NORTH RIVER.— Rev. H. G. Mellick will preach in the North River Baptist Church, Sunday, Aug. 9th at 11 a. m. Long Creek 3 p. m. and Kingston at 7 p. m.

INTERESTING EVENT. — Miss Gertrude Bell, who will shortly be the principal in an interesting event, was tendered a miscellaneous shower at the residence of her friend Mrs. Wallace MacKay, Stanley Bridge. There was a large attendance of ladies and the prospective bride received quite a number of beautiful as well as practical gifts.

GOOD SCHOOL WORK.— On reading over the list of those who passed the Matriculation examinations it is pleasing to note that Glenaladale School, which was under the capable management of Miss Blanche Dougan, has done such excellent work, two having passed with high marks, namely Miss Josie McDonald and Miss Hannah McIsaac. For this the teacher, Miss Dougan is certainly worthy of congratulation for her efficient training and enviable success it also speaks well for the ratepayers of the district in securing the services of such a worthy teacher. For the past two years she has worked diligently to bring the school up to a high standard and to her it is no doubt pleasing to see that her efforts have been crowned with success, and it is with much regret to the district that Miss Dougan has severed her connection with them, as it is her intention to continue her zealous work in another district. What is their loss is another's gain and the people of Irishtown school district have every reason to be congratulated on being so fortunate as to secure the services of such an efficient teacher.—S.

ELECTRIC LIGHT ACCOUNTS. — Everyone should pay their electric light bill before Aug. 10 as that date is the last to get a discount. 3993.

CHEESE BOARD.—A meeting of the Cheese Board was held in Castle Hall yesterday, when there was a fair attendance. The president, Mr. Laughlin McDonald, was in the chair. The following buyers were present. Messrs Spillett, Biffin and Nowlen. A cable message was read as follows: "500 cheese boarded; no sales owing to war scare." The following factories have boarded cheese: East Royalty 67; Lakeville 50; Cornwall 100; New Glasgow 300; New Perth 120; Kensington 800; Hazelbrook 315; flats. The Secretary was instructed to procure for August 14 a cable message which may be seen at Jenkins & Son's on that date, but there will be no regular meeting of the Board until August 21. The Board advises factories to seek their cheese as good as possible. New Perth paid the Baard fee.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrah, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrah) that cannot be cured by Hall's Catarrah Cure. Send for circulars, free.

Ranch

The ranch will be located on the Union Road about six miles from Charlottetown, on a farm of 165 acres. A portion of this property is covered with a beautiful grove of spruce and hardwood making an ideal spot to prosecute the Fox-farming business.

The service of one of the most experienced ranch-builders in the province have been secured, and with his skill coupled with the advice of our Veterinary Specialist, we will be able to give our shareholders the most up-to-date ranch yet built. It will be absolutely safe. sanitary and comfortable.

Equipment

A comfortable house for the keepers, barns, ice house, watch-tower and everything necessary for the conducting of a first class ranching proposition will be provided.

Ranching Expenses

There will be absolutely no charge for the ranching of the foxes for the first year. All charges for keep, food and everything connected with the maintainence of the foxes—salaries of the keeper, watchman, veterinery inspector—will be paid by the promoters up to Sept. 1st, 1915. This one item alone means a saving to the shareholders of from fifteen to twenty-five per cent., as the charges for keep in the greater number of companies is from fifteen to twenty-five per cent. The shareholders of the Canada Atlantic Fox and Fur Company, Limited, are, therefore, In a position to secure the fullest returns from their investment.

Large vs Small Companies

The tendency in this as in all other important industries at the present time is to centralize the business. with the idea that the more foxes that can be ranched under one management the smaller the percentage of expense and the better the returns in dividends to the shareholders. With forty pairs of foxes breeding, if two or three pairs should prove to be barren it would have no material effect on the annual dividends, but if only five pairs were in the ranch and the same thing occured it would make the dividends comparatively small.

Future Policy

While the company expects to earn large profits from the sales of live foxes for breeding purposes, it proposes to retain annually a considerable percentage of each year's production, placing itself in a position where it can pay good dividends from the sale of furs alone, thus making it from the outset a safe and permanent investment, carrying out the original idea of the promoters which is to establish a safe and permanent fur-farming industry.

Management

As will be seen by the names of our Provincial Directors the management is in the hands of prominent and experienced men. All of the directors have had a large business experience, and the Secretary-Treasurer and Ranch Manager are men with a sucsessful career in the Fox Industry, all being large shareholders in the company. They will for their own, as well as other stockholders' benefit, guard the best interests of the company in very respect.

Estimated Earnings of this Company For Three Years

STOCK 1915, 40 PAIRS
Estimate number of pups 1915, 120 at $6,000 each $720,000.00
Retain five pairs to add to stock at $6,000 each 60,000.00
Estimate dividend to stockholders 660,000.00
Equalling 88 p. c.

STOCK 1916, 45 PAIRS
Estimate number of pups 1916, 135 at $5,000 each $675,000.00
Cost of Ranching,etc.,estimated at 20,000.00
Retain five pairs to add to stock at $5,000 each 50,000.00
Estimate dividend to stockholders 605,000,00
Equalling 80 p. c.

STOCK 1917, 50 PAIRS
Estimate number of pups 1917, 150 at $4,000 each 600,000.00
Cost of Ranching,etc.,estimated at 20,000.00
Retain five pairs to add to stock at $4,000 each 40,000.00
Estimate dividend to stockholders 540,000.00
Equalling 72 p. c.

At the end of three years' operations the stockholders would therefore have 55 pairs of foxes in the ranch, and would receive, on the above estimate, $1,805,000.00, equalling an average of 80 p. c. annually. In this estimate the price has been decreased each year to take care of any drop in values, which is altogether improbable.

Guaranteed DIVIDENDS

The Company guarantees to the shareholders a dividend of not less than ten per cent per annum upon its paid-up capital during the first five years it does business, which is equal to a total dividend of fifty per cent. on paid-up capital in five years.
