..*NARROW ESCAPE—On Wednesday afternoon, Aug. 10th, Amos Larardieu in company with a number of other boys was swimming off Malcolm's Wharf. Larardieu, who had learned to swim quite capably off the shore in water not over his depth was making the first venture in deep water. He swam strongly to a boat which was anchored a short distance from the wharf and as he reached the side he made an attempt to catch the gunwale of the boat to rest. In doing this it is necessary when he boat is high out of the water, as in this present case, to make a spring upwards with the arms outstretched above the head. Larardieu did this and when his hand failed to catch the side of the boat he fell back to such an extent that his head went under water. In learning in shallow water he made the mistake made by so many of not getting accustomed to putting one's head under water. When he found himself going down the instinct of self-preservation became uppermost and he began kicking and came to the surface and went down for the second time. When he arose again despite the fact that he had swallowed a considerable amount of water he managed to yell for help and Gerard Scully, his 17 year old chum, who was sitting fully clad on the wharf dove to his rescue and succeeded in reaching him before going down for the last time. The nearness by which a sad tragedy was averted is easily comprehended when Larardieu tells that he had given up all hopes and was bordering so close on unconsciousness that to use his own words he thought that he was dead. It has been proposed that the Mayor and Council of Georgetwon show their appreciation of the brave deed of Gerard Scully by using their influence in obtaining for him some mark of recognition for his noble act. The Secret Of The Fredericton Track

The making of a race track is a fine are; first class tracks don't just happen but are the result of superior knowledge and skill, persistently applied. Anyone who thinks that the Fredericton track, the fastest half mile in Canada, became so by accident is wide of the mark. With a splendid location Fredericton trotting park had a fine start but its reputation has been enhanced with the years because of the way in which it has been looked after and cared for. In the fall, straw and fertilizer from the stalls are carefully spread over the surface and the coating is allowed to remain there all through the winter and spring and on until summer when the track is raked and cleaned. Later a big California track harrow, made in Kalamazoo, Michigan, contributes its share towards the excellence of the course. As a result of these and many other things, the track possesses a surface, which seems full of life, a fine footing for the horses, which enables them to do several seconds better than upon any other track in Canada.

Not long ago Mr. C. L. Sypher, the secretary, received an enquiry from Kalamazoo, Michigan, for the secret of the efficiency and superiority of the Fredericton track. Such is fame.

At the Fredericton Exhibition this year, September 10-17, horse races of exceptional interest will be held.

RELIGIOUS SERVICES

TRINITY UNITED CHURCH

"I love thy church, O God,
Her walls before Thee stand."

There is an attraction about Trinity Church that draws visitors and strangers to its worship. Rev. Mr. Brown extended a special word of welcome to he many who were present in the morning. At the close of the service a visiting clergyman remarked "that was a good sermon John," to which the reply was given, "the whole service was good." "Yes," said the visitor, "it was a delightful service. I was greatly pleased with it." That truly represents the general feeling and explains the reason why there is always a splendid congregation even in the mid-summer months.

The flowers so nicely arranged and placed around the pulpit sending out their fragrant message of beauty and love, the opening organ selection by Prof. W. E. Fletcher have prepared the people for worship. The choir entered from either side of the pulpit, the congregation rise and all sing with heart and voice "Praise God From Whom All Blessings Flow." After the opening prayer Mrs. W. McL. Clarke of Montreal, sang the "Ninety-first Psalm," (McDermid), which was greatly appreciated. The 103rd Psalm is then read responsively followed by "Gloria Patri," and after the offertory Mr. P. W. Small is heard in his rich baritone solo, "The Better Land." Rev. Mr. Brown preached from the text John 12: 31, 32. "Now shall the Prince of this world be cast out, and I, if I be lifted up from the earth shall draw all men unto me." The power of the uplifted Jesus.

The evening service was one of exceptional merit and in the first place mention should be made of the church, a man who is much beloved and the very large congregation present is a testimony to the affection and respect held for him. His text was 1 Cor. 3, 10 and 11. "For other foundation can no man lay than that is laid which is Jesus Christ. But let every man take heed how he builded thereupon."

Professor Fletcher presided at the organ and Mrs. Fletcher was heard with pleasure in a beautifully rendered solo "Queen of Angels." At the offertory, Miss Kathleen Logan gave a violin solo, "Because," which held the closest attention of all present. Rev. C. N. Brown voiced the deep appreciation of the congregation to those artists who had contributed in such a magnificent way to the service of praise. Before the close of the service Professor Fletcher gave an organ solo, "Requiem of the Sea," a reminiscence of "Flockton's Grave," Bay Fortune, P. E. I. The fact that it was the Professor's own composition and played by himself is a sufficient statement of its excellence.

It is announced that Rev. J. S. Bonnell of Westminster Church, Winnipeg, now summering at Cavendish, will be the preacher next Sunday morning.

LADY HOUSTON'S CABLE

Lady Houston, whose horse R. B. Bennett won the North Derby at Gosforth Park last month, has cabled the following message to Mr R. B. Bennett, the Canadian Premier:—

"Humble greeting from R. B. Bennett, of Newmarket, winner of the North Derby, to his great namesake. May the greatest Derby of the British Empire be now at Ottawa with free trade within the Empire, reciprocity, and bumping prosperity.

"For Britons, both man and horse are the most glorious race the world has ever produced, and all Britons should feel proud of their pedigree as I am of mine and of being called R. B. Bennett. God save the King, and three neighs for Ottawa. (Signed) His hoofmark, R. B. Bennett."
