CAMERON GETS THE SCHOLARSHIP

Worth \$1500 a Year for Three Years—Conditions of Cecil Rhodes' Will Under which the Choice is Made—Sketches of the Three Competitors in this Province.

The Rhodes Scholarship for P. E. I. has been awarded. The decision was arrived at Saturday night by the committee appointed to nominate the Island scholar.

The choice has fallen on William E. Cameron, B. A. The committee composed of Lieutenant Governor McIntyre, Chief Justice Sullivan and Dr. Anderson, were in session Saturday afternoon and evening and reached decision at 10 p.m.

In accordance with the will of Cecil Rhodes, the Trustees desired that the committee of selection for each Province should have regard in electing the scholar to the conditions set down as follows:

(1) His literary and scholastic attainments; (2) His fondness for and success in athletic sports; (3) His qualities of manhood, truth, courage, devotion to duty, sympathy for the protection of the weak, kindness, unselfishness and fellowship.

(4) His exhibition during school days of moral force of character and of instincts to lead and take an interest in his schoolmates.

Cecil Rhodes further recorded that his ideal qualified student would combine these four qualifications in the proportions of three tenths for each of the first and third, and two tenths for each of the second and fourth.

The scholarship entitles the winner to \$300 for each of three years to be expended in attendance at Oxford.

It is understood that there were at first six applicants. They narrowed down to three candidates of whom short sketches are given below:—

William E. Cameron, B. A., attended P. W. College for one year, took first place in nearly all his classes and at the examination for second class license, led the list.

He taught for two years and in 1899 entered St. Dunstan's College. In 1900 while attending that college he led the list for first class license and graduated in 1902 with B. A. from Laval and in competition with over 800 candidates from 17 affiliated colleges he stood second on the list of graduates and led all in mathematics and sciences.

After graduation he was engaged by St. Dunstan's as professor of Greek, mathematics and physics. During his college and teaching career he has received many testimonials of popularity. He was nominated several days ago by the faculty and students of St. Dunstan's for the scholarship.

Since graduation besides teaching at the college he has been associated with Wm. Moran in the management of the Union Commercial College. He was for three years captain and for five years a member of

the S. D. C. football team which has during his captaincy held the provincial championship and never met defeat. He is also president of the P. E. I. football league in the organization of which he was a prime mover and has held numerous offices at St. Dunstan's including Secretary-Treasurer and later President of the Athletic Club, President of St. Thomas Literary and Debating Society Secretary Treasurer of the Dramatic and of the Alumni Societies and first a member of the executive and later Vice President of the Reading Club for the study of contemporary literature.

Louis Brehaut, B. A., of Murray Harbor has had a brilliant record as a student. He won a county scholarship entering Prince of Wales He attended two years and graduated with honor diploma and the Anderson Gold Medal for highest standing. After some time teaching he entered Dalhousie University, Halifax, where he won a valuable scholarship, specialized in English and Greek and graduated this year with honors in these subjects and the University Gold Medal.

President Forrest announced at Convocation that Mr. Brehaut's record was "the most brilliant in the last decade at Dalhousie". At Prince of Wales and Dalhousie he was an active worker in the literary society and held offices in both. At the latter institution he was president of the Moot Court, Associate editor of the Gazette, the students' paper, and Valedictorian, besides holding a number of minor offices. He was a member of his class football team and a prominent gymnast.

Cyrus J. McMillan, M. A., attended Prince of Wales and McGill. From the former institution he graduated with honor diploma and the Vice Chancellor's medal for English. He then entered the second year at McGill, specialized in English language, literature and history and graduated with honors in those subjects. Last year he was awarded his M. A. by McGill. At Prince of Wales he was for two years associate editor of the Observer, the students' paper, and at McGill was secretary of the Literary Society, editor-in-chief of the McGill Outlook, the college weekly paper, treasurer of the Athletic Association, and held other minor offices. In the last year of his course he was sent to Toronto to represent McGill at the Toronto University annual banquet. In athletics he was a prominent football player in P. W. C., played full back in McGill Intermediate team and for the last eight years while on his holidays and since his graduation has played half and full back on the Abegweit. He twice won the Maritime Championship for the 1/4 mile run and was for four years provincial champion in the 1/4 and 1/2 mile, still holding the provincial record in the last. At McGill the last year of his course he was Secretary of the Canadian Intercollegiate Athletic Association and Manager of the McGill Track Team, Incollegiate champions of Canada. For the past two years he has been Secy-Treas. of both the C.A.A.A. and the P. E. I. Football League. He has been for three years a professor of English and History at P. W. College and has lectured on Canadian Literature and other subjects at Charlottetown and St. John.

There will be no meeting of the W. O. T. U. today but next Monday the President will be at Home to the W. O. T. U. members, which closes the meetings for this season.

WHEN YOUR CHILD SUFFERS.

For lack of knowledge of the value of Dr. Chase's Ointment as a cure for eczema, many a mother has been worn out in the effort to relieve her child of suffering. Eczema, scald head and other forms of itching skin disease are common to children, especially during the teething period. Though readily cured by Dr. Chase's Ointment, eczema, if neglected, becomes chronic and may last for years.

MORE MINES DESTROYED.

TOKIO, June 11.—(Special)—Admiral Kataoka reports that he discovered and destroyed sixteen mines in Tallen Wan Bay.

THE PIER NOT DAMAGED.

The landing made at Taku Kao showed the pier was undamaged and two large reservoirs intact.

JAPS GAIN GOOD POSITION.

LONDON, June 11.—(Special)—The town of Siu Yen now occupied by the Japanese army is of great strategic importance as it commands the road leading to Liao Yang and Mukden.

AVOIDS A DANGEROUS PASS.

By this route the Mao Tien Ling (pass), a strongly fortified Russian stronghold, is avoided in the advance by the Japanese northward.

MAY BE ONLY A FEINT.

The suddenly increased Japanese activity in the neighborhood of Siu Yen, and west of Feng Wang Cheng, is believed to feints to distract attention from Port Arthur rather than as a serious forward

movement.

JAPS MOVEMENTS MYSTERIOUS.

Kuroki's bombardment of the coast in the vicinity of Kiao Chou probably had the same end, but developments are being closely watched.

RUSSIAN STAFF'S VIEW.

The view of the Russian general staff is that as the Japanese column which reached Siu Yen is not followed by either of the main armies in Southern Manchuria the Japanese have no present intention of advancing on Hai Chang (on the railway between New Chwang and Liao Tung).

THE JAPANESE STRENGTH.

The Russians believe the enemy has not more than 130,000 men all told in Southern Manchuria and only in the event of the Japanese attaining a strength greatly in excess of these figures will they be capable of a genuine forward movement.

RUSSIANS READY TO RETIRE.

The Russian force at Vafanduis is prepared to retire northward if seriously threatened.

TEST THE KIDNEYS.

Allow urine to stand in a glass vessel for twenty-four hours and if at the end of that it is clouded or has left a sediment in the bottom of the vessel you may be sure that your kidneys are diseased. As a means of invigorating the action of the kidneys and making them strong and healthy, there is no preparation so prompt and none so thorough as Dr. Chase's Kidney-Liver Pills.

RYAN MURDER TRIAL.

PLYMOUTH, June 9, 1904. Cyrus L. Ryan, on trial in superior court here, charged with the murder of Quong Sing a Chinese laundryman, at Hanover, on Jan 28, took the witness stand in his own behalf at the opening of the afternoon session of the court today, and explained in detail the circumstances which led up to the killing of the Chinaman.

There was something approaching a sensation in court when John F. Callanan counsel for Ryan, admitted in his opening that the death of the Chinaman had been the result of what had occurred between the dead man and Ryan. He contended, however, that no crime had been committed, and indicated clearly that the defence would centre its efforts on making out a case of self-defence.

With perfect composure Ryan told the story of his visit to the laundry. He went to the laundry, he said, to get a shirt, and when he asked for it, the

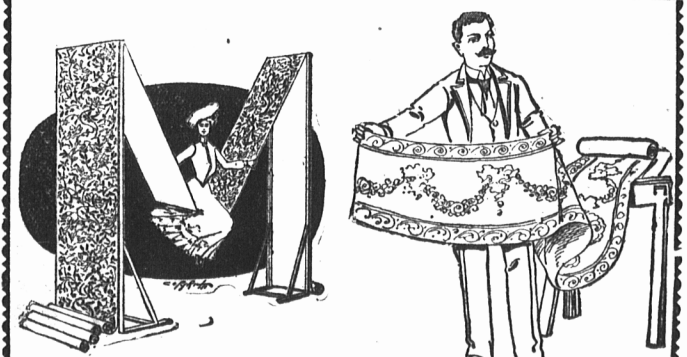

Chinaman told him that he would kill him if he did not leave the store. Ryan said that he refused and that the Chinaman went to the back of the store and returned with a revolver.

According to the testimony of the witness, the Chinaman pulled the trigger, but the hammer stuck on an empty chamber, and Ryan closed in, taking the Chinaman by the throat. After a scuffle the Chinaman fell to the floor, and Ryan discovered that he was dead. He put the body in a tub and placed a soap box over it. Then picking up the revolver and watch, he left the laundry.

Inspector William H. Proctor of the state police said he had seen a revolver in Ryan's possession after his arrest; there were four cartridges in it; they resembled those found in the Chinaman's box.

The first witness for the defence was the Rev. J. F. Johnston of Charlottetown P. E. I., parish priest. He said Ryan had been a member of a total abstinence society and that he knew Ryan well. Defendant was always a straightforward, inoffensive young man.

Katie Murray, a domestic, who said she was engaged to Ryan, was next called. "We made arrangements," she said, "to
