Was Run Down And Very Weak

Too Little Blood the Trouble

Mrs. Jas. A. Haughn, Bridgewater, N. S., writes:—'I was badly run down and very weak. So much so I could scarcely do my housework. My nerves were affected; my digestion poor; I had continual headaches and could not get a restful night's sleep. Different remedies failed to be of benefit and I was growing discouraged. One day, however, I saw an advertisement of a case similar to mine which had been relieved by Dr. Williams' Pink Pills so I decided to try them. A few weeks' use of the Pills fully restored my health and now my household duties are a pleasure instead of a torture.'

Mrs. Haughn's whole trouble was that she had too little blood. Dr. Williams' Pink Pills were of aid to her because they renewed and purified her blood and that good blood promoted good health, for where good blood abounds disease cannot exist. You can get these Pills from any dealer in medicine or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Miss Mary Pickford tells a good story against her husband, Douglas Fairbanks.

It concerned a party they attended at which a number of other well-known film stars were present. Becoming reminiscent, they started talking about "the good old days," and in the course of the chat Charlie Chaplin remarked to Douglas Fairbanks: "Someone told me that when you were on the legitimate stage you took a crack at Shakespearean roles and that the crowd booed you." "That's a darn lie!" Doug. defended himself. "There was no crowd."
