INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

Prince Edward Island Presbyterian

The annual meeting of the P. E. I. Presbyterian Church in Canada was held on Thursday last in Belfast under the presidency of Mrs. Ella Jardine, Kensington. The morning was threatening, and there was some rain, but from the opening of the first session at 11.30 a. m. and throughout the day the weather was all that could be desired. It was stated that the attendance, membership of the auxiliaries and money contributions showed a marked increase on the previous year. The vote of devout thankfulness to God for His many mercies and continued favour was predominant. The beautiful wooded grounds of the historic church and its neatly kept cemetery, contributed in no small measure, to the atmosphere of reverence, loyalty, and love in the Master's cause, which pervaded the entire proceedings. There were three sessions, each opened with devotional exercises, led by Mrs. L. A. Moore of Sydney, C. B., Mrs. Morrison of Alberton and Miss McEachern respectively. After the appointment of committees for nominations, credentials, resolutions, and courtesies, Rev. R. H. Stavert, Moderator of the Session of the Belfast congregation, extended a hearty welcome to the delegates and visitors. This was supported by Mr. R. E. Macdonald in a few felicitous words. He said luncheon and tea would be served in the Manse, and that he would convey their guests there and back to the church. He expressed the hope that they had made sufficient provision for all. This hope was fully realized, as, notwithstanding the hundreds who sat down and did ample justice to the two sumptuous repasts, there was enough and to spare.

Brief addresses were delivered by Rev. F. Williamson and Mr. Profit of Kensington and Rev. D. V. O'Meara, of Murray Harbour North. The afternoon session was devoted to the business proper of the Presbyterian. Twenty-seven auxiliaries responded to Roll call. Rev. R. H. Stavert who with Rev. M. Scott-Fulton, Moderator had been delegated by the Presbytery, then extended greetings of the Presbytery to the meeting of the Presbytery. The Presbytery carried, as it were, the keys of the positions within its bounds, and delivered them to those who were found to be trustworthy in guarding those positions. Whenever they thought of the W. M. S., they thought of those who had made sacrifices in the cause for which the Presbyterian Church in Canada stood. Their work was such that the Presbytery could safely entrust to them the keys. The glory of the church had been its missionary spirit, and it was the enthusiastic support of Millions by the W. M. S. that kept the spirit alive and the story undimmed. Mr. Fulford, the student-pastor of Belfast congregation also extended greetings. Mrs. S. C. Moore on behalf of the Presbytery fittingly replied to the greetings. An interesting feature of this session was the address and presentation of a life membership certificate to Mrs. Phillips, a niece of the new Hebrides martyred missionaries Revs. John and James Gordon. The following reports were presented and adopted:

Auxiliaries—Mrs. S. C. Moore.
Home Missions—Mrs. Dr. Stewart.
Young People's Work—Miss Fullerton.
Mission Band—Miss Adelaide Humphrey.
Financial—Miss Mary McNutt.
In connection with the last named report, it was pointed out that the allocations included a grant to the Maritime Home, Truro, since the legislature of Nova Scotia had recognized the status of the Presbyterian Church in Canada, and Presbyterians were now represented on the Board of that Institution. The following officers were elected:

President—Mrs. Ella Jardine, Kensington.
1st Vice Pres.—Mrs. David McMurdo, Summerside.
2nd Vice Pres.—Mrs. Wm. Montgomery, Port Hill.
3rd Vice Pres.—Miss Louisa Martin, Belfast.
4th Vice Pres.—Mrs. Benjamin

Clow, Murray Harbor North
5th Vice Pres.—Mrs. Frank Bagnall, Hunter River.
Recording Secretary—Mrs. F. A. Mutch, Charlottetown.
Literature Secretary—Mrs. S. C. Moore, Charlottetown.
Treasurer—Miss Mary McNutt.
Home Mission Secretary—Mrs. Dr. Stewart, Tyne Valley.
Young People's Society Secretary—Miss Jessie Fullerton, Charlottetown.
Mission Band Secretary—Miss Marian Profit, Kensington.
Secretary for Literature—Miss Ethel Stewart, Charlottetown.

It was announced that "The fifty year's history of the W. M. S." was now published and could be obtained from the Secretary for Literature price 25 cents postpaid. The President then introduced Mrs. L. A. Moore, representative of the W. M. S. Eastern Division who in the course of a lengthy and most interesting address, outlined the boundaries of their division, which included the Maritime Provinces, Newfoundland, and Bermuda. She describes some of the many interests and activities of the W. M. S., not only within those bounds, but also in the foreign mission field, which were dependent upon their support, sympathy and prayer. She appealed for three young women mission workers, one a B. A. for British Guiana. The W. M. S. has also assumed responsibility for the salaries of emigration port workers, for Deaconesses and assistants in Girls Homes and Schools; also for bursaries to reserving students in Presbyterian Theological Colleges. Following the address, prayer was offered by Mrs. Yeo, Tyne Valley and Mrs. George Reynolds of Murray Harbor North. The session was formally closed by Rev. W. Bruce Muir. At the evening session the president called upon Revs. M. Scott-Fulton, F. Williamson, R. H. Stavert and Quincy A. McDowell, who delivered interesting addresses on the general subject of the mission work of the church, as assisted by the W. M. S.

CROP REPORT

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the districts mentioned.

Ideal growing weather has prevailed in practically every part of the Dominion during the past week and crops generally are making excellent progress. This is particularly the case in the Prairie Provinces where with ample moisture available all grain crops are making rapid growth. The only untoward features have been some scattered losses from hail in Alberta and damage from the same cause in several fairly extensive belts of territory in Saskatchewan. In Quebec the outlook for all crops is now favourable while in Ontario heavy grain crops are ripening fast and the gathering of a large hay crop is in full swing. In the Maritime Provinces all crops are doing well. In British Columbia continued wet weather has retarded haying operations and berry picking, but crops are making satisfactory growth. Details follow:—

PRAIRIE PROVINCES

IN ALBERTA—Conditions generally continue favourably with ample rains. Wheat is about one week late but is growing rapidly and will gain in warmer weather. Fodder crops are heavy and pastures excellent. ALBERTA WESTERN AREA—Rains general, growth rapid, scattered hail losses are reported. Beet crops are satisfactory. ALBERTA NORTH-EASTERN AREA—Conditions ideal, slight hail damage at a few points, losses negligible. ALBERTA SOUTHEASTERN AREA—Conditions continue favourable. SASKATCHEWAN—NORTHERN AREA—With abundance of moisture and good growing weather conditions have been ideal and grains are advancing rapidly in all sections. There is ample moisture. General hail storms have done considerable damage in several fairly extensive belts of territory, including an area some twelve miles in width from north of Moose Jaw to the Manitoba boundary roughly paralleling the main line of the Canadian Pacific Railway. MANITOBA—With ample moisture and warm weather rapid growth continues. Apart from a decreased acreage the situation is satisfactory.

PROVINCE OF QUEBEC

Wheat and coarse grains show exceptionally good promise. Cutting of hay has commenced in most districts and a better than average cut is expected. Vegetables, roots and corn are late but are now doing well. Grass and clover are in first class condition. Fruit trees have a good appearance. Small fruits and berries are plentiful.

PROVINCE OF ONTARIO

Cutting of fall wheat has commenced in southwestern Ontario, the crop being a good average one. Barley and oats are heading out. Both are heavy crops with a good length of straw. Warm weather has helped the corn crop which is now making good headway. Ideal weather has prevailed for haying—the crop is well saved and heavy. Small fruits are below average with the exception of raspberries, which are a good, especially potatoes. Tobacco is making excellent progress. Pastures are still good but are beginning to show the effect of hot weather.

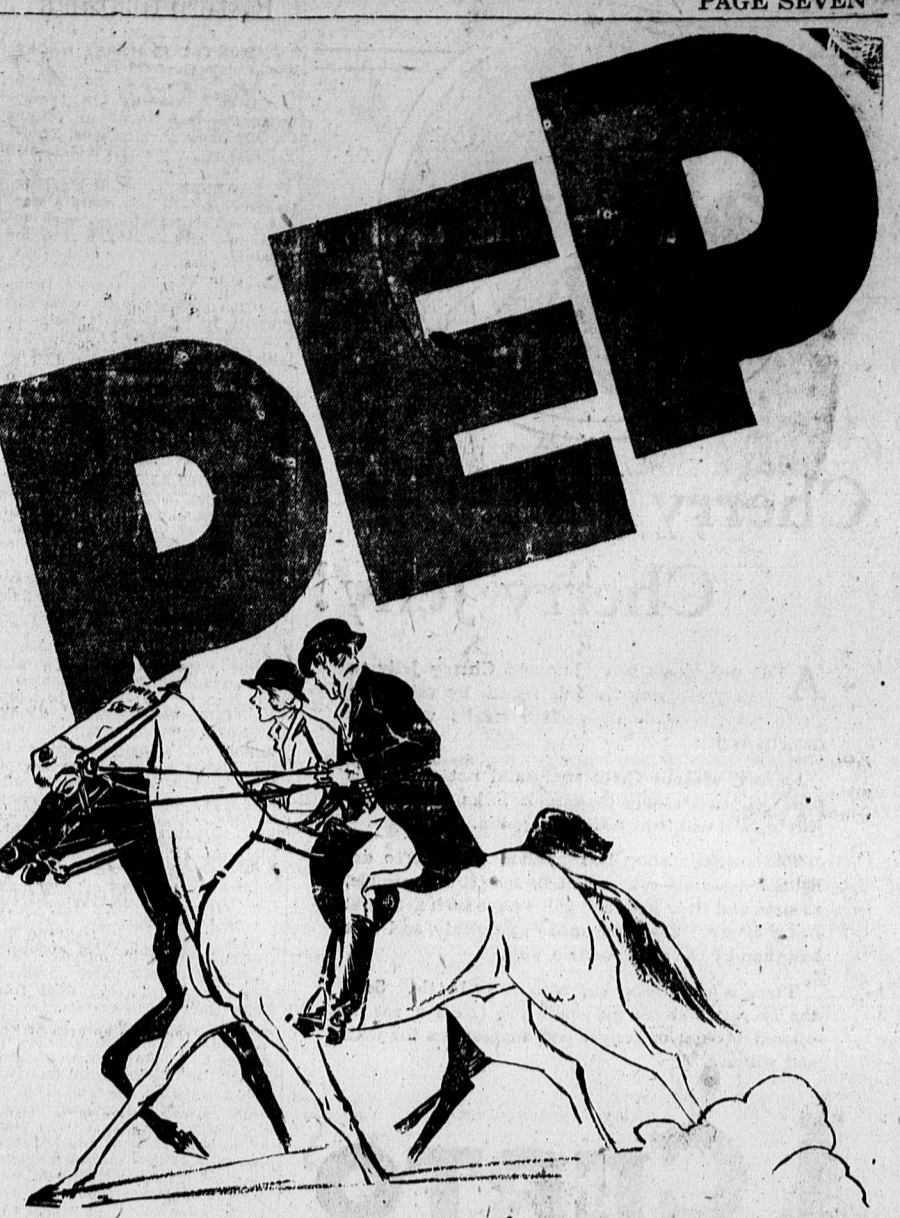

MARITIME PROVINCES

In New Brunswick potatoes show good growth. Hay promises

a heavy yield and pasturage is excellent. Splendid growing weather has prevailed. In Nova Scotia apples set well and a good crop is predicted. Potatoes are making satisfactory growth. In Prince Edward Island ideal growing weather has prevailed and all crops look well.

St. James' Church choir:—Mrs. Mutch, Miss Jean Fraser and Miss McDonald, Messrs. H. Craswell, J. S. McLeod, H. McDougal and M. McKinnon. It was resolved to send a wire to Rev. Dr. Leslie Clay, a native of P. E. I. congratulating him upon his election as Moderator of the General Assembly. The Presbytery accepted the cordial invitation of Malpeque to hold next year's meeting there.

Announcement was made of the summer school to be conducted by Rev. Dr. Kannawin and members of his staff in Zion Church Hall, Aug. 8th, 15th inclusive. For particulars of accommodation and registration fees application should be made to Mr. A. A. MacDonald, 87 Upper Hillsboro St. The President Mrs. Jardine, expressed the warm thanks of the Presbytery for the splendid hospitality and entertainment provided by the Belfast congregation. She also paid a fitting tribute of praise to the talented musicians, Mr. Fulford, student catechist of Belfast, closed the meeting with the Benediction.

The way of a wonderful day!

GLORIOUS days are an every-day story when they begin with the right kind of breakfast. You need crisp, peppy food in the morning! Food such as Kellogg's Pep!

Pep adds delightful zest to breakfast. Those golden crunchy flakes of whole wheat. How good they taste! Good—and good for you!

Pep is health in a package! The peppiest food you know. Rich in

nature's vitamins and health-building mineral elements.

Contains the bran of the wheat—just enough to be mildly laxative. Helps prevent constipation. A great food for kiddies! Keeps them regular.

Eat Pep and have pep! Serve it often. For breakfast—for lunch or dinner. With milk or cream. And, for variety, add fresh or canned fruits or honey. Your grocer has Pep!

GLENALADALE SCHOOL

The closing exercises of Glenaladale School were held on Thursday, June 30th, and were well attended by ratepayers and visitors. The pupils were examined in the different subjects by Rev. J. B. MacIntyre, Miss Mary C. Macdonald, teacher at Donaldston, Miss McPhee, teacher at Glenroy, Miss Catherine MacDonald of Tracadie and their own teacher, Miss Anita Macdonald. During the examination a pleasing programme of patriotic songs was carried out by the pupils and at its close prizes and Confederation medals were distributed by the teacher and School Leaving Certificate presented to Joseph Lacey.

The pupils and visitors were treated to ice-cream and cake, after which complimentary remarks on the progress of the school during the past year were made by Rev. Father MacIntyre, Mr. J. J. Lacey, Mr. T. J. Smith, and the visiting teachers present. The teacher was then presented with a beautiful handbag from her pupils and the following address read by Joseph Lacey:

Dear Teacher:—It is with feelings of sincere regret we, your pupils of Glenaladale have learned that you are about to sever your connections with our school. The past year has been a most pleasant as well as a most profitable one for us. We are still aware and freely admit we could have profited more had we attended to the many urgent lessons you gave us.

CLOSING

However, although we may not have made the marked progress your earnest labour in our behalf should have brought about, be assured, dear teacher, we all appreciate in a very true sense the faithfulness and dignity with which you have discharged your duty towards different subjects by Rev. J. B. MacIntyre, Miss Mary C. Macdonald, teacher at Donaldston, Miss McPhee, teacher at Glenroy, Miss Catherine MacDonald of Tracadie and their own teacher, Miss Anita Macdonald. During the examination a pleasing programme of patriotic songs was carried out by the pupils and at its close prizes and Confederation medals were distributed by the teacher and School Leaving Certificate presented to Joseph Lacey.

Signed on behalf of the pupils of Glenaladale School,
Miss MacDonald in a few words thanked the pupils for their gift and extended her sincerest thanks to the people of the district for their many acts of kindness to her and splendid co-operation in school work shown during the year. She regretted not being able to remain longer with the pupils of Glenaladale and wished them every success in their future school work and a pleasant summer vacation.
