## Suffered From Heart and Nerve Troubles FOR THE Last Ten Years.

The heart has supplied to it two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the well-being of the heart, depends upon the general condition of the nervous system. If there be nerve derangement of any kind it is bound to produce all the various phenomena of heart derangement.

Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we have combined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of nervous disorders as well as act on the heart itself, and in this is the secret of their success in curing so many cases of heart trouble which have defied all other treatment.

Mrs. John Riley, Dorco, Ont., writes: "I have been a great sufferer from heart and nerve troubles for the last ten years. After trying many remedies and doctoring for two years, without the least benefit, I decided to give Milburn's Heart and Nerve Pills a trial. I am thankful to say that, after using nine boxes, I am entirely cured, and would recommend them to all sufferers."

Price 50c. per box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

# Flag of Erin Was Floating In Many Ports

## A Sugar Laden Craft Has a Memorable Voyage— She Flew the Emerald Flag in Many Foreign Ports—Voyage Lasted More than a Year

NEW YORK, Nov. 2.—With the flag of Ireland flying snapping haughtily from her foretruck and a yellow poodle barking a greeting to the Goddess of Liberty, the Irish Monarch, 4200 tons and the pride of the Emerald Isle, steamed into port yesterday, sugar laden from Java.

For more than a year the 400-footer with her Irish officers and a crew of 35 Chinamen had been wandering over the seven seas. She was afire once. She ran through a monsoon which blew the blouses off Chinamen and picked slivers off the deck. She fell afoul of a hurricane in the Indian ocean and was all but sent heavenward by a cyclone off the Cape. She picked her way through a forest of waterpouts in the West Indies and ripped up a few spouters which got in her path.

But never once did the Irish flag fail to flaunt its yellow and green from the mast head—its yellow harp upon an emerald field.

In Java it caused consternation. Natives trained their field glasses upon it. Shippers and merchants, not so familiar as persons elsewhere with the history of

## EARTHQUAKE NOT SO TERRIBLE AS FIRST REPORTED

The Number of Dead at Karatagh Will Not Exceed 200.

NEW BOKHARA, Turkestan, Nov. 2.—The first reports of the catastrophe at Karatagh were exaggerated. Instead of fifteen thousand persons being killed, only about 200 lost their lives.

Karatagh is situated in a small, natural amphitheatre among lofty hills, the Karatagh mountain hanging over it on one side and a river flowing on the other. At the height of the recent earthquake a great section of the mountain broke away and slid rapidly upon the town. Houses there were already falling on all sides from the violence of the earth shocks, and many of the luckless inhabitants, unable to escape through the narrow streets encumbered by debris, were caught and buried. No building in the town was left standing.

AS A RESULT OF THE UNIVERSAL SYSTEM OF SHORTHAND—the system used by REPORTERS and EXPERTS—the CHARLOTTETOWN BUSINESS COLLEGE is able to supply from its classes VERBATIM REPORTERS for meetings and convention. A GOOD SYSTEM IN THE HANDS OF EXPERT TEACHERS. EXCELLENT RESULTS

Robert Emmet and St. Patrick, asked whence the ship steamed.

"Sirs," said Captain George Gordon Graham, of Cork, "the Irish Monarch came from Ireland and she flies the flag of what will be the greatest nation in the world, England willing."

And she will fly it, says he, as long as she plies the main, which, weather favoring, he expects to be 35 or 40 years.

"No, sir, the Irish Monarch is not the Irish navy," said Captain Graham yesterday, standing on the bridge alongside the yellow poodle, which he proudly said is second in command. "She is a plain, every day ship, able to take care of herself wherever she goes, and she flies the finest flag that was ever sewed together. Why have I no Irishmen in the crew? Do you see the officers? Well, they're Irish, ain't they?"

## A VALUABLE HERD OF COWS IN NEW YORK

Eighty Head, All prize Winners Arrive on Transport From London

NEW YORK, Nov. 2.—Eighty high-bred Jersey cows, the property of Mrs. J. W. Henning, wife of a banker, were passengers on the Atlantic transport liner Minnehaha from London. Ten of the cows were purchased from Baron Rothschild and the rest on the Isle of Jersey. All are prize-winners. Mrs. Henning has a nestate at Luxedo and one at Shelbyville (Ky.), to which place the cattle going.

One of the moody cows almost bowed down by 20 gold medals to her credit as a certified milk producer. The herd is said have to cost \$100,000.

**BE A STRONG MAN**

Increase your vitality and nerve energy, restore vim and force to your overworked body. Ferrozone will do this as it did for Walter Wood, of Beauport, N. B., who writes: "I can say Ferrozone has given me a new lease of life. A year ago I suffered so from nervous exhaustion I was scarcely able to drag myself around. My appetite was gone, I had no color or ambition and felt used up. One box of Ferrozone started me back to health. I took a number of boxes and my health was completely restored." For men who are tired, pale, nervous and thin-blooded nothing compares with Ferrozone, 50c per box, at all dealers.

**We've Been Asked To Explain**

why there is so much difference in the heating capacity of HARD COAL BASE BURNER HEATING STOVES having same size of FIRE BOX.

Primarily it is in the FLUE CONSTRUCTION. Take for instance

**The Silver Moon Base Burner**

which has an exceptionally large base, gives ample room for perfect flues holding more than the ordinary amount of HOT AIR which naturally increases the radiation. Add to this the extra long travelling capacity of the hot air and you will readily understand why Silver Moon Stoves give out so much heat with so little fuel.
