IN MEMORIAM

MR. CHARLES RILEY.

The death occurred at 10.30 Saturday morning in the City Hospital, of one of Charlottetown's oldest and most respected citizens in the person of Mr. Charles Riley, father of the esteemed chairman of the Finance Committee, Councilor D. J. Riley.

The late Mr. Riley was born in the North of Ireland, and at the time of his demise had passed the allotted span of three score years and ten, by nearly five years. He came to Prince Edward Island, with his parents, when a boy, and had resided here during his whole lifetime.

He was engaged in the hide and wool business, in consequence of which he was continually moving about the city and throughout the three counties of the province. Far and wide, his word was taken as quickly as his bond, for he was justly regarded as a man of the highest business integrity, and one who carried out his business transactions, fairly and squarely, in all his dealings with his fellow men.

THE LATE J. P. IRVING.

There passed away, at the P. E. I. Hospital at ten o'clock yesterday morning one of the best known horsemen in Eastern Canada, Mr. John P. Irving, of Cape Traverse. Mr. Irving had been ill for a number of months, and about two weeks ago his condition became very much worse necessitating his removal to the hospital. For a while he seemed to improve, but this proved to be only a flash in the pan, there came a relapse yesterday which ended suddenly in death. He was taken away in the same of life, being 48 years of age

at his death. Deceased was one of the most progressive horsemen in his part of the country, and was universally esteemed—in fact he was much admired and very much liked by everybody. His fame as a horseman, trainer and driver has gone all over America. He did more to popularize racing in this country than perhaps any other man.

At the time of his death Mr. Irving was the proprietor of one of the provincial race tracks in the Maritime Provinces, and the number of victories credited to him run into hundreds. He marked some of the fastest horses the island has produced. Among the horses he trained were: Baby Logan, Orwell Bell, Cherry Ripe, Hally D., Petrello and Shrub. Mr. Irving was always gentlemanly in his demeanour, and had an absolutely clean record on and off the track. His demise is a very great loss to the sport in this province.

At the time of his death Mr. Irving was the proprietor of one of the finest farms in Prince Edward Island, at which is located the Tunnel Track, where it was his custom to hold a race meeting once a year, which was attended by thousands from all parts of the province. In this connection it may be recorded that the meeting at Tunnel Track this year was fixed for the 17th, inst. but of course through the death of Mr. Irving it will be cancelled.

A feeling of deep sorrow prevades the ranks of horsemen at Mr. Irving's early demise, a regret which extends as profoundly among his neighbors and acquaintances, who all feel that they have lost a good friend.

He is survived by a wife and four children, to whom the sympathy of all will go out. One of the children is Mrs. E. H. McEachern, of this city; another, Kenneth is in Ottawa; while the two younger children are at home with their mother.

In connection with the funeral, a short service will be held this afternoon at the residence of Mr. E. H. McEachern, Brighton, at 2.45 o'clock, by the Revs. T. F. Fullerton, D.D., and D. McLean. At three o'clock the corpse will be conveyed from the residence to the railway station, and then taken by train to Cape Traverse, where the funeral will be held on Wednesday at 2 p. m.

Perhaps one of the most interesting baseball games yet played took place on Saturday afternoon at the A.A.A. grounds, Charlottetown, the Abbies' wimpering from the Connaughts by only one run. The game started at 4.15. The Abbies won the toss and the Connaughts were called to bat first. Lou Campbell, the Abbies' pitcher, made a good start, and retired the side in quick succession.

The Abbies then came to bat and Hazard rolled out a dandy which Whitlock then came up and put a pretty one right into McCarey's mit.

In the next inning Hazard got home. The next two batters were struck out and the first inning ended, Abbies 1, Connaughts 0.

In the second inning both sides were retired in quick order, the score remaining 1-0 in the Abbies' favor.

In the third inning the Connaughts ran away with the Abbies and succeeded in getting 5 runs. The first two men up were struck and allowed to take their bases and the third man sent a dandy to right field, allowing the first two to get home and himself to third.

The next batter got to first and his successor put out a beauty which was first in field, then overthrown to first and also overthrown to the home plate, allowing three runs in succession for the Connaughts. The next batters were struck out, retiring the side. The Abbies then came up and met with hard luck, being all struck out quickly. Third inning ended, Connaughts 5, Abbies 1.

The fourth inning was also the Connaughts' and the first man sent one just where he wanted it, it being lost in the grass till he got home. The next man met similar luck and his was overthrown, enabling him also to get a home run. The next three were struck out. The Abbies were up again and Ches put one out which passed him to first, and when Gass got his hit, Ches came home and Gass got to second. All the others were struck out and the inning ended, Connaughts 7, Abbies 2.

In the fifth inning the Abbies took a batting streak and added 4, while the Connaughts were shut out altogether. Lou Campbell sent a bouncer to right field and made a record dash to second base. The next man up got to first and when Lou Campbell faced McCarey he put a beautiful one up, away back in the field, which was missed, the first two coming home and Lou gaining third. The Abbies then got busy and with none out the next man got to first and then Gass did fine by sending the man on first home. The next up were struck out and the fifth inning was marked Connaughts 7, Abbies 6.

In the sixth the Connaughts were all out in quick order and the Abbies first was also out but when Ches came up again he got to first and before the side retired he crossed the plate, making the score 7-11.

In the seventh the Connaughts met hard luck and were all out, not a man even getting to first. For the Abbies, Whitlock got to first and Lou Campbell sent him home, next getting to first, and before the side retired he got home, making it 9-7 for the Abbies.

In the 8th inning both sides got 2 runs. It was in this inning that a dispute arose about Hazard of the Abbies being safe on first, the Connaughts thinking that the base judge was incorrect in giving his decision, but the matter was allowed to stand.

In the 9th and last inning the Connaughts failed to connect with number 11 and when Fred Moore came to bat he put out a nice high one which Whitlock took advantage of and made a classy catch. G. Hazard was the only man to get home and the game ended Aberweits 11, Connaughts 10. Chester Garret acted as umpire and T. White as base judge.

A HANDSOME LOT OF FOXES.—A more beautiful or better developed lot of foxes never was shown than the exhibit of northern foxes and light silver foxes which the Canada Fox Exchange are at present selling. Buyers who have seen them are enthusiastic about the stock and the prices.

FOXES.—Over forty persons many of them ladies visited the ranch on Mt. Edward Road where the consignment of western foxes which the Canada Fox Exchange brought here from the North are located. These foxes are very beautiful specimens of the cross and light silver varieties and are selling fast.

MILITARY DANCE.—The sergeants of the P. E. I. Light Horse will hold a dance in the Armouries on Thursday evening next, July 10th. The promoters intend to make this one of the most enjoyable events of the season and are sparing no pains to provide an excellent night's entertainment. One of the features of the affair will be the music, to be furnished by the Fourth Regiment Band.

MARRIED VS. SINGLE.—An interesting cricket feature is arranged for this afternoon in connection with the Phoenix C.C. An XI of married men will be opposed to an XI of those who are in the state of single blessedness. The match should produce some attractive cricket. The game will take place at Victoria Park, as usual; play will commence at two o'clock.

A STOCK WAGER.—Quite a number of our local investors are concerned in C. P. R. stock, and a bet recently made in Toronto will not doubt be of interest to them. The wager was made for a considerable sum; and it is that C. P. R. would drop to 200 before it mounted to 250. The reason given for the pessimistic faith is that the tight money in September will cause a further decline in the stock from its present level.

Doctors' Opinions About POSTUM

Are best expressed in their own words

Writing under date of May 13th, 1913, one physician says:

"From past experience I have become a strong friend of Postum. I am now advising its use over that of tea and coffee altogether, and find that most of those who give Postum a trial become users of it."

"It is however sometimes very hard or impossible to get folks to purchase something when they 'don't know anything about it,' and 'don't want to throw away money on a chance of liking it.'"

"Now, it occurs to me these people are not to be criticized for such feelings, but at the same time I am sure many of them would become friends of Postum if they could but have a sample of it placed in their hands."

"If you think this is a good suggestion, and will send me samples from time to time, I will see that they are placed among my patients where they will do the most good, for I believe it is to their interest to drink Postum rather than tea or coffee. Postum is used in our home, but we buy it of our grocer, and we expect to keep it on doing so."

Thousands of tea and coffee drinkers are victims of headache, nervousness, biliousness, heart trouble and indigestion, without knowing the cause.

More and more, physicians are naming tea and coffee as a common cause of these ills. Not every physician, however, finds time to send a sample following his prescription of

VISIT TO FOX RANCH.—Over forty ladies and gentlemen visited the Massachusetts Company's ranch on Saturday, and inspected the silver and cross foxes that were recently placed there by the Canada Fox Exchange. These animals were captured while very young in the far north, and they are beautiful specimens of the cross and silver variety.

Mr. Hammond Johnson arrived in Charlottetown Saturday night from Moncton on a visit to his home here.

Mr. Albert Hudson arrived in Charlottetown from Winnipeg on Saturday night to spend his vacation here.

Mr. Frank Dingwell, arrived home Saturday night from Ontario, on a visit to his parents Mr. and Mrs. Howard Dingwell Prince St.

The feature of Saturday's work at the adrian Royal Dragoons, inspecting officer of Cavalry for the Dominion, who arrived

Messrs. Hammond Johnson, Frank Dingwell, Louis McLeod and Geo. Prowse were passengers to Charlottetown on the express on Saturday night.

DEFFECTIVE AMMUNITION.—What probably accounts for some poor scores on the rifle range is the fact that the ammunition made by the Dominion Ordnance Department has on examination proved to be very defective. A Board of experts have been making tests of it for some time and they have just submitted to the Government a report on the results of their investigation.

The following were outward passengers from this city Saturday: Mr. P. A. Smith, Dr. and Mrs. Lodge, to Moncton, Mr. and Mrs. Geoffrey Fitzgerald, to Kensington, Mrs. J. L. Beck and daughter of Hillsboro, N.B. to New Glasgow, Mr. E. Barlow to Ottawa, Hon. William Richards to Bideford, Mr. Jack Rattenbury to Hunter River, Capt. Read to Pictou, Mr. and Mrs. J. Roy Campbell to St. John.

FAINTED FROM THE HEAT.—The heat on Saturday, when the thermometer recorded something over 80 degrees in the shade, was particularly trying to the men of the Militia Force, now undergoing their annual field training in the discharge of their various duties in the field. The 82nd regiment had a hard time of it. They were marched from the camp on the Exhibition Grounds to Victoria Park, at the other end of the town, where they were exercised in outpost duty. In spite of lighter clothes and sun bonnets with which they were sensibly provided by the authorities, they were put to a severe test in withstanding the heat. In fact, combined with the exertion of the march and drill, the heat proved too much for one unfortunate private who fainted at his post while the regiment were at work in the Park.

He was quickly revived by the plentiful use of cold water and insisted on taking his place in the ranks when the march back to camp began, and he was to be seen trudging as bravely as the rest. It is a point of credit to the whole force that they worked so manfully and well in conditions so irksome.
