FRESH HERRING—The fresh herring have now struck into Charlottetown Harbour, a good catch being landed yesterday.

A DIVIDEND PAYING RANCH.—The Fern Garden Black Fox Co., Mount Edwara Road, of which Mr. J. B. Rombough is managing director, is now issuing twenty per cent dividend cheques to its shareholders. The foxes of this company are raised on Mr. Rombough's ranch premises. The company which had stock issued at \$10,000 has paid a dividend annually since 1917.

BOWLING TOURNAMENT.—The young people of the Baptist Church held a bowling tournament on the "Y" alleys last evening. Twenty six competing and some high scores were made. The ladies record was broken by Miss Hilda Jones with a total of 153 pins. The former record of 152 was held by Miss Eula Jenkins of the B. Y. P. U. bowling team.

ANOTHER GOOD SALE.—The property of the late Peter Scott, Mount Stewart, offered at auction on Wednesday attracted a great gathering. The property consisting of two acres of land with buildings brought \$2000 and was sold to Mr. Coffin, Flat River. The furniture, stock and implements all sold well. Mr. Benj. Carter, auctioneer, was in charge.

SUCCESSFUL SALE YESTERDAY.—The sale of fancy furniture and household goods, at Horne's warehouse yesterday afternoon, which goods had formerly been the property of Mr. C. W. Rogers, who recently took his departure for parts unknown, attracted a great gathering of buyers and spectators. The sale started at 1 o'clock and continued until 6 o'clock, when every article was sold. Bidding was of a brisk order and the goods in many cases brought prices equal to first cost. Mr. Benj. Carter was the auctioneer and declares it was the best sale he ever conducted.

Proceedings in The Legislature

Continued from Page One

The first clause of the bill read as follows: The Provincial Agricultural and Technical School heretofore operated by the Department of Agriculture under the provision of said act shall continue to be carried on under said Department. HON. A. E. ARSENAULT claimed that as the school is largely a technical one, teaching a various range of subjects, the supervision of it should be under the Superintendent of Education and not under the Commissioner of Agriculture. HON. W. M. LEA replied that it facilitated matters by having the school under the Department of Agriculture. It was largely an Agricultural School and the Commissioner's special knowledge in agriculture made it advisable to place the institution under his supervision.

MR. J. A. DEWAR believed that it would be best to have the School under the Board of Education with the Commissioner of Agriculture as expert advisor. HON. MR. ARSENAULT pointed out to the Commissioner of Agriculture that while his special privilege that while his special knowledge in agriculture made it advisable to place the institution under his supervision. MR. A. E. McLEAN wished to see short courses, similar to those conducted at the Technical school, given at Summerside. A building bought by the former Government is available for the purpose.

HON. MR. LEA replied that the Government was endeavoring to hold short courses wherever requested. He spoke for some time on the advantages of the location of the School of Charlottetown. HON. A. E. ARSENAULT believed that the agricultural building at Summerside could be used for holding Domestic Science short courses. The school in Charlottetown is very well but the instruction should be brought as near the home as possible. He believed that in discontinuing without notice the bonus to the college the Government had been very unfair to students. The small amount involved in these bonuses might have been continued, especially to those students who had been getting them, and who were in many cases young men in humble circumstances.

HON. MR. LEA assured the leader of the opposition that the matter of bonuses would be taken into consideration. MR. PETER BRODIE stated his belief that while the Agricultural School was the proper place for learning butter and cheese making, he did not consider it, in its present situation, a suitable place to learn general farming. It has been proposed that we cannot get the boys to the school, he said, and therefore the school must be taken to the boys. The training could be given at central places throughout the country by travelling instructors.

The discussion was continued by the Commissioner of Agriculture Messrs D. C. McDonald, J. A. Dewar, Hon. C. W. Crosby and Messrs McIntyre and A. E. McLean.

Clause 3 of the bill read as follows: "The Commissioner of Agriculture for this Province, shall under the direction of the Lieutenant Governor in Council, have the control of the said School."

HON. A. E. ARSENAULT moving an amendment that the words "Lieut. Governor in Council" be struck out and the words "Board of Education" be inserted instead. The clause as it stands looks suspiciously like making the institution a political machine by giving control of it into the hands of the Executive Council instead of the Superintendent of Education and the Principal of Prince of Wales College, who are educationalists should certainly have a voice in the control of an institute of this kind.

HON. J. J. JOHNSTON argued that the question was outside the duties of the principal of Prince of Wales College, who, he said, might be considered as "running a rival institution."

The amendment was put to a standing vote and lost. Those in favor of the amendment were Messrs Arsenault, McNeill, Brodie and Dewar.

Annual Meeting of The Golf Club

The Annual Meeting of the Charlottetown Golf Club was held on Tuesday evening, 12th, in the woman's Club Room, Bank of Commerce Building, Dr. Goodwill, the President, presided over a large gathering of the members.

Back From The Battlefields

Colonel S. B. Scobell of the Movit Drug Company, Montreal, is in Charlottetown on a business trip. The Colonel has just returned from a trip to Europe, where he has visited the battlefields of France, where, during the war, he was attached to the British Staff in operation on the Somme. Mr. Scobell visited Arras, Albert, Bapaume and Vimy Ridge. A number of the towns, including Albert, still remain as they were during the war, embedded with barb wire, guns and tanks, while Arras at the present time is a regular brick town, completely built up, with the exception of the Cathedral. It will take years to remove the debris and reconstruct, but the French people are working like bees. Every farm that has clay on it throughout the devastated area, has been turned into a brick yard, and they are making bricks by the million. A number of the smaller villages still remain devastated, but they are re-building very rapidly by the villages a short distance from the old ones.

The graves of the soldiers are arranged into regular cemeteries having asphalt walks, trees and shrubbery and very pretty head stones.

Accommodation for persons visiting the cemeteries is very complete. Tourists may have trips to all parts of the battlefields by train, motor bus, and aeroplane and thousands were taking in these trips during the Colonel's stay there.

Annual Meeting of The Golf Club

HON. A. E. ARSENAULT suggested simply that the Institution be rechristened "The Agricultural and Political High School."

At six o'clock the House took recess until 8 p. m.

The Annual Meeting of the Charlottetown Golf Club was held on Tuesday evening, 12th, in the woman's Club Room, Bank of Commerce Building, Dr. Goodwill, the President, presided over a large gathering of the members.

After reading the minutes of the last annual meeting, the financial report was read, and on motion, adopted.

It was decided to proceed with the construction of a Tennis Court, to be placed near the Club House.

The following new members were elected:—Professor F. T. Watkins; Mr. Noel H. Dehobis; Mr. and Mrs. W. H. Wheat; Miss Marion Wheat; Miss Constance Wheat; Miss Adèle Newberry and Dr. and Mrs. McIntyre.

The election of Officers for the ensuing year were then hallooted for and resulted as follows:—President, Dr. V. L. Goodwill, re-elected.

Vice President, Mr. C. L. Miles. Secy-Treasurer, Mr. H. E. Miller.

Executive Committee:—Messrs H. W. Longworth; J. H. Malcolm; Percy Pope and W. K. Rogers. Officers of the Ladies Branch of the Golf Club, President—Mrs. J. S. Bagnall.

Vice-President—Mrs. Victor Goodwill. Secy-Treasurer, Miss Helen A. Grant, (re-elected).

more than ample to meet all requirements as the trade generally this coupled with the continued labor troubles at the packing plants, which have curtailed slaughtering operations for the past week, buyers were not disposed to operate to any extent and the trade on the whole was slow with sales of selected lots averaging 200 lbs. each at \$14.50 per 100 lbs. weighed off cars, and a few deliveries were made on contracts last week at \$15. In sympathy with the above the market for dressed hogs was also easier and prices were reduced 5c per 100 lbs., but even at the lower level demand was limited and trade quiet with sales of odd small lots of city abattoir fresh-killed stock at \$22.50 to \$23.50 per 100 lbs.

The market for smoked and cured meats was without any special feature to note, prices being steady under a fair demand for supplies for home consumption and the movement was up to the average, with sales of 8 to 10 lb. hams at 35c per lb., 10 to 15 lbs. at 32c to 34c, and 18 to 25 lbs. at 32c to 35c, while Windsor selected boneless bacon sold at 51c to 52c per lb., and the breakfast grades at 38c per lb. A good steady trade was done in trimmed loins of fresh pork and prices were unchanged at 35c per lb., and trimmed shoulders sold at 22c to 23c per lb.

The condition of the market forlard was unchanged, the underone being easy with round lots of American refined grades offering at 15c to 15 1/2c per lb., in 20 lb. wood pallets, while small lots of Canadian refined sold at 16 1/2c to 17c per lb. in 20 lb. wood pallets.

CHICAGO, April 13—Local quotations on hogs and grain took away support from provisions. Prices at the close were down 12 1/2c to 42 1/2c.

SHIPS NOT PAID FOR—Members of the special commission appointed by the Government to go to Washington for the purpose of reaching a settlement of the Norwegian claim of \$14,000,000 for ships requisitioned during the war, have left for the United States. Several vessels upon which Norwegian owners had already paid nearly the net cost, were taken

over by the United States Government four years ago, and since that time have been sailing under the United States flag. Norwegian owners of the ships have not received payment of either capital or inter-

GOVERNMENT WILL RETAIN THE C.N.R.—In reply to a question by Hon. Dr. H. S. Beland, the prime minister said that the government did not contemplate handing over the national railways to provide ownership. D. D. McKenzie (Cape Breton North) asked if it was correct that the Grand Trunk had defaulted on certain bonds. The prime minister replied that the government had no information that the default had taken place.

OLD COUPLE MARRY.—William Watt, aged seventy-eight, and Matilda Harrison, aged seventy four, were quietly married last week. Mr. Watt was born in Plymouth, Eng. and Mrs. Watt came to Canada from Worcestershire. Neither was stranger to the wedding service. The groom himself had already placed the ring on a lady's finger on three previous occasions, and the bride's first husband died sixteen years ago in Calgary.

DICKY DIPPY'S DIARY

FRIDAY: WAS ASKED TO SPEAK AT OUR CLUB BANQUET. AS I HAD TO READ MY SPEECH, AND COULD NOT SEE WHAT EFFECT MY WORDS MIGHT HAVE, I TOLD BLONDY TO WATCH THE AUDIENCE AND LET ME KNOW HOW THEY SEEMED TO LIKE IT.

I WAS HALF WAY THROUGH WITH IT WHEN BLONDY NUDGED ME AND WHISPERED: "DIPPY, THEY APPROVE OF WHAT YOU SAY."

"DO THEY? HOW DO YOU KNOW THY' DO?"

"THEY'RE ALL NODDING."
