

Proper Clothes for Real Boys.

"Progress" Clothes are strong clothes. They won't rip—won't show white in the seams—won't fade—won't shrink. They are clothes to resist the "wear and tear" that sturdy, active boys give their garments.

"PROGRESS" Brand Clothing

Is manly clothing—with a "snap" and style that "tickles" the youngsters—and make them proud of their "new suits." It is this recognized quality which makes "Progress" Brand the favorite with mothers.

Sold by Leading Clothiers Throughout Canada.

A GREAT LITTLE WORKER.
During a long life thus the heart will propel half a million soft blood through the body, and so long as the blood is in a healthy condition it will repair itself as fast as it wastes, and it is the rhythm of it that is the key to the health of the body. If the action of the heart gets weak, irregular and fluttering, the blood is lacking in nourishing qualities and requires just such a medicine as is best supplied by Dr. Chase's New Food, the great blood builder and nerve restorative.
