ADAMSON'S BOTANIC BALSAM is the most deadly of all diseases of children. It gives very little time in which to seek remedies. A little tiredness—a cough—feverishness—stiffled coughing—weakened voice—feeble pulse—delirium—convulsions—and even at this critical period **LIFE IS SAVED** if this wonderful balsam is administered. It should be always on hand and given at the first symptom but it will nearly perform miracles whenever used.
