Lodge Leaves Tests For Psychic Research

LONDON, Aug. 28—(CP)—Five secret tests left in a series of sealed envelopes by the late Sir Oliver Lodge in an effort to prove he could communicate after death with the living world were disclosed today to be things known to him alone.

A friend said Sir Oliver, scientist, inventor and spiritualist who died last Thursday told him the tests which he would try to communicate through mediums would include:

1. Some laughable childish idiosyncrasy.
2. A higher mathematical formula containing at least one mistake.

BARN BURNED—A fire thought to have started from spark from burning brush nearby, completely destroyed a barn at Union Road yesterday afternoon owned by Glenn MacLean and containing 15 tons of hay.

VISITED CITY—Col. J. A. Adanson, M. C., district recruiting officer of military district No. 6, Halifax, arrived in the city Tuesday by plane on an official trip. He paid an unofficial visit to the Light Horse camp and also had conferences with local military officers.

MILL FEED DISCUSSION—Representatives of the three Maritime governments will meet in Amnicon today to discuss the problem of getting feed to the farmers as cheaply as possible. A number of prominent men will also attend. Either Mr. W. B. Shaw, Deputy Minister of Agriculture or Mr. S. C. Wright, Queen's County Fieldman of the Department of Agriculture, will preside at the meeting. The province was visited last night by Hon. W. H. Dennis, Minister of Agriculture.

MacKENZIE—HOLLAND—A quiet wedding took place in the Seventh Day Adventist Church, Halifax, on Friday, August 16th, when Pastor P. A. Dick united in marriage Ruby Mildred, only daughter of Mr. and Mrs. Frank Holland of Parrsboro, N.S., and George D. youngest son of Mr. and Mrs. Daniel MacKenzie, Iris. After a short honeymoon in Nova Scotia, the happy couple left for Charlottetown where they will make their home.

R.C.A.F. RECRUITS LEAVE—Three more recruits for the R. C. A. F. left for Toronto by yesterday afternoon's train. The boys were: Charles C. Hickey, Summerside (motor transport); Charles W. Martin, Valleyfield (service police); and M. R. Constable, Charlottetown (general duties). Albert Dimmis, entertainment officer, Canadian Legion War Service, was at the C. N. R. depot and presented each man with socks and sweater from the Red Cross and cigarettes from the Carry On Canada Corps.

WILL VISIT RED CROSS WORKROOM—Her Royal Highness, the Princess Alice, wife of the Governor-General of Canada will visit the Red Cross workroom on Saturday morning about 11.30. All committee and other active workers will be privileged to accompany her. The necessary limitations of space for the large numbers of those who have faithfully participated in the activities of the distinguished visitor have come to inspect, is much to be regretted, and the committee on arrangements bespeaks in this connection, the inofficial co-operation of all interested in the reception.

BARN BURNED AT UNION ROAD—A fire completely destroyed the large barn of Mr. Glenn MacLean, Union Road, yesterday afternoon. The blaze which started about 2 o'clock is believed to have originated from a spark flying from a brush fire nearby. The brush fire was set by an employee who was taking care of the property. Sixteen tons of hay in the building was also lost. Neighbours gathered but could do nothing as the blaze roared through the hay and timbers. The barn was in the process of renovation. Mr. MacLean is not living on the property as he is employed at the Infirmary in the city.

GRASSHOPPERS CAUSE DAMAGE—Farmers throughout the province are complaining about damage from grasshoppers to their crops. The district affected most is the eastern section of the province where the insects appear to be the most numerous. The insects attack potato fields which are situated next to hay fields and eat the first row of potatoes, leaving only the stalks. If not checked they go to the next row. They also infest the string connecting the oat head with the stalk, with the result that the oat falls to the ground. The plague of grasshoppers is not very bad yet and can be checked, but if it is not done soon the situation will be serious. Hon. W. H. Dennis, Minister of Agriculture, last night, Mr. Dennis gave a formula which will kill the insect. This formula appears in a Forum letter by him which is to be found in today's issue. The infection is not as serious as one which visited the province two years ago. Mr. Dennis stated.

Canadian Red Cross Ambulances Now In England

Over 100 ambulances donated to Canadian Red Cross have arrived in England, and are now being used in various parts of the country. A cable received in Toronto from London last night stated: "The ambulances were needed urgently."

Dr. Fred W. Routley, National Commissioner, commented: "According to word from our London office, not a motor was lost in putting them to good use."

The ambulances were given by individuals, business firms, service clubs and other organizations from one end of Canada to the other in response to an appeal from England. To date, more than 175 have been contributed.

Dr. Routley also reported that, in response to an urgent cable from London, 20,000 blankets had been shipped to England recently. In all, he said, 45,000 blankets have been sent. Well over 80,000 blankets were contributed to the Canadian Red Cross in response to a nation-wide appeal some weeks ago.

Booklet Urges No Red Light To Child Army

NEW YORK, Aug. 28—(CP)—In a graphically-illustrated pamphlet entitled "The Bombers are Coming," the United States Committee for the Care of European Children, Inc., has presented to the American public its need for \$5,000,000 to take care of the thousands of children the organization hopes will land here soon from Britain.

"The bombers will not wait," is the theme running through the appeal of the organization, whose honorary president is Mrs. Eleanor Roosevelt and whose active workers are headed by Marshall Field, Chicago merchant store magnate, and representatives of United States social, religious and educational circles.

Detailing the steps taken here to cut the red tape against entry of the children, such as simplification of immigration procedure, the pamphlet declares "there must be no red light on this end due to lack of necessary funds to take care of them" and outlines the measures taken to ensure the comfort and health of the children once they are placed in American homes.

Told In Pictures

Two pictures in the pamphlet tell the story of what the committee hopes to avoid, and accomplish by its work. On one page is the picture of the mud-splattered body of a young boy, struck down by a bomb, with his small

SCOTLAND YARD MOVES ITS OFFICES

LONDON, Aug. 27—(CP)—Scotland Yard is moving into new headquarters. A £200,000 (\$300,000) 10-storey extension has been built to the old, over-crowded, poorly-lighted Embankment building and basement offices already are occupied.

The new "Yard" occupies 50,000 square feet of floor space and has been under construction three years. It should have been completed and filled by the end of last year but the war interfered.

The first department to move in will be the criminal record office, with its staff of 60, and vast files and photographs of every living "worthwhile" criminal in the country. Many of the records date back 70 years, and all are indexed for immediate reference.

News Briefs

SPRINGFIELD, Mass., Aug. 28—(AP)—A crowd of 4,000 in a Springfield auditorium and several thousand standing outside last night applauded the arrival of the 10 ambulances donated by the Canadian Red Cross.

LONDON, Aug. 28—(CP)—Viscount Cranborne, Paymaster General in the Government, the Earl of Shaftesbury and 19 others were fined £4 (\$18) each today for paying more than the legal price for butter. They had pleaded they had been unaware they were exceeding the maximum price set by the Government.

HALIFAX, Aug. 28—(CP)—Organized three months ago, Halifax's first Women's Canadian Service Corps is in full swing. More than 200 women are learning the ways of army life as they undergo training two nights a week on a voluntary basis. The corps has the full permission and co-operation of the Department of National Defence.

LONDON, Aug. 28—(CP)—Prime Minister Churchill today sent a message of thanks to J. W. McConnell, Montreal publisher, for his \$100,000 donation for the purchase of aircraft to be known as "McConnell's Squadron."

NEW ORLEANS, Aug. 28—(AP)—Daniel Rhodes lost his false teeth while swimming in nearby Lake Catherine five years ago. On the weekend he went swimming again in the same lake—found his errant plates. Rhodes didn't think they would be much use to him now. An oyster had anchored itself in the superstructure of the bridge-work.

TORONTO, Aug. 28—(CP)—Ontario judges and juries will hold the lives 14 persons in the balance when a record number of capital cases come to trial at the fall assizes throughout the province. The first of these courts open at Guelph, Sarnia and Toronto Sept. 9. Eleven of the charges are murder, two of them involving mothers charged with killing their babies.

U. S. Prepares For Roll Call Of Aliens

WASHINGTON, Aug. 28—(AP)—The United States Government completed major preparations today for what officials said would be a quiet, business-like roll call of aliens.

The huge task of registering and fingerprinting approximately 3,600,000 non-citizens will begin without special ceremony tomorrow in 7,300 postoffices. Trained postal employees will be awaiting visits from aliens, who have been the objective of an intensive educational campaign since the registration bill was signed by President Roosevelt June 28.

Earl G. Harrison, who left a Philadelphia law practice to direct the registration, announced that the set-up was "completely ready."

Fifteen questions will be asked adults, covering personal identification, time and manner of entry into the United States, occupation, criminal and military records and general activities.

One question concerns affiliation with any organizations devoted to furthering the interests of a foreign government.
