ENTOMBED MINER BEGS DYNAMITE

WILKESBARRE, Pa., Oct. 6.—(Special).— Twenty-five feet of solid coal and rock separates from liberty Thomas Toshesky, who has been a prisoner in a tomb in the Continental mine since last Friday, and tonight the announcement was made by officials of the mine that the rescuers will not be able to reach him until tomorrow night, at the earliest.

Because of the danger to Toshesky, no blasting is permitted and the rescue party has to drive its way through the solid coal and rock by means of pick and shovel.

Mining men fear that another fall may come before the rescuers get to the prisoner. The prisoner realizes this fact, and through the gas pipe which connects him with the outer world, he said today he had found some of his tools and was digging into the coal and rock.

He pixcked about three feet of coal when those on the outside told him to be careful lest he cut the rope used in drawing his provisions through the pipe. He begged for dynam,te to blow down portions of the barrier, and to quiet him a bottle of aggnog was sent to him.

Toshesky was more cheerful after a fifteen minutes talk through the pipe with his wife.

REVOLUTIONIZING RIFLE SHOOTING

PARIS, Oct. 6.—(Special).—An obscure inventor named Sava Rogozea had just demonstrated discoveries which promise to revolutionize rifle firing. His invention consists of a special cartridge and double inflammable bullet primarily designed for the destruction of airships.

In his experiments Rogozea used an old gun built in 1830. Although his cartridge was filled with black powder spectators were astonished to see neither smoke, flash nor recoil as he fired, the strange long bullet travelling fleet and straight to the butt instead of executing a series of irregular bounds as it should have done according to accepted ballistic laws. The bullet carried 1,200 metres, but it is calculated that with a modern rifle it would have carried 3,000 metres (about two miles).

Rogozea also says he has invented a cannon costing only 300 francs, or about $60, easily carried by two men, which can throw a shell 7,000 metres. Another invention he has brought forward is a sharpnell shell which scatters its contents along the level of the ground, moving all in its path, instead of dropping from above

RALLY FOR IRISH HOME RULE

Reasons why the Ford Car is Best

Number One—The Motor

The motor of the Ford car is rated at 20 horsepower, 4 cylinder type with piston stroke of four inches and cylinder board of 3 3-4 inches. Cylinders have removable hinge which permits of easy access of piston, cylinder and valves.

All interior parts of the Ford motor can be reached by removing the plate on the bottom of the crank case, not tearing down the motor to reach crank shaft, piston, connecting rod, etc.

The entire power plant is air proof, oil proof and dust proof thus reducing wear and appreciation to a minimum.

We would like to show you the superiority of the Ford car, especially the simplicity of the Ford motor. Call for a demonstration.

CRAMPS, HEADACHE, BACKACHE,

Yield to Lydia E. Pinkham's Vegetable Compound.

Cedar Rapids, Iowa.—"I was always tired and weak and my housework was a drag. I was irregular, had cramps so bad that I would have to lie down, also a distressed feeling in lower part of back, and headache. My abdomen was sore and I know I had organic inflammation.

"Lydia E. Pinkham's Vegetable Compound and Blood Purifier have helped me wonderfully. I don't have those pains any more and I am all right now. There are a great many women here who take your remedies and I have told others what they have done for me."—Mrs. CHAS. McKINNON, 1013 N. 5th St. W., Cedar Rapids, Iowa.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 30 years ago by a woman to relieve woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
