—CHURCH OF SCOTLAND. Rev. James MacDougal will preach on Sabbath the 5th at Argyle at 10.30. Deshale at 3 and at Hampton at 7.

—McLEAN BROS., of Lower Bechoque have disposed of their farm at the above place and will dispose of the stock and crop and implements by auction on Wednesday, March 8th. See posters for particulars.

—ENJOYABLE EVENT.—The Alberton sub-division of the Catholic Women's League gave a very nice whist and dance recently. Although weather and roads were not inviting a number of people attended. Alice prizes for the whist had been awarded a very fine lunch was served and the remainder of the time was spent in dancing. The evening was enjoyable as well as being a financial success.

—A QUICK SALE.—R. T. Holman Ltd., Summerside, had on display in their furniture show window on Tuesday a magnificent chest of drawers of unusual design and construction. It had faced sections of genuine mahogany, with back rail to match and finished in triple up holstoring effect with covering of finest grade tapestry. The Chest of drawers, with chair to match, was priced at \$500.00 and was in the show window for one day when it was sold and delivered to a Summerside man who appreciated the excellence of the workmanship.

—NEW PREMISES.—There is a rumor to the effect that our enterprising jeweler, Mr. A. H. Hunt, is about to take up his quarters in the billiard rooms at present occupied by Mr. Archibald Lewis. This is a splendid building, roomy, clean, and with so many windows, affording a great deal of light, which we understand is about the best thing a jeweler can do without. It is not every business that will stand as much light as the business of our enterprising and efficient jeweler. B.

—FREIGHT RATE REDUCTION.—The Alberton writer has just received a letter corroborating the statement he received some time ago from an Express Company, to the effect that there is to be a special reduction in Express rates to take effect about May 1st for the purpose of allowing fresh fish shippers to ship to American markets. The present rates are practically prohibitive, and unless reduced, would mean the death of fresh fish business. In the meantime the Inter-State Commerce Commission is sitting on the matter, and their decision is expected in the course of a few days. B.

—COMING SPORTS.—There will be two big hockey matches in Summerside on Friday evening, March 3rd. The first will be the deciding game in the Summerside League Series when the Red Sox and Wat Vets will look for hockey supremacy, and a battle royal is assured. The second game will be between West Kent School, Charlottetown, and the Summerside High School, and the teams also promise a good exhibition of hockey. The games will be under the auspices of the Prince County Soldiers' Monument Fund and doubtless all will cooperate to give the campaign a boost by their support and patronage. It is understood that box seats parties will represent the different districts within reach of Summerside.

—SEARLETON NOTES.—Mr. Joseph M. Webster, who has been absent from his home for the last eighteen months returned to his old home in Searleton on Feb. 2nd. Mrs. E. T. Webster, of Searleton, lost a valuable cow the other day by eating smashed grain and straw. The cow was owned by Joseph M. Webster, of Imperial, Sask., is spending the winter with friends on the Island. She visited her sister, Mrs. E. T. Webster, of Searleton last week. Mrs. Webster makes her home with her brother Pictou Tenney, Pictou, where she intends to remain until August next.

—PRIZES AWARDED.—The 100 D.E. of Summerside offered prizes in the three highest rooms in the school for the best essays written on the picture hanging in either room. The pupils to draw in their imagination and take what they could out of the picture. Mr. J. J. Brown, Subject: "The Boyhood of Raleigh." Miss Ramsay's room 1st prize to Ethel Jardine, 2nd to Helen Bege. Subject: "The Dawn of Commerce." Miss Sullivan's and Mr. Gallant's room (same grade). 1st to Ruth Jardine, 2nd to Robert Holman. Subject: "Canada's Army." The prizes essays will be read at the Parent Teachers meeting on Tuesday evening, Feb. 23.

—ALBERTON RESIDENT DEAD.—The many friends of Mr. David Simmons, will be grieved to hear of his death, which occurred on Sunday morning, Feb. 26th, at his residence on the Centre Lane Road. The deceased, who was one of the earliest settlers in that locality, having moved here in 1871, was a man who enjoyed the friendship of everyone in the district, and his passing away will be felt with deep regret by all who knew him. Always of a cheerful disposition, he bore up till the very last, though suffering from the ravages of a disease, which he knew himself was impossible to cure. He leaves to survive him, a wife, two daughters, and a few sons to whom the sympathy of the whole community is extended. The funeral, which was largely attended, took place in the Anglican Cemetery, Alton, the Rev. Mr. Spriggs officiating. B.

—WILL THE PARTY who took the hanging from Ladies' Rest room in the Store of Sinclair & Stewart, Ltd., on Saturday evening, February 25th, please return same and save trouble as they are known.

—A TEA IN AID OF THE LIBRARY will be held in the Gentlemen's Club Rooms, between 4 and 4 p. m. on Saturday, for the raising and an auction of the best magazines which are recommended for Women's Institutes will add interest to the affair.

—SUCCESSFUL YEAR.—All indications at present point to a successful year in the jobber's line. All the old factories together with some new ones are being opened, more boats are being built, and everything seems to indicate that with the coming of Spring, old man Depression will bid a final adieu.

—EXCITING MOMENTS.—The peaceful labor of Water Street Summerhouse, was broken on Monday afternoon by two runaways, one delivery horse, apparently feeling the urge of spring, took it into his head to bolt down the street, and the other, not to be outdone in the sporting spirit, followed some time later. In both cases there was no damage to horse or equipment.

—THOROUGHLY ENJOYED.—The Mardi Gras dance at the Olympia Cabaret in Summerside on Monday night was one of the social events of the season, the floor being patronized by one of the largest and most representative gatherings of young folks since the start of the winter season. Music for the dances was furnished by a volunteer orchestra of seven and added greatly to the pleasure of the evening. Throughout the evening there were many other private dances and whist parties, featuring the approach of the Lenten season.

PRES. WILSON SOLD IN WAX

BERLIN, March 1, 1922.—Woodrow Wilson! What an I offered for Mr. Woodrow Wilson? cried the auctioneer. Some potential buyers stood grinning at America's ex-President, standing before them with a stolid countenance and fixed eyes. Some turned away. "Six hundred and fifty I am offered; \$650! Will some one pay more for Mister Wilson?" There was a moment's pause. The auctioneer's hammer fell. This was near the bottom price of the sale.

This was an auction of famous old Berlin political figures, royal personages of defunct regimes and personages of past glory. Woodrow Wilson and dozens of other celebrities were under the hammer in waxen effigy. The price for Mr. Wilson, presented as holding a paper inscribed with the 14 points was in marks, not dollars. On the German image, marked at present exchange rates, he is worth about \$225, and at that he brought more than did "Papa" Joffre, and can further comfort himself for Wilhelm II stood ignored in a corner and was not even offered for sale. President Ebert and ex-Chancellor Schlegelmann together brought 2100 marks, the same figure that was bid for Napoleon, by himself. Liezt, Runenstein and Wagner, another sold for 5,000 marks. Raymond Poincaré, Premier of France, somewhat to the surprise of all present, fetched 1,050 marks. Kaiser Wilhelm I, mounted upon a horse with 15,000 marks, while Frederick with Victoria, were bid in at 4,200 marks. The coat of Fritz is wearing also is worth something, murmured the purchaser, as he handed over the money.

ITCHING BURNING PIMPLES ON FACE

Festered and Scaled Over. Face Disfigured. Cuticura Heals.

"My face was almost covered with pimples which festered and scaled over. They itched and burned so that I could hardly stand them, and my face was so disfigured I was unable to go anywhere. I lost so much sleep that I was about crazy. "The trouble lasted two months. I started using Cuticura Soap and Ointment and after I had used two boxes of Cuticura Soap and two boxes of Cuticura Ointment for three weeks I was completely healed." (Signed) Miss Dorothy Danielson, Jackson, Calif.

Cuticura Soap daily, with Cuticura Ointment occasionally, prevents pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum for performing the skin.

THE RECONSTRUCTION OF EUROPE

The failure of the Cannes Economic Conference upon which as a preliminary to the greater and even more important meeting at Genoa so many hopes had been set, is an unpleasant warning to those whose optimism exceeds their understanding of the vagaries of international human nature. If the reconstruction of Europe is to be carried through with any chance of success it must be on the basis of a plan or series of plans which not only command the general support and adhesion of the economists, business men, and financial experts in the various countries, but also of that vast body of opinion represented by the man in the street, which makes and unmake Governments, and is usually rather impatient of anything which runs counter to its deep-rooted prejudices. Europe at the present moment is a hotbed of such prejudices, each with their particular national peculiarities, which make the diplomat's task of reducing them to a common denominator one of infinite difficulty. Cannes shows us quite plainly that the individual nations of Europe do not, unfortunately for all of them, yet realize the supreme necessity for common action to find solutions as quickly as possible for the terrible problems, mostly economic, which, as long as they remain unsolved, are a barrier not only to national, but to international prosperity.

But whatever the obstacles in her path, and however her motives may be misunderstood, British has no choice but to persevere in an endeavour to place the economic affairs of Europe on a better and sounder basis. Amid the welter of confusion which appears to prevail on the Continent we have managed to keep our heads and are able to face the world facts not in a narrow Chauvinistic spirit, but a great nation to whom foreign trade on an extensive scale is an absolute necessity. We have urged for several months past that however well-laid our domestic plans may be for adding a revival of British industry to their full effect unless they are properly related to an international scheme of reconstruction which attempts to deal with the knotty problems associated with the international debts and indemnities, and the stabilisation of the exchange. Unfortunately the interests of the various European governments are so varied and so divergent, and economic considerations in some cases, notably in France, are so much obscured by a somewhat one-sided and particularist outlook that as the Cannes breakdown has shown the best laid schemes applicable to sudden and unexpected changes. But the remarkable solution which was moved by Mr. Lloyd George and passed by the Allied Powers in Conference at Cannes on January 6th, though it may have suffered a temporary check, will, we are confident, be heard of again to some purpose at the Genoa Economic Conference in March. We hope that our French allies will ponder well in the meantime Mr. Lloyd George's remark that unless agreement is reached the fruits of the war will rot unutilized.

Dark and unpropitious as the European outlook may appear at this moment, we do not lack faith that the appearance of a more accurate and far-sighted view of the situation of Mr. Lloyd George will find a way out of the impasse before the Genoa Conference. This is no moment for recrimination and we shall studiously refrain from any harsh comment. We believe that British public opinion will continue to await patiently the appearance of a more accurate and far-sighted view of the situation. No one doubts that sooner or later that great nation, which played such a magnificent part in the fight for civilisation a few years ago, will ultimately recognize that the policy for which Britain stands, however distasteful it may be in some of its aspects, represents the only practical solution of Europe's difficulties, looked at as a whole. Germany and Russia, so long as they remain in their present position, are not only likely to go from bad to worse economically, but must retard the recovery of prosperity in other countries as well. Europe, as he holds, has many glorious pages of history yet to write, and in the writing of them we are certain that Britain will take a foremost part.

Ladies! Look Young

Darken Gray Hair Use the Old-time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm, it makes and mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyneth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two the natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

LETTER OF SYMPATHY

The following letter of sympathy has been received by Mrs. W. M. Cole, Mr. and Mrs. W. A. Bernard and his brothers and their wives from the New London Missionary Society, New London, Conn., Jan. 31, 1922. "Dear Mrs. Mitchell, the members of the Women's Missionary Society desire to express loving sympathy to your sister-in-law Mrs. Wm. Cole in the death of her mother, Mrs. Charles Mitchell, who died on Monday, Jan. 30th, 1922. Although laid aside from active work she still retained her interest in our Missionary Society, her best organization, and her dear life numbers. Her regular attendance and wise counsel was much valued while she was able to bring us aid and comfort. Her long life will be an inspiration for us all. How would then at evening meditation have come with joy untold.

Widow Of Caruso Joins Spiritualists

NEW YORK, Feb. 28.—Mrs. Enrico Caruso, widow of the Metropolitan opera star, yesterday announced that she was interested in spiritualism, and had enrolled in a small group of society and stage people who have attended seances in the last few weeks. "At the first meeting I attended the medium hadn't the least idea of respect," she declared, "and he talked in their sockets, his body became rigid and jerky and he talked in the Choctaw dialect."

For a little while it gave the call at 7 a.m., and was useful. When it began calling at midnight and 2 o'clock in the morning, it became a nuisance. When tea or coffee stimulates the nerves at mealtime it seems pleasant, but when it gives the wake-up call at midnight and leaves nerves hungering for sleep at mid-afternoon, the pleasure is gone and serious harm is on the way. This often happens. Thousands of people have found it fully as pleasant and far more safe, to get the comfort of a hot meal-time cup of Postum—and to know that there's not going to be any irritation to nerves afterward. Postum is delicious and satisfying, and it contains no element that can harm nerves or digestion. Postum is a safe and delightful drink for every member of the family, at any meal. Your grocer has both forms of Postum: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
