**ADDRESS AND PRESENTATION**

On the eve of the departure of Mr. and Mrs. Peter Ranahan and family from Kinkora for their future home in Los Angeles, Calif., a number of their friends and neighbors assembled at the home of Mr. Thomas McCarvill to tender them a fond farewell.

When all were present an address was read by Mr. Wm. Smith and Mr. and Mrs. M. J. Moton, on behalf of those present, presented Mr. Ranahan with two gold coins and Mrs. Ranahan with a diamond pendant.

After the presentation the chairman, Rev. M. J. Smith, spoke in very complimentary terms about Mr. and Mrs. Ranahan. To this and the address Mr. Ranahan, although taken by surprise, responded in an able manner, thanking them for their kindness.

A sumptuous luncheon was then served in Mrs. McCarvill's usual good style and the remainder of the evening was spent in vocal and instrumental music.

Before leaving for their homes all joined in singing, "For He's a Jolly Good Fellow" and "God be with you 'Till we Meet Again."

Mr. Peter Ranahan, it was with feeling of sincere regret that we learned, some time ago, of your intention to leave Kinkora with your wife and family, and take up your abode in the United States. During the many years you have lived among us you have ever shown yourself to be a kind and obliging neighbor, a progressive farmer, a citizen always willing to promote any thing tending to the well-being of the community. Your departure therefore, will be a distinct loss to Kinkora. We very much regret that the state of your health has been such as to influence you to change your place of residence and it is our earnest hope that in another climate you will regain your wanted strength and vigor.

We hope to assure you further that the community will miss, very much, the pleasant companionship of your amiable wife, who has made many friends and lost none. As a slight token of our regard for you and Mrs. Ranahan we wish you both to accept these small gifts and we desire you to accept also our sincere wishes for the continued welfare of yourselves and your children.

Signed on behalf of your friends, and neighbors.

**To Multiply Scenery**

A Russian widow, Mme. Ivan Boutkovsky, has devised an ingenious scheme for "multiple scenery," whereby two scenes are painted upon one canvas. Colored lights are thrown upon this drop-scene, which bring out certain colors while concealing others, so that with the same stage setting either a landscape of an interior may immediately be brought into view. Playing several acts with one set of scenery is an idea that should appeal strongly to producers, both as a novelty and from an economical point of view.—Scientific American.
