Earth surging through radiators in homes and office buildings, there is no use for a household furnace.

HOCKEY MATCH AT KENSINGTON

An interesting hockey match took place at Kensington on Wednesday evening Feb. 9th between a team composed of married men, and one composed of single men.

Married. Goal. Single. J. B. Profit. Reg. Bowness. Hartie Simons. C. Point. G. Kennedy.

Dr. A. A. Lockhart. Donald McKinnon. Richard Simpson. W. Morrison. A. L. Rogers. Frank Pidgeon.

Willfred Woodside. Ian Darrach. The Benedicts were victorious with a score of 6 to 4 goals. The singles scored a goal just as the bell rang for the finish, but the goal was not counted.

WOODSIDE AND ROGERS played a steady consistent game for the marrieds. Dr. Lockhart made numerous brilliant rushes. There was much heavy checking by H. Simons and A. L. Rogers, which did not always pass muster with the referee.

For the singles MacKinnon played a good game. Charles Kennedy made many gaining rushes but the bright particular feature of the game was the fine stick handling of Ian Darrach.

REG. BOWNESS was "there" all the time and showed his versatility at a critical time in the game when all the available hockey sticks had been broken, by grabbing a broom and continuing the game with said instrument.

W. MORRISON, though it was his initial effort made a favorable impression. Frank Pidgeon was the principal pillar of strength for the single men on account of his ability to skate fast, and continued consistent aggressiveness.

The gate receipts were donated to the Red Cross Patriotic fund. The next game will take place on Tuesday night, 15 inst.—K.

HOCKEY

The first game of the hockey league played in the Crystal rink last night between the Victorias and Crystals ended in a tie. It was not played on the Vics not wishing to delay the train.

The game was begun late, it being 8.45 o'clock before the players got to work. For the first ten minutes the play was close, and at times fairly rough.

After nine minutes, during which time he made some brilliant efforts to score, Milford made the first score of the evening. This livened the play, the Crystals forcing their opponents' defence.

Lane scored for the Crystals, and this was repeated by the Vics, followed by a third two minutes later. The Crystals now took a turn, and Grady securing the puck near his own goal, carried it the full length of the rink, passing to Buote, who scored.

The second half started at 9.34, the Crystals having the better of the play. Grady and Buote continued to press the play but were unable to score. After 16 minutes of play Tanlynn scored for the Crystals on a chance shot from the side.

The Vics now livened up, Milford and Power working hard to score, and after 4 minutes of play the latter made some brilliant efforts to score. Milford made the first score of the evening. This livened the play, the Crystals forcing their opponents' defence.
