Announcing

THE

OPENING

OF THE

RENDEZVOUS

**Modernly Equipped Restaurant Will Open To
 The Public Today**

When the Rendezvous Restaurant throws open its doors to-
 day it will give to the City and Province a fine, modern, up-to-
 date restaurant that will add much to the business life of the
 City.

Managed by William Beer and Douglas Hill today's opening
 culminates months of work that has transformed the site into a
 fine-looking business establishment, well equipped to give the
 public outstanding service.

Modern in every way the restaurant has an acoustic sound-
 proof ceiling with modern X-ray flush lighting set in short spaces
 ensuring bright illumination at all times.

Single and double booths, finished in red plastic leather
 adds to the attractiveness of the establishment with an added
 feature being provided by booth controlled music furnished by
 Wurlitzer wall boxes. The Rendezvous is the only restaurant in
 the Province with this added convenience.

Upstairs on the second floor is a beautifully finished Ban-
 quet Room with a large seating capacity where banquets may be
 arranged for on short notice.

Looking after the needs of the staff of seventeen a rest room
 is located on the third floor of the premises where the staff may
 relax during their off-hours.

The large, commodious kitchen is another example of the
 painstaking efforts put forth by the management to make the
 establishment the best possible. A new refrigerator, deep fat
 fryer and sandwich toaster, all electrically operated, together
 with the latest type of restaurant coal-burning stove are to be
 found there and will be operated by Ralph Jeffries who comes
 to the Rendezvous highly recommended as a Chef and who will
 assure patrons of getting the very best cooked meals, or lunches
 according to their whims.

The above is but a short summary of the Rendezvous, an
 establishment that is expected to play a prominent part in the
 business life of the City. The co-proprietors, Messrs. Beer and
 Hill, are two of the up-and-coming young business men of the
 City and they, together with the capable staff they have gathered
 around them should assure the success of their business venture.

Remodelling of the building, which has transformed it into
 one of the most modern of restaurants was completed under the
 foremanship of Mr. Alex MacDonald, local contractor.

WE OFFER

Heartiest Congratulations
 and Every Success

To The

Management of the

"Rendezvous"

**GOOD LUCK TO THE
 "Rendezvous"**

With its completion the City is supplied with another
 Modern, up-to-date Restaurant, and success seems as-
 sured for the proprietors,

WILLIAM BEER and DOUG HILL

as they start out in business.

We played our share in the opening by supplying the
 materials and doing the upholstering on the booths,
 helping to add to the establishment's attractiveness.
