I take pleasure in stating that I have been using Dearborn's Perfect Baking Powder continuously since it was first placed on the market. I have every confidence in it and consider it a superior article.

## PEOPLE USED TO SAY TO THE DENTIST

"I WANT A SET OF TEETH."

And no thought was given to the arrangement, contour, etc. For different. The comfort, health and appearance depend upon dental constructing and properly fitting an artful substitute for the natural teeth. For the choice of teeth to produce the most natural expression, must be into account the characteristics of the patient.

To determine the most desirable material for the base or plate in case the Dentist's skill is called upon to advise. In fitting and constructing the highest mechanical art only can effect the most thorough efficiency and comfort in all the offices that teeth must perform. Our experience in work. Our superior mechanical facilities, the fact of this branch of business being in charge of an expert justify the assertion that we replace the natural teeth as nearly as it is possible for skill to accomplish. All who contemplate wearing artificial plates desire to know something of our manufacture. We are always glad to talk about our work and examples of many of our interesting cases.

We make eleven different kinds of plates.  
We make "Teeth without plates."  
You can call in the morning and get your teeth same day.  
We make a complete set of artificial teeth from \$5.50 and upwards.  
We extract teeth free of charge when new teeth are ordered.  
We guarantee satisfaction.
