STUBBORN FIRE IN BIG STEAMER

The White Star Liner Oceanic Gave New York Firemen And Her Crew A Difficult Task To Overcome Fire In Hold.

[SPECIAL BY CABLE.] NEW YORK, June 3.—The White Star giant steamer Oceanic had a narrow escape from destruction by fire today while lying at her pier.

SNOW IN NEW YORK STEAMERS IDLE

Coldest June 2 Since Weather Bureau Was Organized—Millions Of Dollars Lost Because Of Weather—Fifty Mile Gale

NEW YORK, June 2.—Snow fell in New York today, though the flakes were not of the sort that make sleighing and snowballs, nor did they fall as snow, all the way to pavements but, coming from a colder strata they swirled about the tops of the skyscrapers, and before melting added a midwinter touch to the not remarkable June that New Yorkers have known.

The warmest moment of the day was 12.05 a.m., when the temperature was officially recorded at 51 degrees. At 10.30 a.m. the mercury had dropped to 45 and at 6 o'clock tonight it had risen to 47.

At the local weather bureau the day was admitted to be the coldest recorded here on June 2. A stiff breeze, accompanied with a heavy rainfall, prevailed through the day. Holiday excursions were abandoned and piles of resorts were without patrons.

At an early hour the wind attained a velocity of fifty miles an hour. The brunt of the blast was felt in Bronx, where a two story half-completed frame house was torn apart and its timber scattered for a block. Fences were laid flat and signs blown from business buildings, and in Third avenue, a row of workmen's shanties were wrenched out of plumb.

Ordinarily, scores of excursion boats carry parties away for the day, but today only three small boats left their docks and these each carried a handful of fishermen to the fishing ground.

For the first time since the resort was established, not a boat put out for Coney Island, and one steamer company which reckons on \$5,000 every June Sunday, was out \$10,000. It is estimated the loss due to unseasonable weather will amount to millions of dollars in Greater New York alone.

The smaller demand for spring attire has been a serious blow to clothing merchants while other lines have been similarly affected.

From up the state tonight a report of winter weather. In the Catskills, where many New Yorkers have already taken

NEWARK, N. J., June 3.—Three lives were lost and thousands of dollars worth of damage done in a fire which started early this morning in Newark, on William St.

LITTLE ITALY BREATHES EASIER

NEW YORK, May 31.—The Italian Colony gave up another characteristic murder last night when "Bumbo" Giordano long known and feared as the man of supernatural strength, was laid low by a blow from a hand axe which a compatriot was in the habit of carrying under his coat. Giordano, the terror of Italians, because of his strength pushed his way into a game in an east side saloon. When the game failed to go, the giant G. O. seized the leader by the throat. In another moment the axe descended upon his head, and he lay dead on the floor. The murderer is at large, but "Little Italy" breathes easier.

GERMANY AND UNITED STATES

Their Absence From Present Day Alliance is Commented Upon In Europe—English Journal Urges Germany Be Invited

LONDON, June 2.—The European policy in the Far East and the friction between the United States and Japan is engaging the attention of Weekly review of London. The "Spectator" this week, comments on the absence of America and Germany from the system of alliance now embracing Great Britain, France, Russia and Japan, and after dealing with the various reasons to animate America and Germany in holding aloof, the paper says one object of these alliances is to enable Europe, plus Japan, to press its advice on China with irresistible weight. This, however as means of preserving peace in the Far East will not be possible unless Europe is invited to enter the European ring and enquiry should be addressed to Washington asking whether America intends to await events or join Europe and Japan in a scheme for securing in the Far East a long period of opportunity for peaceful and fruitful advance.

CHINESE REBELS MURDER AND SACK

Thirty Thousand Gather But Are Held Back With Loss Of 600

LONDON, June 3.—According to a special despatch from Shanghai, the revolutionists in the districts surrounding Swatow and Amoy are murdering the officials, burning official buildings and occupying towns and villages.

ITALIAN VICTIM OF VENDETTA

Dying In hospital Refuses To Divulge Name Of Assailant

NEW YORK, June 3.—Admitting he knows the identity of the man who stabbed him and declaring he is the victim of a vendetta, Carmelo Cetrane is probably dying in a hospital, refuses to give any information that would put the police on the track of his assailant. Cetrane says he will attend to the case if he recovers and that if he does not, there are others who will.

CLEVELAND, Ohio, June 1.—Dr. Wiley chief chemist of the United States department of agriculture, in an address delivered before the graduating class at Case School of Applied Science, today said: "I belong to a hundred-year club, any member of which who shall die before he is a hundred years old will be immediately expelled in disgrace. The present generation is going to live much longer than the one which came before, because it knows more about the laws of diet hygiene and surgery. It is a rank disgrace for any man to die except from old age."

WEST POTATOES GO SOARING

WINNIPEG, June 2.—Wheat is no longer king here. While all eyes have been turned upon it, the potato market has been erratic and excited. For more than a week past deliveries have been small, owing, no doubt to the rush of spring work, which is usually over by this date. While receipts have been receding the demand has been increasing, and prices have gone up like sky-rockets. Local deliveries have brought 35 cents to 35 cents on the track for even quite small quantities. Several cars have been brought in from Minnesota, and these cost \$1.05 on the track, and are still in a jobbing way at \$1.15 to \$1.25. Dealers state that they think the top of the market has probably been reached.
